VGR V-357 Professional

VGR V-357 Professional Foil Shaver User Manual

Model: V-357 Professional

1. Introduction

Thank you for choosing the VGR V-357 Professional Foil Shaver. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new shaver. Please read it thoroughly before first use and keep it for future reference.

2. Important Safety Information

This product should only be used by individuals aged 8 and above with supervision, and it must not be used if damaged; avoid exposing the rechargeable battery to fire or high temperatures, and ensure the shaver is used with minimal pressure for hygiene and safety.

- Do not immerse the charging adapter in water.
- Keep the appliance away from children.
- Ensure the shaver is fully dry before charging.
- Only use the provided USB cable for charging.

3. What's in the Box

Your VGR V-357 Professional Foil Shaver package includes:

- 1x Foil Shaver
- 1x Extra Foils for Beard
- 1x Cleaning brush
- 1x Protection Cap
- 1x Travel Pouch
- 1x USB Cable
- 1x User Manual

4. Product Features

Figure 2: VGR V-357 Shaver Features Overview

- **Dual Flexing Foils:** The shaver features dual independent flexing titanium foils that adapt to facial contours, capturing hairs growing in multiple directions for a close, even shave with reduced skin irritation.

Figure 3: Dual Flexing Foils

- **Pop-Up Trimmer:** An integrated pop-up trimmer allows for easy edging and shaping of sideburns, mustaches, or beard lines.

Figure 4: Pop-Up Trimmer

- **Long-Lasting Battery & USB Charging:** A powerful 1400mAh lithium battery provides up to 150 minutes of cordless operation after a full 2-hour charge. Conveniently charges via USB using any 5V-1A adapter, power bank, or laptop.

Figure 5: Charging Details

- **IPX-6 Waterproof Body:** Fully washable and safe for wet or dry use, making it ideal for shaving with gel, foam, or under the shower. Easy to rinse and maintain hygiene.
- **LED Display:** Shows real-time RPM, remaining battery percentage, and charging status for complete visibility and control.
- **Turbo Function:** Delivers high-speed shaving power to efficiently cut through thick, coarse, or dense hair.
- **Travel Lock:** Prevents accidental power-on in luggage. Press and hold the power button for 3 seconds to activate or deactivate.

5. Setup

5.1 Initial Charging

1. Before first use, fully charge the shaver for 2 hours.
2. Connect the USB cable to the charging port on the shaver and to a 5V-1A USB power source (e.g., wall adapter, computer, power bank).

3. The LED display will show the charging status and battery percentage.
4. Once fully charged, disconnect the USB cable.

6. Operating Instructions

6.1 Shaving

1. Remove the protective cap from the shaver head.
2. Press the on/off button to start the shaver. You can switch between two speed settings (7500/8000 RPM) by pressing the button again.
3. Hold the shaver at a right angle to your skin.
4. Use short, controlled movements for a close shave, ensuring each shaving head is in full contact with your skin.
5. For best results, stretch your skin taut with your free hand.
6. The VGR V-357 can be used for both wet and dry shaving. For a wet shave, apply shaving gel or foam to your face before use.

