inmo INMO GO

inmo GO Smart AR Glasses User Manual

Model: INMO GO

1. Introduction

Thank you for choosing the inmo GO Smart AR Glasses. These innovative AR glasses are designed to enhance your daily life with features such as real-time language translation, outdoor navigation, teleprompter functionality, and an AI assistant. This manual provides detailed instructions to help you set up, operate, and maintain your inmo GO glasses for optimal performance.

2. Safety Information

Please read all safety warnings and instructions before using this product to ensure safe operation and prevent damage. Keep this manual for future reference.

- Do not expose the glasses to extreme temperatures, direct sunlight, or high humidity.

- Avoid dropping or subjecting the glasses to strong impacts.
- Do not attempt to disassemble or modify the glasses. This will void the warranty.
- Keep out of reach of small children.
- Use only the provided charging cable.
- If you experience discomfort or eye strain, discontinue use and consult a medical professional.

3. Package Contents

Verify that all items listed below are present in your product package:

Image: An exploded view of the inmo GO Smart AR Glasses package contents, showing the glasses, Type-C charging cable, wipe cloth, user guide, and package box.

1. INMO GO AR Glasses
2. Type-C Charging Cable

3. Wipe Cloth
4. User Guide (this manual)
5. Package Box

Note: Sunglasses frames and myopia glasses lenses need to be purchased separately and are not included in the standard package.

4. Setup

4.1 Initial Charging

Before first use, fully charge your inmo GO AR Glasses. Connect the provided Type-C charging cable to the charging port on the glasses and the other end to a compatible USB power adapter (not included).

4.2 App Installation

The inmo GO AR Glasses require the **Inmolens App** for full functionality. Download the Inmolens App from your device's app store (available for iOS and Android). Follow the on-screen instructions to install the app.

4.3 Pairing with Your Device

1. Ensure your inmo GO glasses are powered on.
2. Enable Bluetooth on your smartphone.
3. Open the Inmolens App.
4. Follow the in-app instructions to search for and pair with your inmo GO glasses.
5. Once paired, you can adjust settings like brightness and volume within the app.

5. Operating Instructions

The inmo GO AR Glasses offer a range of smart features accessible through the Inmolens App and intuitive controls on the glasses themselves.

5.1 Real-Time Translation

The inmo GO glasses support real-time translation for 10 languages, facilitating smooth communication during international travel or multilingual interactions.

- Supported Languages: English, Chinese, Cantonese, Japanese, German, French, Spanish, Korean, Russian, Italian.
- To use: Select the source and target languages in the Inmolens App. The translated text will appear on the display of your glasses.

5.2 Outdoor Navigation

Navigate hands-free with the integrated outdoor navigation feature, supporting both walking and cycling modes. The display provides clear directions without requiring you to look down at your phone.

- Brightness: Features up to 2000 Nits brightness with micro-LED display technology, ensuring content is clearly visible even in bright outdoor conditions.
- To use: Select your destination in the Inmolens App's navigation section. Directions will be projected onto your field of view.

