PACKAGE CONTENTS

Please check the contents of your package to ensure all items are present:

- Headset x 1
- Type-C Cable x 1
- User Manual x 1

PRODUCT OVERVIEW AND CONTROLS

Familiarize yourself with the various parts and controls of your Edifier W800BT SE headphones.

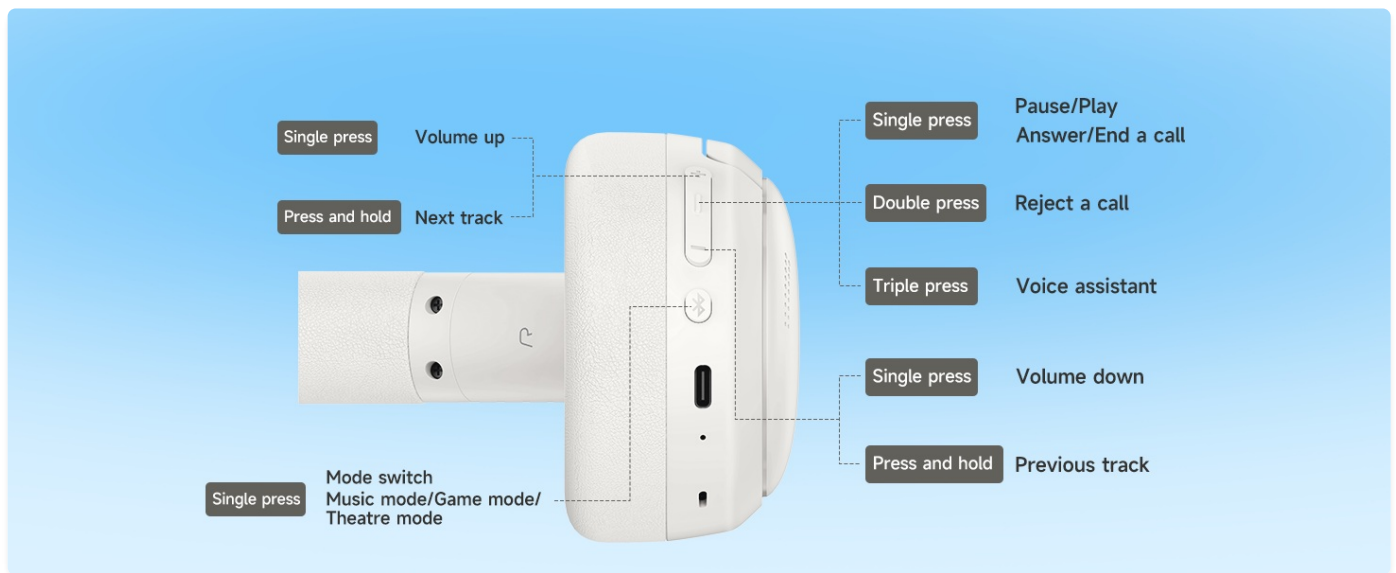

Image: Detailed diagram illustrating the control buttons and ports on the Edifier W800BT SE headphones, including volume, play/pause, track skip, mode switch, and USB-C port.

Control Functions:

- **Single press (Volume Up):** Increases volume.
- **Press and hold (Next Track):** Skips to the next audio track.
- **Single press (Play/Pause):** Plays or pauses audio.
- **Single press (Answer/End Call):** Manages phone calls.
- **Double press (Reject Call):** Declines an incoming call.
- **Triple press (Voice Assistant):** Activates your device's voice assistant.
- **Single press (Volume Down):** Decreases volume.
- **Press and hold (Previous Track):** Skips to the previous audio track.
- **Single press (Mode Switch):** Toggles between Music mode, Game mode, and Theatre mode.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the provided USB Type-C cable to the charging port on the headphones and the other end to a USB power adapter (not included) or a computer's USB port. The indicator light will show charging status.

Image: A user connecting the USB-C charging cable to the Edifier W800BT SE headphones. The headphones feature a USB-C port for convenient charging.

A 15-minute charge provides approximately 8 hours of playback, and a full charge offers up to 45 hours of continuous use.

2. Powering On/Off

- **Power On:** Press and hold the power button for approximately 3 seconds until the indicator light flashes.
- **Power Off:** Press and hold the power button for approximately 3 seconds until the indicator light turns off.

3. Bluetooth Pairing

The headphones support Bluetooth 5.4 for fast and stable connections.