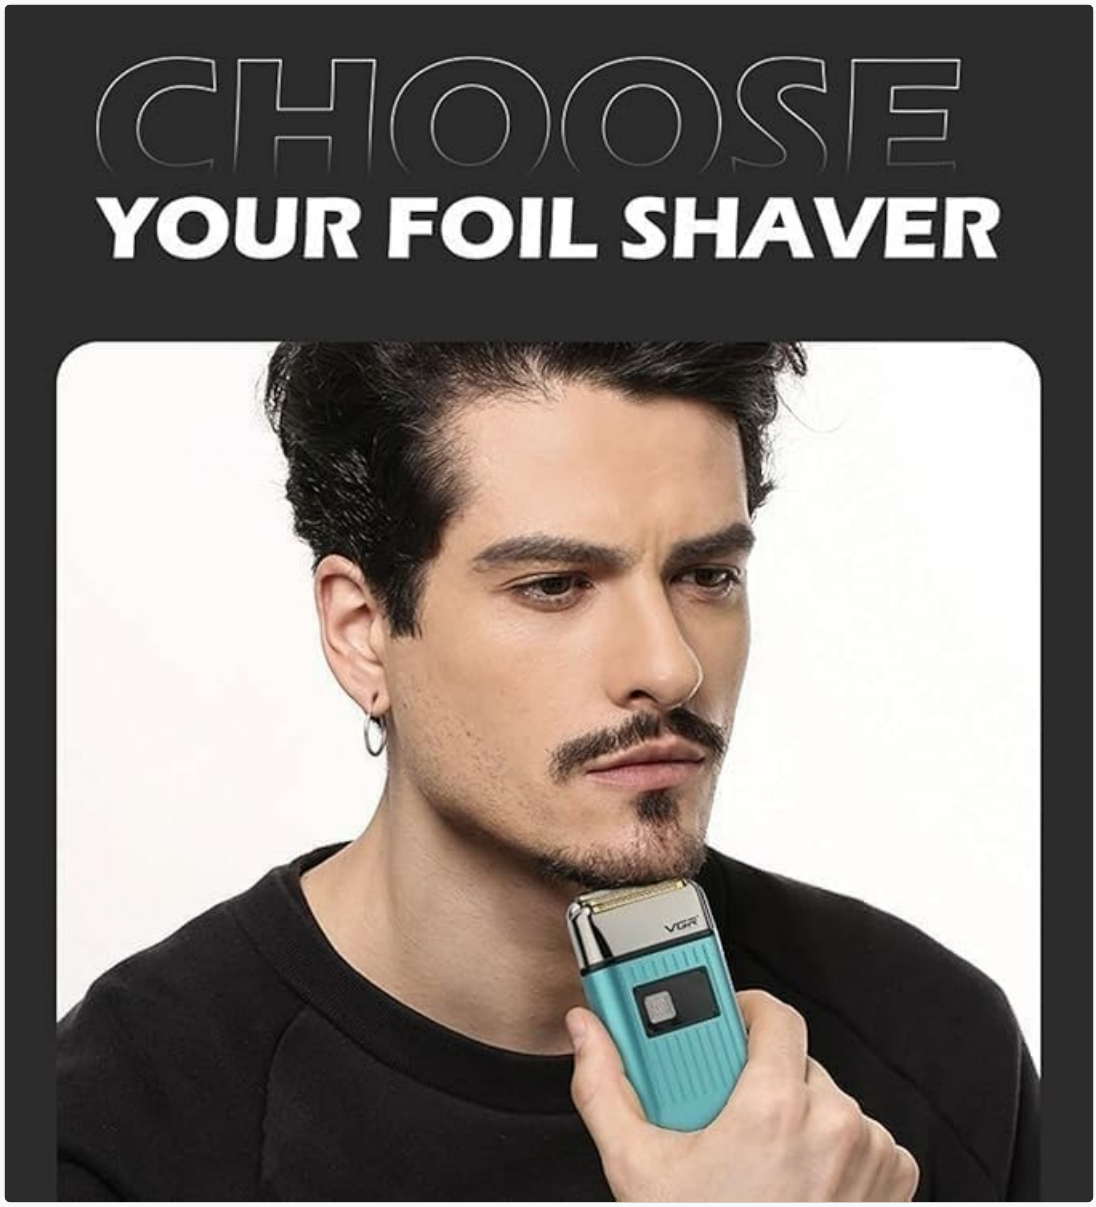

Figure 6: Using the Shaver

6.2 Using the Pop-Up Trimmer

1. Slide the pop-up trimmer switch upwards to engage the trimmer.

2. Use the trimmer to define sideburns, trim mustaches, or create sharp beard lines.
3. After use, slide the switch back down to retract the trimmer.

7. Maintenance

7.1 Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the shaver and disconnect it from any power source.
2. Press the release button to open the shaver head.
3. Rinse the shaver head and the inner cutting elements under running water. The IPX-6 waterproof rating allows for easy cleaning.
4. Use the provided cleaning brush to remove any stubborn hair particles.
5. Allow the shaver head and foils to air dry completely before closing or storing.
6. For a more thorough cleaning, you can remove the foils and rinse them separately.

7.2 Replacing Foils and Cutter Blades

For continued optimal shaving performance, it is recommended to replace the foils and cutter blades every 12-18 months, or sooner if you notice reduced performance or discomfort.

1. Ensure the shaver is turned off and unplugged.
2. Open the shaver head and carefully remove the old foils and cutter blades.
3. Insert the new cutter blades, ensuring they are correctly seated.
4. Place the new foils over the cutter blades, ensuring they click into place.
5. Close the shaver head.

8. Troubleshooting

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted. / Travel lock is activated.	Charge the shaver. / Press and hold the power button for 3 seconds to deactivate the travel lock.
Poor shaving performance.	Foils/blades are dull or dirty. / Not holding shaver correctly.	Clean the shaver head and foils. Replace foils/blades if necessary. / Ensure the shaver head is in full contact with the skin.
Shaver stops during use.	Battery is low.	Recharge the shaver.
