THERMOS APJ-500

Thermos APJ-500 My Bottle Cover (Purple, 500ml) Instruction Manual

Introduction

Welcome to the instruction manual for your Thermos APJ-500 My Bottle Cover. This cover is designed to protect your Thermos mobile mug from scratches and provide enhanced grip. Please read this manual carefully before use to ensure proper handling and maintenance.

Product Overview

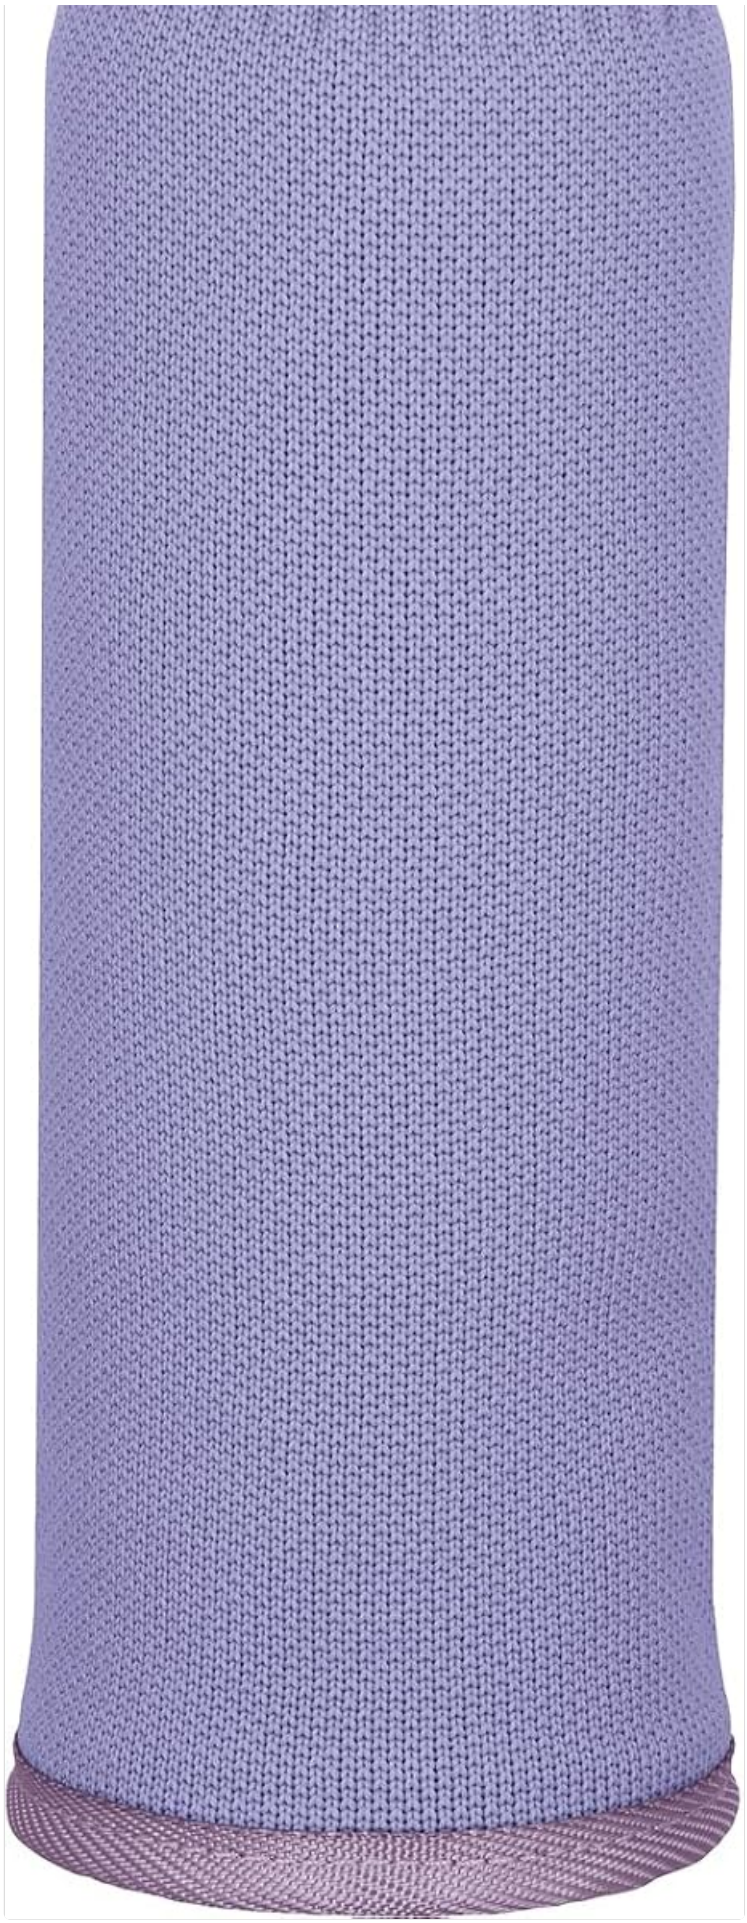

Key Features

- Designed to fit your mobile mug, providing protection and an improved grip.
- Allows for drinking directly from the bottle while the cover is on.
- Equipped with a loop for attaching a carabiner, offering convenient portability.
- Constructed from durable knit materials: Polyester, Nylon, and Polyurethane.
- Machine washable for easy cleaning.

Components

The Thermos APJ-500 My Bottle Cover consists of a main knit fabric sleeve with a reinforced bottom and an integrated loop at the top.

Setup

Attaching the Bottle Cover

1. Ensure your Thermos mobile mug is clean and dry before attaching the cover.
2. Gently slide the bottle cover over the bottom of your mobile mug.
3. Pull the cover upwards, ensuring it fits snugly around the bottle. The knit material is designed to be form-fitting.
4. Adjust the cover so that the opening aligns with the bottle's mouth, allowing for easy access to drink.

