User Instruction Manual

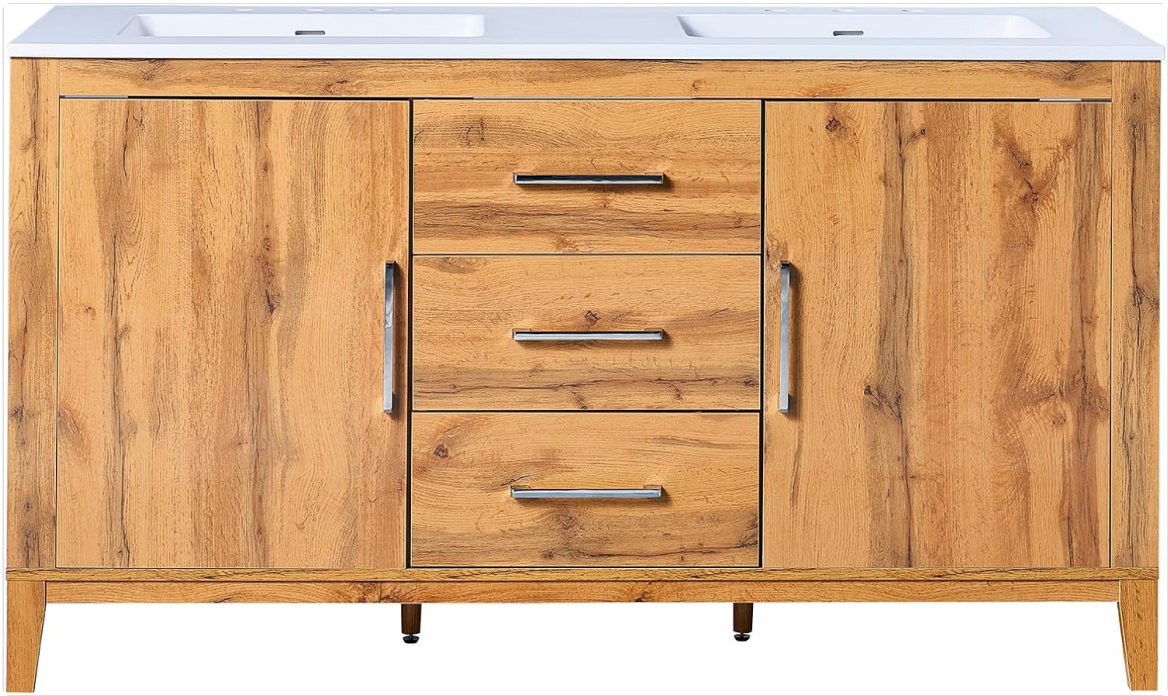

Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Two-Person Assembly:** For safety and ease of assembly, it is highly recommended that two adults assemble this vanity.
- **Secure Placement:** Ensure the vanity is placed on a level surface. While freestanding, consider securing it to a wall for added stability, especially in households with children or pets.
- **Weight Limits:** Do not overload drawers or shelves. Refer to the detailed assembly instructions for specific weight capacities if provided.
- **Water Connections:** All plumbing connections should be performed by a qualified professional to prevent leaks and water damage.
- **Electrical Safety:** If installing any electrical components (e.g., lighting, outlets) near the vanity, ensure they comply with local electrical codes and are installed by a certified electrician.

Assembly Instructions (Setup)

Assembly of the AMERLIFE 60" Bathroom Vanity typically requires two people and can be completed within 30 minutes, excluding plumbing installation. Refer to the separate detailed assembly guide included in your package for step-by-step instructions and diagrams.

General Assembly Steps:

- 1. Unpack and Inspect:** Carefully unpack all components and hardware. Compare them against the parts list in the detailed assembly guide to ensure nothing is missing or damaged.

2. **Assemble Cabinet Body:** Follow the instructions to construct the main cabinet frame. Ensure all connections are secure.
3. **Install Drawers and Doors:** Attach the soft-close drawer slides and door hinges to the cabinet. Insert the drawers and mount the doors. Adjust hinges for proper alignment.
4. **Place Countertop:** Carefully position the integrated acrylic countertop onto the cabinet body. Secure it according to the instructions.
5. **Install Handles:** Attach the metal handles to the drawers and cabinet doors.
6. **Adjust Feet:** Utilize the adjustable feet to level the vanity on your bathroom floor.
7. **Plumbing Installation:** Once the vanity is assembled and positioned, a qualified plumber should connect the faucets, drains, and water supply lines.

Operation

The AMERLIFE 60" Bathroom Vanity is designed for daily use in a bathroom environment.

- **Sinks:** The integrated acrylic double sinks are designed for standard bathroom use. Ensure faucets are properly installed and sealed to prevent leaks.
- **Soft-Close Drawers and Doors:** The vanity features soft-close hinges and drawer slides. This mechanism allows drawers and doors to close gently and silently, preventing slamming. Avoid forcing them shut.
- **Storage:** Utilize the two functional drawers and two side cabinets for organizing bathroom

essentials. The false drawer front provides a cohesive aesthetic.

This image shows the double sink design with three faucet holes per sink, ready for your chosen fixtures.

Care and Maintenance

Proper care will help maintain the appearance and longevity of your vanity.

- **Cleaning the Cabinet:** Wipe the high-gloss UV woodgrain finish with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- **Cleaning the Sink:** Clean the acrylic sink with mild soap and water. Do not use abrasive pads or harsh chemical cleaners that could scratch or dull the surface.
- **Spills:** Promptly wipe up any water spills or splashes to prevent water damage, especially around seams and edges.
- **Hardware:** Periodically check and tighten any loose hardware, such as handles or hinges.

Troubleshooting

This section addresses common issues you might encounter with your vanity.

- **Drawers or Doors Not Closing Smoothly:**

Solution: Check for obstructions in the drawer slides or hinge mechanisms. Ensure the vanity is level using the adjustable feet. Adjust the soft-close hinges if necessary (refer to the detailed assembly guide for hinge adjustment instructions).

- **Water Spots on Finish:**

Solution: Wipe immediately with a soft, damp cloth. For stubborn spots, use a mild, non-abrasive cleaner specifically designed for high-gloss surfaces.

- **Loose Handles:**

Solution: Use a screwdriver to gently tighten the screws securing the handles from the inside of the drawer or door. Do not overtighten.

- **Minor Scratches on Finish:**

Solution: For very minor surface scratches on the high-gloss finish, specialized furniture polish or

scratch repair kits for high-gloss surfaces may be used. Test in an inconspicuous area first.