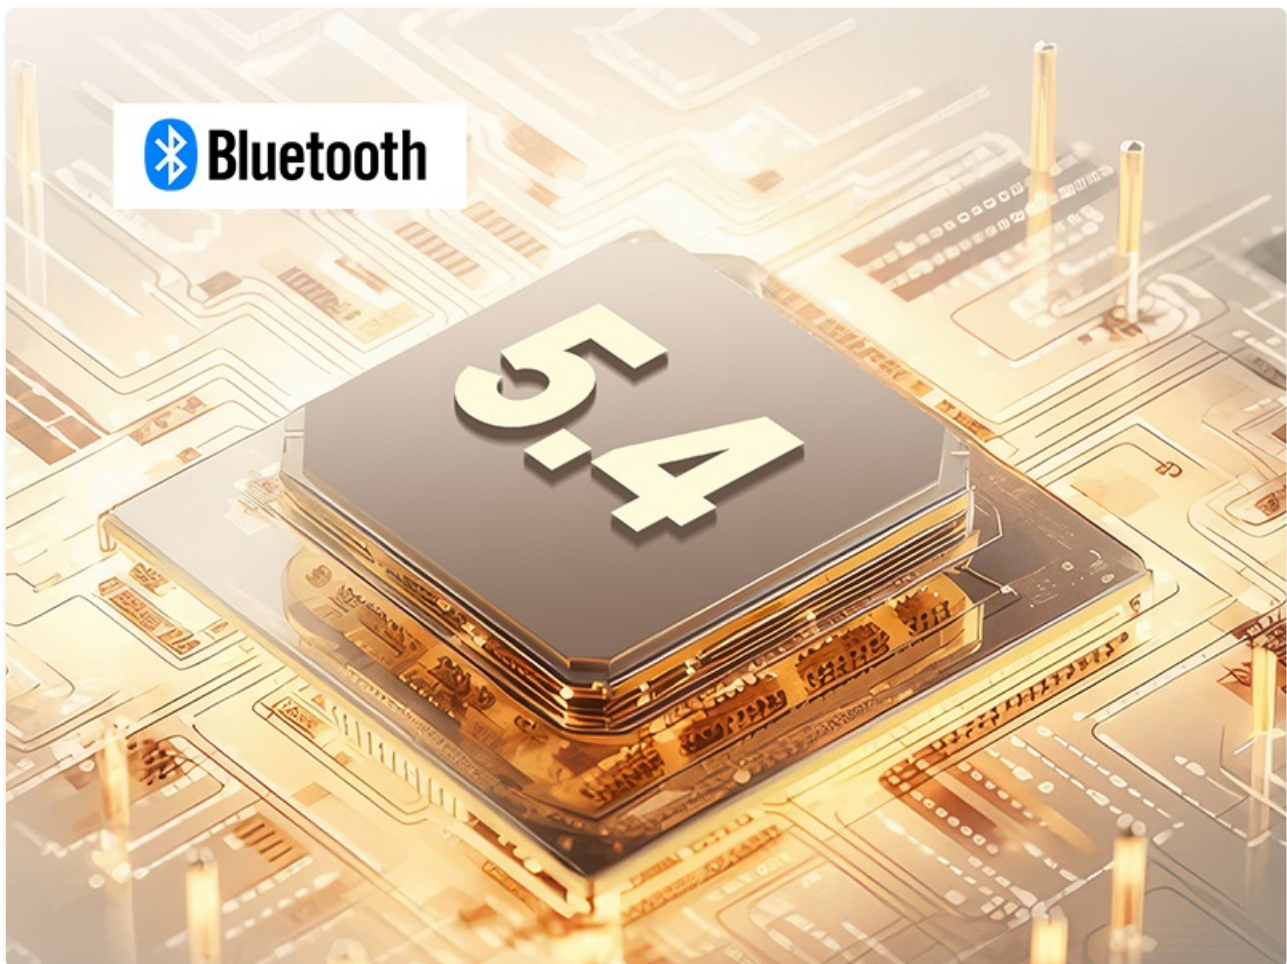

Image: An illustration of the Bluetooth 5.4 chip, highlighting the advanced connectivity technology within the headphones.

- **Initial Pairing:**

1. With the headphones powered off, press and hold the power button for 5 seconds until the indicator light flashes red and blue alternately. This indicates pairing mode.
2. On your device (smartphone, laptop, etc.), enable Bluetooth and search for "EDIFIER W800BT SE" in the list of available devices.
3. Select "EDIFIER W800BT SE" to connect. Once connected, the indicator light will flash blue slowly.

- **Multipoint Connection:**

The W800BT SE supports connecting to two Bluetooth devices simultaneously. This allows you to seamlessly switch between audio sources, for example, from music on your laptop to a call on your phone.

Image: Illustration showing the Edifier W800BT SE headphones connected simultaneously to a smartphone and a laptop, demonstrating the multipoint connection feature.

1. Connect the headphones to the first device as described above.
2. Disconnect the headphones from the first device (or turn off Bluetooth on the first device). The headphones will re-enter pairing mode.
3. Connect the headphones to the second device.
4. Reconnect the headphones to the first device from its Bluetooth settings. The headphones will now be connected to both devices.

4. EDIFIER ConneX App

Enhance your experience by downloading the EDIFIER ConneX app from your device's app store. The app provides additional functions such as personalized control settings, preset EQ options, custom EQ adjustments, scheduling power off, and a "Find Your Product" feature.

