SETUP

1. Charging the Smart Watch

Before initial use, fully charge your AOLON Curve Smart Watch. The watch features a built-in high-capacity battery that can be fully charged in approximately 2.5-3 hours using the provided magnetic charging cable. A full charge provides up to 3-6 days of normal usage, or 4-5 hours for Bluetooth calls.

2. App Installation and Pairing

To unlock the full potential of your smart watch, download and install the "Da Fit" app on your smartphone. The app is compatible with Android 6.0 or iOS 9.0 and above.

1. Scan the QR code in the user manual or search for "Da Fit" in your phone's app store (App Store for iOS, Google Play for Android).
2. Install the "Da Fit" app.
3. Ensure Bluetooth is enabled on your smartphone.
4. Open the "Da Fit" app and follow the on-screen instructions to add your device. Select "Aolon Curve" from the list of available devices to pair.

Connect the smart watch via APP Da Fit "Aolon Curve"

OPERATING INSTRUCTIONS

1. Basic Navigation

The AOLON Curve Smart Watch features a responsive 2.01" HD curved screen. You can navigate the interface using touch gestures and the physical button on the side.

- **Wake Screen:** Turn your wrist or press the side button to wake the screen.
- **Swipe Left/Right:** Access quick apps (left) or favorite apps (right).
- **Swipe Down:** Access quick settings (e.g., Do Not Disturb, brightness).
- **Swipe Up:** View notifications.
- **Press Side Button:** Return to the home screen or access the main menu.

7. Other Functions

The smart watch and "Da Fit" app provide a wide range of practical tools, including:

- Weather forecasts
- Stopwatch
- Timer
- Music control
- Find phone feature
- Intelligent alarm clock
- Camera control
- Women's health tracking features
- Sedentary reminders

MAINTENANCE

Water Resistance (IP68)

The AOLON Curve Smart Watch is genuinely waterproof with an IP68 rating. It has been tested to withstand full submersion in

water up to 1.5 meters for 30 minutes without ingress. This makes it suitable for everyday activities such as handwashing, protection from rain, immersion, and perspiration during sports endeavors. However, it is not recommended for hot water activities like showering or sauna, or for deep diving.

Cleaning and Care

To maintain your smart watch, regularly clean the device and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the charging contacts are clean and dry before charging.

TROUBLESHOOTING

If you encounter issues with your AOLON Curve Smart Watch, please try the following common troubleshooting steps:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charging cable and a power source.
- **Connection Issues:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Restart both your smartphone and the smart watch.
 - Ensure the "Da Fit" app is running in the background and has necessary permissions.
 - Try unpairing and re-pairing the device in the "Da Fit" app.
- **Inaccurate Data:**
 - Ensure the watch is worn snugly on your wrist, but not too tight.
 - For activity tracking, ensure the correct sport mode is selected.
- **Notifications Not Appearing:**
 - Check notification settings within the "Da Fit" app.
 - Ensure your phone's notification settings allow the "Da Fit" app to display alerts.
 - Verify that the watch is connected to your phone via Bluetooth.

If the issue persists, please refer to the Warranty and Support section for further assistance.
