1. PRODUCT OVERVIEW

The M MATI Handguard Mount Brackets Kit is designed to securely attach handguards to your Polaris ATV or Snowmobile handlebars. These brackets provide a stable mounting point, ensuring your handguards offer optimal protection against debris, branches, and harsh weather conditions. Constructed for durability, they are an essential component for enhancing rider safety and comfort.

2. PACKAGE CONTENTS

The M MATI Handguard Mount Brackets Kit includes the following components:

- Handguard Mount Brackets Kit x1 (includes all necessary hardware)

Figure 2.1: Complete M MATI Handguard Mount Brackets Kit, including two main brackets, various bolts, nuts, and washers.

Figure 2.2: Close-up view of the various bolts, nuts, and washers included in the kit for secure installation.

3. COMPATIBILITY / FITMENT

This Handguard Mount Brackets Kit (Manufacturer Part# 2889341 2879380) is compatible with a wide range of Polaris ATV and Snowmobile models. Please verify your specific model before installation.

- Indy 800 SP (2015)
- Indy 600 (2015)
- Dragon IQ Turbo (2010)
- Dragon 800 (2010)

4. SAFETY INFORMATION

Always prioritize safety during installation and operation. It is recommended that installation be performed by a qualified professional. Ensure all fasteners are tightened to the manufacturer's specifications. Regularly inspect the handguards and mounting brackets for any signs of wear or damage. Replace components as necessary to maintain optimal protection.

5. INSTALLATION GUIDE

Follow these steps to install your M MATI Handguard Mount Brackets Kit. Refer to the provided videos for visual guidance.

5.1. Assemble the Handguard and Bracket

1. Identify the left and right handguard shells and their corresponding mounting brackets.
2. Align the mounting bracket with the designated holes on the handguard shell.
3. Insert the provided bolts and washers, securing the bracket to the handguard. Do not fully tighten at this stage.

5.2. Mount to Handlebar

1. Position the assembled handguard and bracket onto the handlebar, ensuring proper alignment with the brake or clutch lever.
2. Secure the bracket to the handlebar using the provided hardware. Ensure the handguard is at an appropriate height and angle for optimal protection and rider comfort.
3. Once satisfied with the positioning, fully tighten all screws and bolts.

5.3. Installation Videos

For detailed visual instructions, please watch the following installation videos:

Installation of Sportsman Handguards with Mount Hardware (by SAUTVS)

This video demonstrates the step-by-step installation process for Sportsman handguards, including how to attach the mount hardware and secure it to the ATV handlebars. Duration: 4 minutes, 14 seconds.

Installation of Polaris Sportsman Handguards (by CUSAUTV-US)

A comprehensive guide showing the installation of handguards specifically for Polaris Sportsman models. Duration: 2 minutes, 10 seconds.

Installation of handguards for Polaris Snowmobile (by SAUTVS)

6. OPERATING INSTRUCTIONS

Once properly installed, the handguard mount brackets require no specific operational steps. They function passively by holding the handguards in place, providing continuous protection during vehicle operation. Ensure that the handguards do not interfere with the operation of brake levers, throttle, or other handlebar controls.

7. MAINTENANCE

To ensure the longevity and effectiveness of your M MATI Handguard Mount Brackets Kit, follow these maintenance guidelines:

- Regular Inspection:** Periodically check all mounting bolts and screws for tightness. Vibrations from vehicle operation can cause fasteners to loosen over time.
- Cleaning:** Clean the brackets and handguards with mild soap and water. Avoid abrasive cleaners or solvents that could damage the finish.
- Damage Check:** Inspect the brackets for any cracks, bends, or corrosion. If any damage is found, replace the affected components immediately to prevent failure.

8. TROUBLESHOOTING

If you encounter any issues with your handguard mount brackets, consider the following:

- Loose Handguards:** If handguards feel loose, re-tighten all mounting bolts. Ensure washers are correctly placed.
- Interference with Controls:** If handguards interfere with brake/clutch levers or other controls, loosen the mounting bolts, adjust the position of the handguard and bracket, and then re-tighten.
- Missing Parts:** If any parts were missing from the package, contact customer service immediately for assistance.

9. SPECIFICATIONS

Feature	Detail
Manufacturer	M MATI
Item Weight	10.5 ounces
Package Dimensions	7.68 x 5.43 x 1.65 inches
Item Model Number	2889341 2879380
Manufacturer Part Number	2889341 2879380
Finish Type	Powder Coated
Unit Count	1.0 Count
Item Depth	less than 1 inches
Mounting Type	Handlebar Mount

10. WARRANTY & SUPPORT
