

1.1L Cool Mist Humidifier

Generic 1.1L Cool Mist Humidifier

INSTRUCTION MANUAL

IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all safety instructions before using this humidifier. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always place the humidifier on a firm, flat, water-resistant surface away from walls and heat sources.
- Keep the humidifier out of reach of children and pets.
- Do not immerse the humidifier base, power cord, or plug in water or other liquids.
- Unplug the humidifier from the power outlet before filling, cleaning, or moving it.
- Do not block the air inlets or mist outlet.
- Use only clean tap water or distilled water in the water tank. Do not add essential oils directly to the water tank, as this may damage the unit.
- Do not operate the humidifier with a damaged cord or plug. If the cord or plug is damaged, contact customer support.
- Do not attempt to repair or disassemble the humidifier yourself. Refer all servicing to qualified personnel.
- Ensure the voltage of your power source matches the humidifier's requirements.

PRODUCT OVERVIEW

The Generic 1.1L Cool Mist Humidifier is designed to provide comfortable humidity levels in your home or office. It features a quiet operation, an automatic shut-off function for safety, and a convenient top-fill design.

Product Dimensions	4.52"W x 3.54"D x 8.46"H (11.5x9x21.5cm)
Item Weight	0.704 ounces (270g)
Power Source	USB (Corded Electric)
Noise Level	28dB (Quiet Operation)
Special Features	Auto Shut-Off, Night Light, Top-Fill Design

SETUP

Follow these steps to set up your humidifier for first use:

- 1. Unpack:** Carefully remove the humidifier and all packaging materials from the box.
- 2. Placement:** Place the humidifier on a flat, stable, water-resistant surface at least 6 inches (15 cm) away from walls and furniture. Ensure it is not placed directly on carpet or near heat sources.
- 3. Fill Water Tank:**
 - Remove the top cover of the humidifier.
 - Fill the 1.1-liter water tank with clean tap water or distilled water. Do not exceed the 'MAX' fill line indicated inside the tank.
 - Carefully replace the top cover, ensuring it is securely seated.
- 4. Connect Power:** Plug the provided USB data cable into the humidifier's power port and then into a suitable USB power adapter (not included) or a powered USB port.

The humidifier placed on a wooden table next to a small potted plant, demonstrating its compact size and aesthetic integration into a living space.

OPERATING INSTRUCTIONS

Once set up, operating your humidifier is straightforward:

- Power On/Off:** Press the power button (usually indicated by a universal power symbol) on the control panel to turn the humidifier on or off.
- Mist Level Adjustment:** Press the mist button (often indicated by a mist or fan symbol) to cycle through different mist output levels (e.g., low, medium, high). Select the desired mist intensity.
- Night Light Function:** If equipped, press the night light button (often indicated by a light bulb symbol) to activate or change the night light settings. This may include turning it on/off or cycling through various colors or modes.
- Automatic Shut-Off:** The humidifier is equipped with an automatic shut-off feature. It will automatically turn off when the water level in the tank is too low or when the water tank is removed from the base. This ensures safety and prevents damage to the unit.

MAINTENANCE

Regular cleaning and maintenance are essential to ensure optimal performance and prolong the lifespan of your humidifier. Always unplug the unit before cleaning.

Daily Maintenance

- Empty any remaining water from the tank and base.
- Rinse the water tank with clean water.
- Wipe the exterior of the humidifier with a clean, dry cloth.

Weekly Cleaning

- Unplug the humidifier from the power outlet.
- Remove the top cover and water tank.
- **Clean the Water Tank:** Use a soft brush or sponge and a mild detergent to clean the inside of the water tank. Rinse thoroughly with clean water until no detergent residue remains.

- **Clean the Nebulizer/Ultrasonic Disc:** Gently clean the nebulizer (the small disc that produces mist) with a soft brush. Do not use abrasive materials or scratch the surface.
- **Clean the Base:** Wipe the inside of the base and the air outlet with a damp cloth. Do not allow water to enter the air outlet or control panel.
- **Cotton Swab Replacement:** The cotton swab should be replaced every 1 to 3 months, or when you notice a decrease in mist output. To replace, remove the old swab and insert a new one, ensuring it is fully saturated with water before operating the humidifier.

Storage

- Before storing, ensure all parts of the humidifier are thoroughly cleaned and completely dry.
- Store the humidifier in a cool, dry place, away from direct sunlight and extreme temperatures.