Operating Instructions

Drinking with the Cover On

The Thermos APJ-500 My Bottle Cover is designed to allow you to drink directly from your mobile mug without removing the cover. Simply open your bottle's lid as usual.

Using the Carabiner Loop

The integrated loop at the top of the cover allows for convenient attachment to a carabiner (not included). This feature enables you to easily carry your bottle by attaching it to a bag, backpack, or belt loop.

Maintenance and Care

Cleaning Instructions

The Thermos APJ-500 My Bottle Cover is machine washable. Follow these steps for cleaning:

1. Remove the cover from your mobile mug.
2. Place the cover in a washing machine. It is recommended to use a laundry net to protect the knit material.
3. Wash with similar colors using a mild detergent.
4. Air dry thoroughly. Do not tumble dry or iron, as this may damage the material.

Storage

Store the cover in a clean, dry place when not in use.

Troubleshooting

Difficulty Attaching or Removing the Cover

The cover is designed for a snug fit to provide optimal protection and grip. If you find it difficult to attach or remove:

- Ensure the bottle is completely dry. Moisture can increase friction.
- Apply gentle, even pressure when sliding the cover on or off. Avoid excessive force.
- The material may feel tight initially but will conform slightly with use.

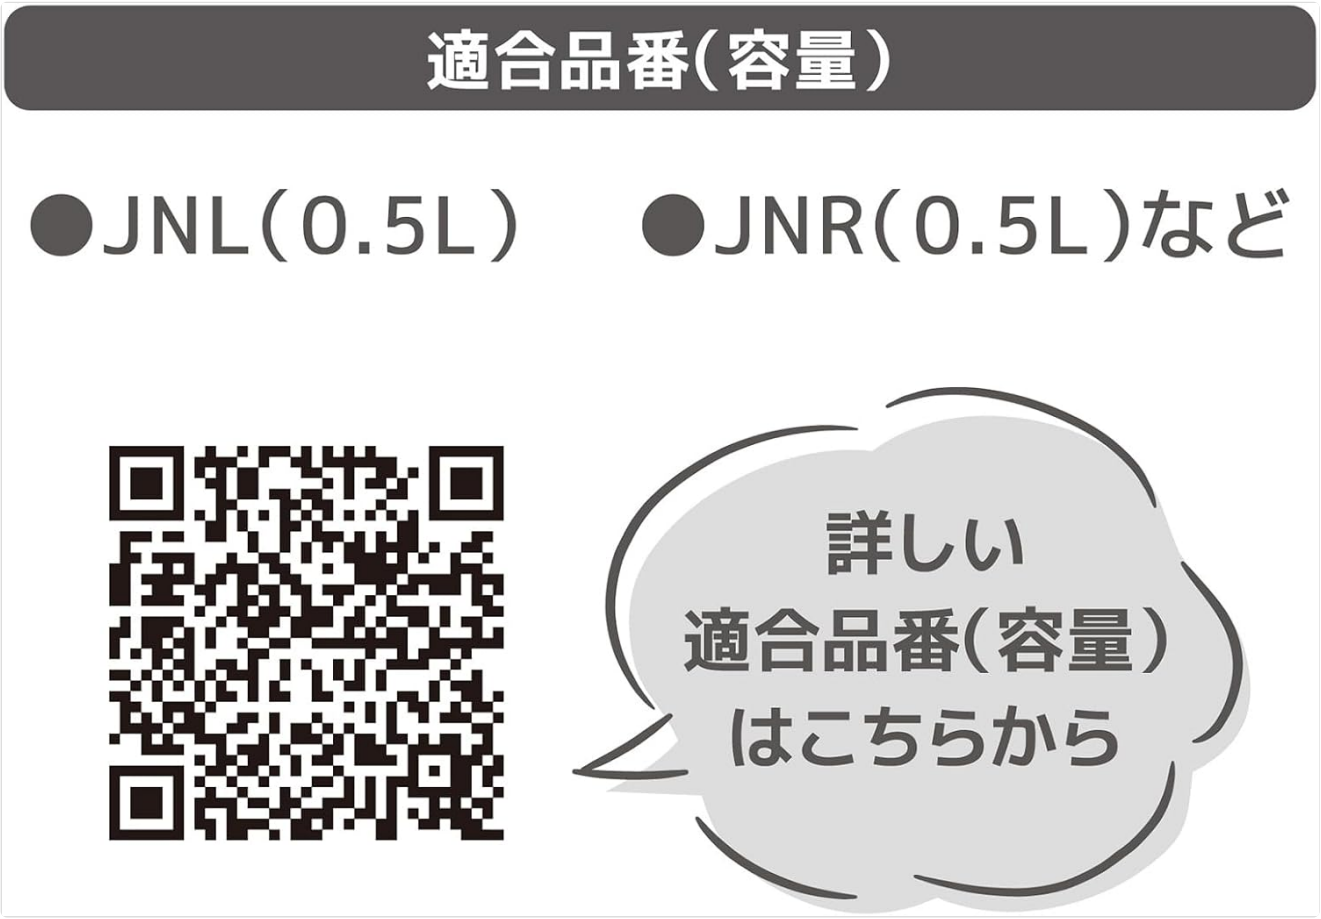

Cover Appears Loose

If the cover feels loose after extended use or washing:

- Ensure it has been washed and dried according to the maintenance instructions. Improper drying can affect its shape.
- Verify that the cover size matches your bottle's capacity (e.g., 500ml cover for a 500ml bottle).

Specifications

Feature	Detail
Model Number	APJ-500
Material	Polyester, Nylon, Polyurethane
