SETUP AND ASSEMBLY

The Tribesigns Extendable Coffee Table requires assembly. An assembly guide and installation tool are included in the package. For optimal assembly, it is recommended that two people participate.

Tools Required:

- Included Installation Tool
- Drill (optional, for faster assembly)

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Refer to the included assembly guide for a complete list of parts.
2. **Assemble Base Structure:** Follow the step-by-step diagrams in the assembly guide to connect the base frame components. Ensure all screws and fasteners are tightened securely.
3. **Install Drawer Slides:** Attach the drawer slides to the main table body and the drawer boxes as indicated in the instructions. Ensure they are aligned correctly for smooth operation.
4. **Assemble Drawers:** Construct the two storage drawers according to the guide. Insert the assembled drawers into the table body, ensuring they slide in and out freely.
5. **Attach Sliding Tabletop Mechanism:** Secure the sliding mechanism for the extendable tabletop. Test the sliding action to ensure it moves smoothly and locks into place.
6. **Place Tabletop:** Position the tabletop sections onto the assembled frame.
7. **Final Check:** Verify that all parts are correctly assembled and all fasteners are tight. The table should be stable and level.
