- **Storage:** Store the building set in a clean, dry place away from direct sunlight and extreme temperatures. Keeping the pieces in their original box or a dedicated storage container will help prevent loss and damage.
- **Handling:** Handle the blocks with care to prevent breakage. Avoid stepping on or throwing the pieces.

TROUBLESHOOTING

If you encounter any issues with your building set, please refer to the following common solutions:

- **Missing Pieces:** Double-check the packaging and play area. If a piece is genuinely missing, contact the manufacturer's customer support.
- **Difficulty Assembling:** Review the instruction manual carefully. Ensure you are using the correct pieces for each step and that they are oriented correctly. Sometimes, a small adjustment can make a big difference.
- **Loose Connections:** If blocks are not holding together firmly, ensure they are fully pressed into place. Over time, some connections might loosen; re-pressing them usually resolves the issue.
