MAINTENANCE

Regular inspection of the pen tip is recommended. Replace tips as needed to maintain optimal performance and writing accuracy. Additional replacement tips are included in the package for your convenience.

TROUBLESHOOTING

Common Issues

- **Pen not responding:** Ensure your device supports EMR technology. The pen does not require charging or pairing, so connectivity issues are typically device-related.
- **Eraser not working on Samsung tablets:** For Samsung devices, the side button on the pen must be held down to activate the eraser function.
- **Inconsistent line thickness or poor writing quality:** Verify the pen tip is securely installed. If the issue persists, replace the tip with one of the spares provided.
