# Best Choice Products Kids' Outdoor Wooden Sandbox with Foldable Bench Seats - Instruction Manual

Model: SKY7685

## PRODUCT OVERVIEW

The Best Choice Products Kids' Outdoor Wooden Sandbox is designed for children aged 3 years and up, providing a dedicated space for sand play. This large sandbox features durable cedar wood construction, foldable bench seats that convert into a protective cover, and an included bottom liner for drainage and ventilation. Its design aims to offer a safe and engaging outdoor activity area while ensuring the sand remains clean and protected when not in use.

## SAFETY INFORMATION

- Not for children under 3 years old.
- Adult supervision is recommended during play.
- Ensure the sandbox is placed on a level surface to prevent distortion and stress on joints.
- Regularly inspect the sandbox for loose screws, splinters, or damaged parts. Tighten screws as needed.
- Use play-grade sand only (sold separately).

## WHAT'S IN THE BOX

---

- Sandbox wooden panels and components
- Hardware for assembly
- Bottom liner
- Assembly Guide

## SETUP AND ASSEMBLY

---

Assembly is required for this product. Follow the included Assembly Guide carefully. It is recommended to have at least two adults for efficient assembly. Ensure all parts are present before beginning. Avoid over-tightening screws to prevent wood splitting.

1. **Prepare the Area:** Choose a level outdoor surface for placement. Clear any debris or uneven ground.
2. **Assemble the Base:** Follow the step-by-step instructions in the Assembly Guide to construct the main sandbox frame.
3. **Install the Bottom Liner:** Place the included liner inside the assembled frame. This liner facilitates drainage and ventilation, and helps contain the sand.
4. **Attach Bench Components:** Secure the foldable bench seats according to the instructions. These benches will also serve as the sandbox cover.
5. **Fill with Sand:** Once assembled, fill the sandbox with play-grade sand (sold separately). The sandbox can hold a significant amount of sand; adjust depth as desired.

## COMFORTABLE SEATING

### OPERATING INSTRUCTIONS

- **Opening the Sandbox:** To open, gently lift each side of the cover (which are the folded benches) outwards until they form upright benches. Ensure they are securely in place before children begin to play.
- **Using the Benches:** The built-in benches provide seating for children or adults, with a weight capacity of up to 220 lbs per bench.
- **Closing the Sandbox:** To close, carefully fold each bench inwards until they meet in the middle, forming a complete cover over the sand. This protects the sand from external elements and animals.

### MAINTENANCE

- **Wood Care:** The cedar wood is heat-treated to resist damage and wear. To prolong its lifespan, consider applying a weather-resistant sealant annually, especially if exposed to harsh weather conditions.
- **Cleaning:** Periodically clean the wood surfaces with a damp cloth. Ensure sand is free from debris before closing the cover.
- **Sand Maintenance:** Regularly rake and aerate the sand to keep it fresh and prevent compaction. Replace sand as needed.
- **Winter Storage:** In regions with severe winters, it is advisable to cover the sandbox with a heavy-duty tarp or store it indoors to protect the wood and sand.

## TROUBLESHOOTING

---

- **Loose Hinges/Screws:** If benches become wobbly or hinges appear loose, tighten all screws. If wood is stripped, consider using wood glue or larger screws for reinforcement.
- **Wood Warping/Splitting:** Ensure the sandbox is on a level surface. Apply wood sealant to protect against moisture and temperature changes.
- **Sand Contamination:** Always close the sandbox cover when not in use to prevent animals, leaves, and debris from entering.
