

TOOBUR IDW26

TOOBUR Smartwatch IDW26 User Manual

Model: IDW26

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your TOOBUR Smartwatch IDW26. Please read this manual carefully before using the device to ensure proper functionality and to maximize your user experience. Keep this manual for future reference.

PRODUCT OVERVIEW

Key Features

- **1.83-inch HD Touchscreen:** Clear and responsive display for easy navigation.
- **Bluetooth Call Functionality:** Make and receive calls directly from your wrist.
- **Smart Voice Assistant (Alexa):** Control smart home devices, set reminders, and get weather updates.
- **Comprehensive Health Monitoring:** Real-time heart rate, blood oxygen (SpO2), stress level, and sleep tracking.
- **Activity Tracking:** Pedometer, calorie counter, distance tracking, and support for over 100 sports modes.
- **IP68 Waterproof Rating:** Suitable for swimming and daily water exposure.
- **Long Battery Life:** Up to 7-10 days of daily use, 20 days in power-saving mode, and 30 days standby.
- **Notification Synchronization:** Receive social media, email, and SMS alerts (cannot reply to messages).
- **Customizable Watch Faces:** Personalize your watch with various dials or your own photos.

What's in the Box

- 1 x TOOBUR Smartwatch IDW26
- 1 x Charging Cable
- 1 x User Manual (this document)

SETUP

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge takes

approximately 2.5 hours.

Image: The smartwatch display showing 100% battery charge, indicating the device is fully charged and ready for use. This image also highlights the 1.83-inch HD screen, 37.5g weight, and 7-day battery life.

2. Downloading the VeryFit App

The TOOBUR Smartwatch IDW26 requires the **VeryFit** application for full functionality. Download the app from the App Store (iOS) or Google Play Store (Android). Ensure your smartphone meets the compatibility requirements: Android 6.0+ or iOS 9.0+.

- Search for "VeryFit" in your phone's app store.
- Install the application.
- Create an account or log in if you already have one.

3. Pairing the Smartwatch with Your Phone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the VeryFit app on your phone.
3. Follow the in-app instructions to add a new device. The app will search for your smartwatch.
4. Select "IDW26" from the list of available devices.
5. Confirm the pairing request on both your phone and the smartwatch.
6. Once paired, the app will synchronize data with your watch.

Note: For Bluetooth call functionality, you may need to pair the watch a second time through your phone's Bluetooth settings, specifically for calls. Look for a device named "IDW26_CALL" or similar.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select.
- **Side Button:** Press the physical button on the side to return to the home screen or activate specific functions (e.g., sports modes).
- **Wake Screen:** Raise your wrist or press the side button to wake the screen.

Call Functions

After successful Bluetooth pairing, you can manage calls directly from your smartwatch.

- **Making Calls:** Access the "Phone" menu on your watch to view call history, frequent contacts, or use the dial pad.
- **Receiving Calls:** When a call comes in, the watch will display the caller ID. You can answer or reject the call from your wrist.

Notifications

Receive alerts for social media, emails, and SMS messages directly on your watch. Swipe down from the top of the watch face to view recent notifications.

- **Enable Notifications:** Ensure notification permissions are granted to the VeryFit app in your phone's settings.
- **Viewing Notifications:** Swipe down on the watch face to see a list of recent alerts.
- **Note:** The smartwatch supports receiving notifications but does not allow replying to messages.

Smart Voice Assistant (Alexa)

Your TOOBUR Smartwatch integrates with Amazon Alexa. To use Alexa:

1. Ensure your watch is connected to the VeryFit app and your phone has an active internet connection.
2. Access the Alexa feature on your watch (usually by swiping right or a dedicated button press).
3. Speak your command or question clearly into the watch's microphone.
4. Alexa can help with setting alarms, checking weather, controlling smart home devices, and more.

Customizing Watch Faces

Personalize your smartwatch by changing the watch face.

- **On the Watch:** Long-press the watch face to browse pre-installed options.
- **Via VeryFit App:** Open the VeryFit app, navigate to the watch face section, and choose from a wider selection or upload your own photos.

HEALTH AND FITNESS TRACKING

Real-time Health Monitoring

The smartwatch continuously monitors key health metrics.

- **Heart Rate:** Monitors your heart rate throughout the day. View real-time data on the watch or detailed trends in the VeryFit app.
- **Blood Oxygen (SpO2):** Measure your blood oxygen saturation levels.
- **Stress Level:** Tracks your stress levels to help you manage daily well-being.
- **Menstrual Cycle Tracking:** For women, track your menstrual cycle and predict ovulation through the VeryFit app.

Sleep Tracking

Monitor your sleep patterns to improve your rest quality.

- The watch tracks different sleep stages: REM, light, and deep sleep.
- Wear the watch continuously during sleep for accurate data.
- Detailed sleep analysis and personalized advice are available in the VeryFit app.

- **Note:** A minimum of 3 hours of sleep is required for the watch to record sleep data.

MAINTENANCE

Cleaning Your Smartwatch

- Wipe the watch screen and body with a soft, damp cloth.

- For the band, use mild soap and water if necessary, then rinse thoroughly and dry.
- Avoid using harsh chemicals or abrasive materials, as they can damage the watch.

Water Resistance (IP68)

The TOOBUR Smartwatch IDW26 is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for swimming and daily activities like hand washing or showering.

- Do not use the watch in hot water, saunas, or steam rooms.
- Avoid exposing the watch to high-velocity water (e.g., diving, high-pressure washing).
- After exposure to water, especially saltwater, rinse the watch with fresh water and dry it thoroughly.
- The IP68 rating does not apply to corrosive or high-humidity environments.

Battery Care

- Avoid extreme temperatures when charging or storing the watch.
- Do not leave the watch fully discharged for extended periods.
- Use only the provided charging cable.

Common Issues and Solutions

- Watch not turning on:**
 - Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
 - Try a soft reset by pressing and holding the side button for 10-15 seconds.
- Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch is within range.
 - Make sure the VeryFit app is installed and open.
 - Restart both your phone and the smartwatch.
 - Forget the device in your phone's Bluetooth settings and try pairing again through the VeryFit app.
 - Check if your phone's operating system meets the compatibility requirements (Android 6.0+ / iOS 9.0+).
- Notifications not received:**
 - Verify that the watch is successfully paired with your phone.
 - Check notification permissions for the VeryFit app in your phone's settings.
 - Ensure notifications are enabled within the VeryFit app for the desired applications.
 - Make sure "Do Not Disturb" mode is not active on either your phone or watch.
- Inaccurate health/activity data:**
 - Ensure the watch is worn snugly on your wrist, about one finger's width above your wrist bone.
 - Clean the sensors on the back of the watch.
 - For sleep tracking, ensure you wear the watch for at least 3 hours during sleep.
- Alexa not responding:**
 - Ensure your watch is connected to the VeryFit app and your phone has an active internet connection.
 - Check if Alexa is properly configured within the VeryFit app.
