EP EXERCISE N PLAY Military Aircraft Carrier Building Blocks Set WT0542 Instruction Manual

Model: WT0542 | Brand: EP EXERCISE N PLAY

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your EP EXERCISE N PLAY Military Aircraft Carrier Building Blocks Set, Model WT0542. This set contains 1131 pieces designed to construct a realistic military aircraft carrier model, complete with mini aircraft and helicopters.

Please read these instructions carefully before beginning assembly to ensure correct construction and safe use of the product.

SAFETY INFORMATION

- **Choking Hazard:** This set contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended for children aged 6 and up during assembly.
- Keep all packaging materials away from children to prevent suffocation.
- Do not ingest any building block pieces.
- Ensure all pieces are securely connected to prevent accidental detachment during play.

PARTS LIST

Your EP EXERCISE N PLAY Military Aircraft Carrier Building Blocks Set includes 1131 individual building pieces. These pieces are typically organized into numbered bags to facilitate the assembly process. Refer to the included physical instruction booklet for a detailed visual inventory of all components.

SETUP AND ASSEMBLY

Assembly of the Military Aircraft Carrier Building Blocks Set requires careful attention to the step-by-step instructions provided in the physical manual included in your package. It is recommended to work on a clean, flat surface to prevent loss of small pieces.

Assembly Steps:

- 1. Unpack and Organize:** Carefully open the packaging and sort the building blocks. Many sets organize pieces into numbered bags corresponding to assembly stages. Follow the sequence indicated in your physical instruction booklet.
- 2. Follow the Manual:** Refer to the detailed, illustrated instructions in the included booklet. Each step will show which pieces are needed and how they connect.
- 3. Connect Pieces Securely:** Ensure each block is firmly pressed into place to create a stable structure.
- 4. Build Sub-assemblies:** The model is typically built in sections (e.g., hull, flight deck, island structure). Complete each sub-assembly before connecting them.

5. **Attach Accessories:** Once the main carrier structure is complete, attach the mini aircraft, helicopters, and other detailed elements as per the instructions.

OPERATION AND PLAY

Once assembled, the Military Aircraft Carrier model is ready for interactive play. The design allows for various scenarios and imaginative engagement.

- **Flight Deck:** Utilize the wide flight deck for launching and landing the included mini aircraft.
- **Aircraft Elevator:** The model features an aircraft elevator. This allows for simulated movement of aircraft between different deck levels.
- **Positioning Aircraft:** Arrange the mini fighter jets and helicopters on the flight deck or landing areas to create dynamic scenes.
- **Display:** The completed model can also serve as a display piece due to its detailed and realistic design.

MAINTENANCE

Cleaning:

- To clean the building blocks, wipe them gently with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic.
- Allow all pieces to air dry completely before storing.

Storage:

To prevent loss of pieces and keep the set organized, store all building blocks and the assembled model in the provided storage container when not in use.

TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces are missing, first double-check all packaging materials and the assembly area. If pieces are still missing, please contact EP EXERCISE N PLAY customer support for assistance.
- **Difficulty Assembling:**
 - Review the physical instruction booklet carefully, paying close attention to the diagrams for each step.
 - Ensure you are using the correct pieces for each step.
 - Sometimes, pieces may require a firm press to connect properly.
- **Loose Connections:** If parts of the model feel loose, gently re-press the connected blocks to ensure a secure fit.
