YYGGWL T75

YYGGWL T75 TWS Bluetooth Earbuds User Manual

Model: T75

INTRODUCTION

Thank you for choosing the YYGGWL T75 TWS Bluetooth Earbuds. These bone conduction earbuds are designed for comfort, high-quality audio, and reliable performance, making them ideal for music, calls, sports, and gaming. This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- YYGGWL T75 TWS Bluetooth Earbuds (Left and Right)
- Charging Case
- User Manual (This document)
- Charging Cable

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge both the earbuds and the charging case. Place the earbuds into the charging case. Connect the charging case to a power source using the provided charging cable. The

indicator light on the charging case will show charging status.

- **Charging Duration:** Approximately 1 hour for a full charge.
- **Earbud Usage Time:** About 5 hours on a single charge.
- **Cumulative Call Duration (with case):** Up to 30 hours.
- **Standby Duration:** Approximately 300 hours.

Extra Long Range, Anxiety Free Running

Low earphone power consumption, paired with a powerful power reserve charging box, can be charged anytime, anywhere, and accompanied by music all day long

2. Pairing with Your Device

1. Ensure the earbuds are charged and inside the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices. You should see "YYGGWL T75" or a similar name in the list.
5. Select "YYGGWL T75" to connect. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

The earbuds utilize advanced Bluetooth 5.3 technology for a stable and fast connection, ensuring low latency for audio and video synchronization. The connection distance is up to 10 meters (33 feet).

Stable Transmission

Relying on advanced BT 5.3 technology, ensuring the quality of audio and video while effectively shortening the transmission interval, achieving high-speed and stable transmission of listening to music, drama, and playing games with zero latency, and enjoying the fun of synchronization

OPERATING INSTRUCTIONS

Wearing the Earbuds

The YYGGWL T75 earbuds feature an innovative ear-clip design made from high-elastic, skin-friendly material. This ergonomic design ensures a secure and comfortable fit without pressure, even during strenuous activities.

New Definition Ear Clip

Made of high elastic skin-friendly material, adjustable and stretchable, suitable for all ear shapes. Lightweight and comfortable, no clamping force can really be worn without feeling

Image: A visual comparison illustrating the comfortable and secure fit of the ear-clip design, contrasting it with less comfortable alternatives that may leak sound.

Intelligent Touch Control

Each earbud features intelligent touch controls for easy management of audio playback and calls. The left and right earbuds can be controlled independently.

Action	Function
Single Tap	Play/Pause Music, Answer/End Call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track
Triple Tap	Activate Voice Assistant
Long Press	Reject Call

Call Functions

The earbuds are equipped with ENC (Environmental Noise Cancellation) microphones to ensure clear calls by reducing background noise. The built-in microphone supports real-time calls with zero delay.

- **Answering/Ending Calls:** Single tap either earbud.
- **Rejecting Calls:** Long press either earbud.

Audio Technology

The YYGGWL T75 earbuds feature Pulsed DT3.0 Directional Transmission, which adaptively adjusts the sound beam's transmission angle to ensure efficient sound delivery into the ear canal. They also incorporate an Ultra Sensitive Dynamic Coil paired with a high-hardness diaphragm, enhancing small sound details for a rich audio experience.

Ultra Sensitive Dynamic Coil

Paired with a high hardness diaphragm, the dynamic sensitivity greatly enhances small sound details and can also be accurately inserted into the ear

