Bed feels wobbly or unstable.	Loose fasteners; uneven assembly.	Check and tighten all bolts and screws. Ensure the bed is on a level surface. Re-check assembly steps.
Missing parts during unboxing.	Packaging error or transit damage.	Contact Bellemave customer support immediately with your purchase details and a list of missing parts.
Difficulty attaching ladder or slide.	Incorrect orientation; misaligned holes.	Refer to the assembly manual for correct orientation. Ensure parts are aligned before attempting to fasten. The ladder can be installed on either side.