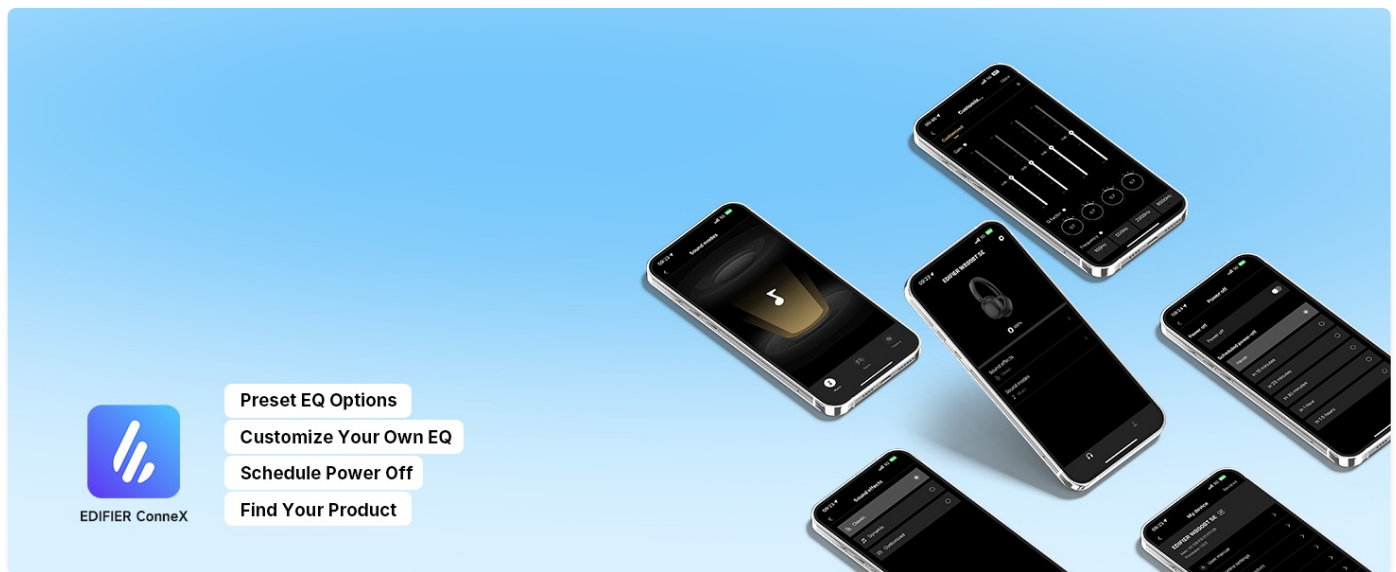

Image: Screenshots of the EDIFIER ConneX mobile application, showing options for preset EQ, custom EQ, scheduled power off, and product location features.

OPERATING INSTRUCTIONS

1. Audio Playback

- Use the volume up/down buttons to adjust audio levels.
- Press the multi-function button once to play or pause music.
- Press and hold the volume up button for the next track, and the volume down button for the previous track.

2. Call Management

The headphones feature AI Call Noise Reduction for clear conversations.

Image: A person wearing Edifier W800BT SE headphones while on a phone call, illustrating the AI Call Noise Reduction feature that separates voice from background noise.

- **Answer/End Call:** Single press the multi-function button.
- **Reject Call:** Double press the multi-function button.

3. Game Mode

Activate Game Mode for ultra-low latency (0.06s) and enhanced sound effects, providing perfect audio-visual synchronization for an immersive gaming experience.

Image: A person enjoying a mobile game while wearing Edifier W800BT SE headphones, highlighting the ultra-low latency (0.06s) for synchronized audio and visuals.

- **Activate Game Mode:** Single press the mode switch button until you hear the "Game Mode" prompt.
- **Switch Modes:** Continue pressing the mode switch button to cycle through Music mode, Game mode, and Theatre mode.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your headphones.

- **Cleaning:**
Wipe the headphones with a soft, dry cloth. Do not use abrasive cleaners, alcohol, or chemical solvents. Avoid getting moisture into any openings.
- **Storage:**
When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- **Battery Care:**
To preserve battery life, avoid fully discharging the headphones frequently. If storing for an extended period, charge them to about 50% every few months.

TROUBLESHOOTING

If you encounter any issues with your Edifier W800BT SE headphones, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound from headphones	Headphones not powered on; Not paired; Volume too low; Device not playing audio.	Ensure headphones are powered on. Re-pair with your device. Increase headphone and device volume. Check audio playback on your device.
Cannot pair with device	Headphones not in pairing mode; Device Bluetooth off; Too far from device.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headphones closer to the device (within 10 meters).
Intermittent connection/audio drops	Interference; Too far from device; Low battery.	Move away from sources of interference (Wi-Fi routers, other Bluetooth devices). Reduce distance between headphones and device. Charge the headphones.
Microphone not working during calls	Microphone muted on device; App permissions; Poor signal.	Check microphone settings on your device. Ensure the app has microphone permissions. Move to an area with better signal.
Headphones not charging	Cable faulty; Power source issue; Charging port dirty.	Try a different USB-C cable and power source. Gently clean the charging port.