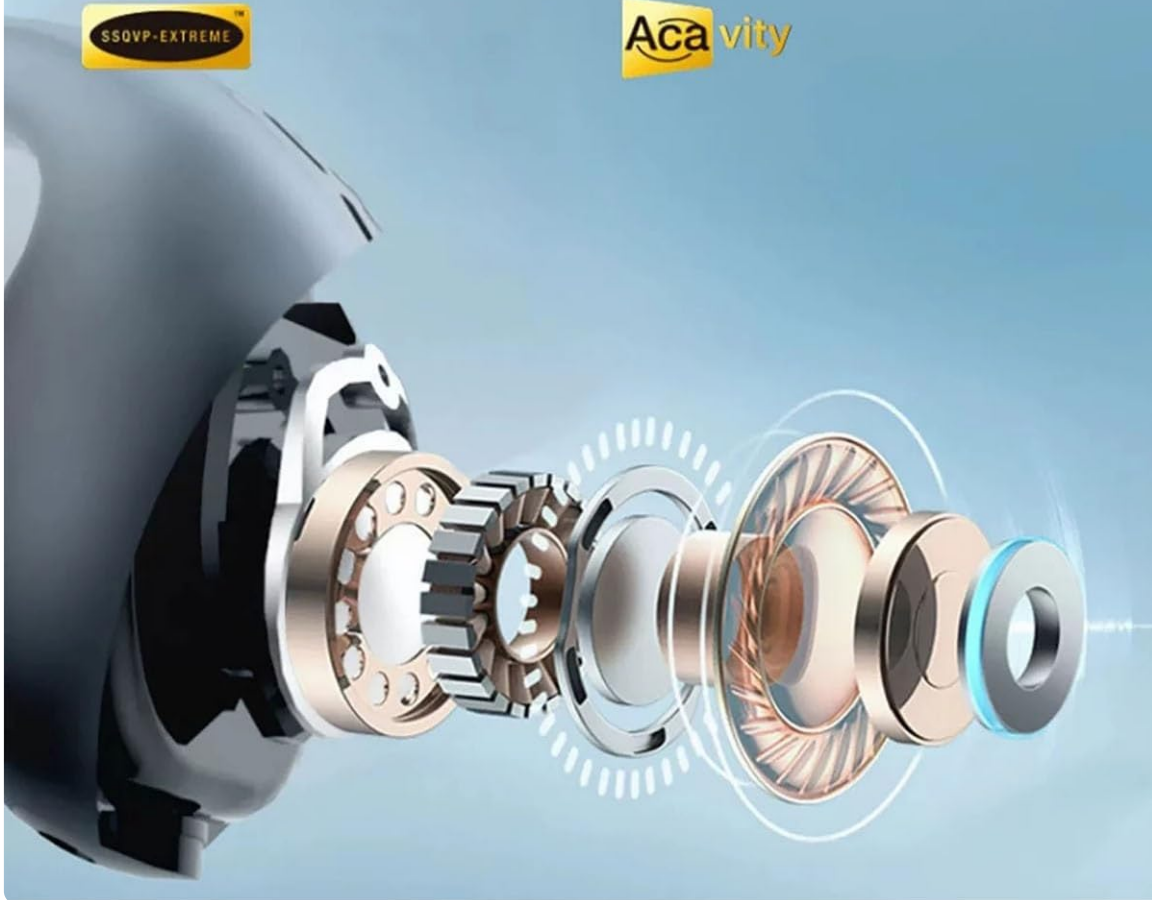

Image: An exploded view diagram of the Ultra Sensitive Dynamic Coil, highlighting its components and how it enhances sound details.

MAINTENANCE

Cleaning

Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals, cleaning solvents, or strong detergents.

Water Resistance

The YYGGWL T75 earbuds are IP7 waterproof, meaning they are protected against immersion in water up to 1 meter for up to 30 minutes. This makes them suitable for use during workouts and in light rain. However, they are not designed for swimming or prolonged submersion. Ensure the charging port is dry before charging.

Note: While IP7 rated, avoid exposing the charging case to water.

TROUBLESHOOTING

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Turn off and on Bluetooth on your device. Try resetting the earbuds (refer to manufacturer's website if specific reset instructions are not in manual).
No sound	Check volume levels on both earbuds and connected device. Ensure earbuds are properly connected. Try re-pairing.
Poor call quality	Ensure microphone is not obstructed. Move closer to your connected device. Check for environmental noise interference.
Earbuds not charging	Ensure charging cable is securely connected. Check if the charging case has power. Clean charging contacts on earbuds and case.

SPECIFICATIONS