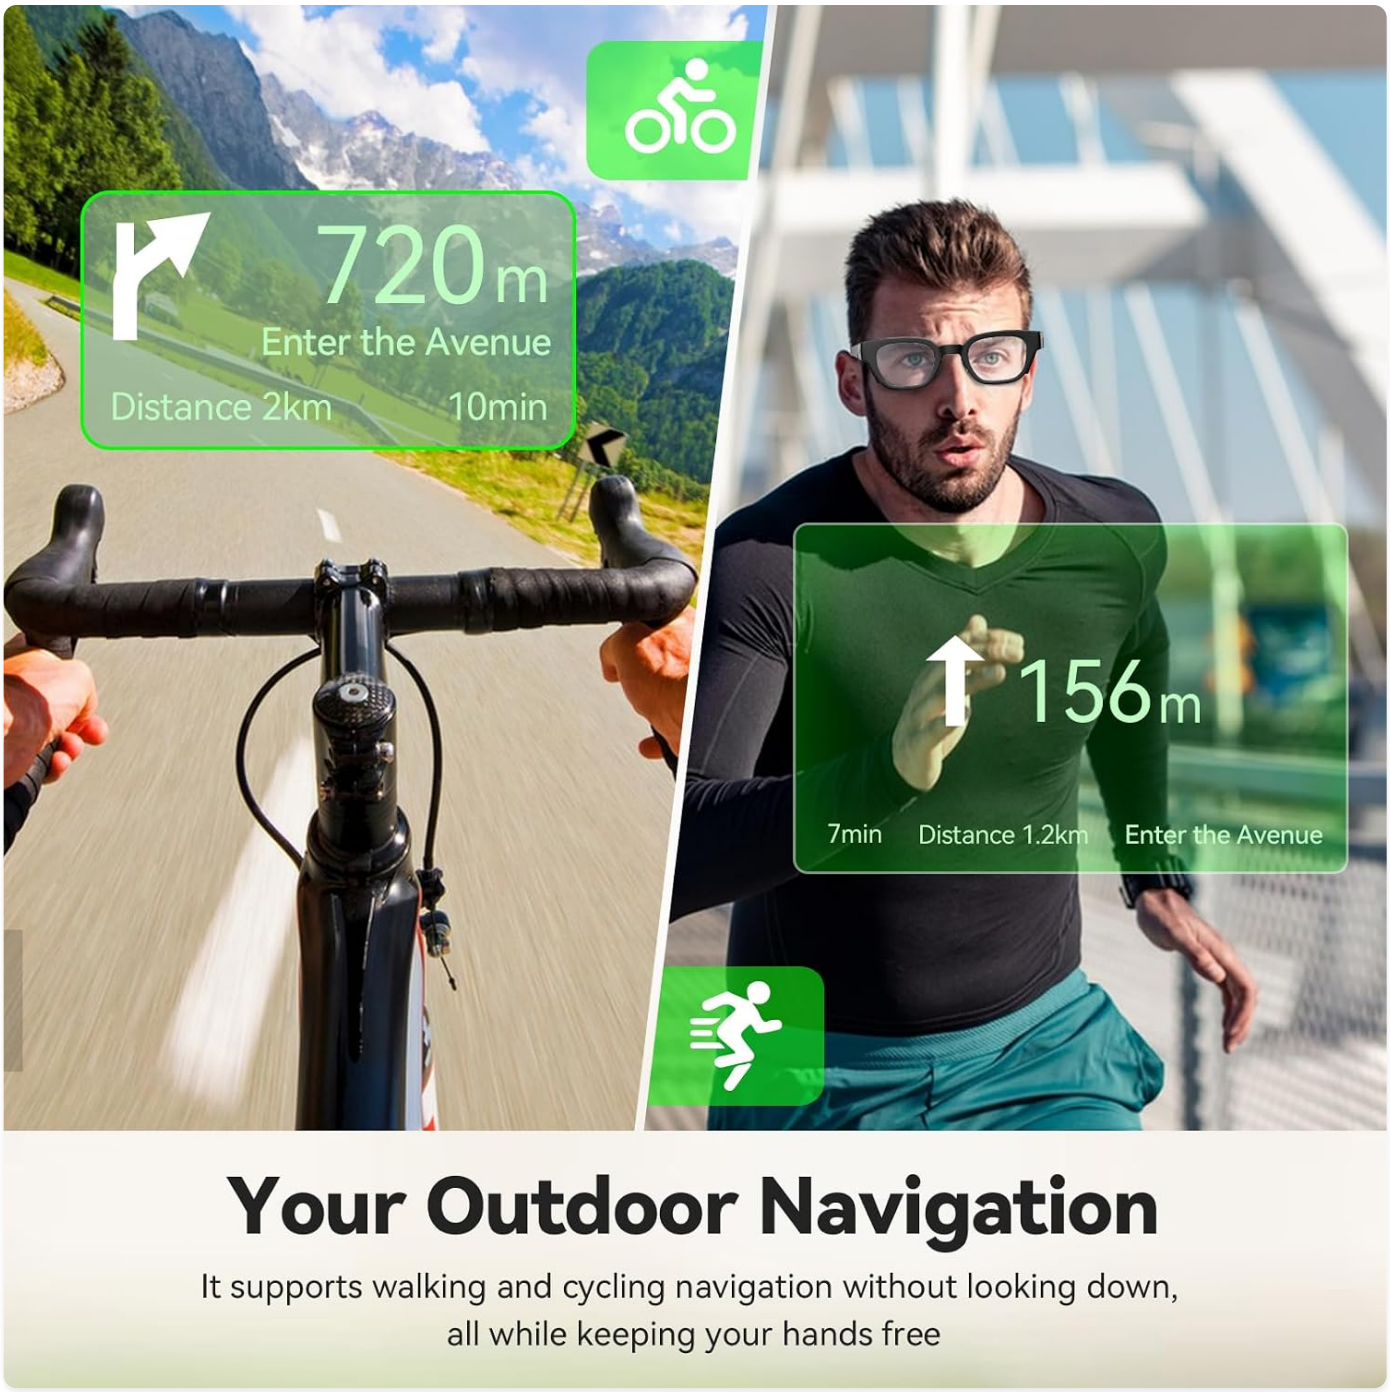

Image: Two split-screen views illustrating the outdoor navigation feature of the inmo GO Smart AR Glasses, showing navigation prompts for cycling and running.

5.3 Speech Teleprompter

Deliver presentations or speeches with confidence using the teleprompter function. Your script will scroll across the display, allowing you to maintain eye contact and speak naturally.

- To use: Input your script into the teleprompter function within the Inmolens App. Adjust scroll speed and font size as needed.

5.4 Portable AI Assistant

Access an AI assistant directly through your glasses. Ask questions and receive instant answers, covering a wide range of topics.

- To use: Activate the AI assistant via voice command or the Inmolens App.

5.5 Stereo Sound

Experience high-quality audio with the integrated dual speakers, providing surround sound for calls, music, and app notifications.

- Volume Control: Adjust volume via the Inmolens App or physical controls on the glasses (if available).

6. Maintenance

6.1 Cleaning

- Use the provided wipe cloth or a soft, lint-free cloth to clean the lenses and frame.
- Do not use abrasive cleaners, alcohol, or chemical solvents, as these may damage the coatings.
- For stubborn smudges, slightly dampen the cloth with water.

6.2 Storage

- Store the glasses in their original case or a protective pouch when not in use to prevent scratches and damage.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

7. Troubleshooting

If you encounter issues with your inmo GO AR Glasses, please refer to the following common solutions:

Problem	Possible Cause	Solution
Glasses not turning on	Low battery; Power button not pressed correctly	Charge the glasses fully; Press and hold the power button for a few seconds.
Cannot connect to app/Bluetooth	Bluetooth off; Glasses not in pairing mode; App issue	Ensure Bluetooth is on; Restart glasses and app; Re-pair the device in app settings.
Display is dim or unclear outdoors	Brightness setting too low	Adjust brightness settings in the Inmolens App.
Translation not working	No internet connection; Incorrect language selection	Ensure stable internet connection; Verify source and target languages in app.
Audio issues	Volume too low; Connection issue	Increase volume in app/device; Reconnect Bluetooth.

If the problem persists after trying these solutions, please contact customer support.
