BTQILEYOO Y10

BTQILEYOO Y10 Motorcycle Helmet Bluetooth Headset User Manual

Model: Y10

INTRODUCTION

The BTQILEYOO Y10 Motorcycle Helmet Bluetooth Headset is designed to enhance your riding experience by providing seamless audio connectivity within your helmet. Featuring Bluetooth 5.3, smart noise reduction, and HiFi sound quality, this headset allows for music playback, navigation, and hands-free calls. Its IPX6 waterproof rating ensures durability in various weather conditions. This manual provides detailed instructions for installation, operation, and maintenance of your Y10 headset.

Controls and Indicators:

Image: Diagram illustrating the function keys of the Y10 headset, including volume controls, AI voice key, power/play/answer button, charging port, work indicator, charging indicator, and speaker/microphone interface.

- **Volume Up / Next Track Button (+):** Increases volume, skips to the next track.
- **Volume Down / Previous Track Button (-):** Decreases volume, goes to the previous track.
- **AI Voice Key (Microphone Icon):** Activates voice assistant (Siri, Google Assistant).

- **Power On/Off / Play/Pause / Answer Key (M Button):** Powers the device on/off, plays/pauses music, answers/ends calls.
- **Charging Port:** USB Type-C port for charging.
- **Work Indicator (Green, Blue):** Indicates operational status.
- **Charging Indicator (Red):** Indicates charging status.
- **Speaker/Microphone Interface:** Connects the speakers and microphone.

SETUP

1. Installation on Helmet:

The Y10 headset uses a split hanging clip for secure and convenient installation on most motorcycle helmets.

Image: The Y10 headset with its split mounting clip, illustrating simple and safe installation for convenient charging.

1. Identify a suitable location on the side of your helmet, typically near the bottom edge, where the clip can securely attach without obstructing vision or helmet function.
2. Separate the two parts of the split hanging clip.

3. Position one part of the clip on the inside of the helmet shell and the other on the outside, aligning them.

4. Secure the clip firmly to the helmet using the provided screws or mechanism, ensuring it is stable.

5. Slide the Y10 headset main unit onto the installed clip until it clicks securely into place.

6. Connect the speakers and microphone to the headset unit and route the cables neatly inside the helmet padding.

2. Initial Charging:

Before first use, fully charge the headset. The Y10 supports Type-C fast charging.

- Connect the provided USB Type-C charging cable to the charging port on the headset.

- Connect the other end of the cable to a USB power source (e.g., wall adapter, computer USB port).

- The charging indicator (red light) will illuminate during charging.

- Charging takes approximately 20 minutes for 3 hours of use, or longer for a full charge (up to 32 hours playback). The indicator light will change or turn off when fully charged.

OPERATING INSTRUCTIONS

1. Power On/Off:

- **Power On:** Press and hold the Power On/Off / Play/Pause / Answer Key (M Button) for approximately 3 seconds until the indicator light flashes.

- **Power Off:** Press and hold the Power On/Off / Play/Pause / Answer Key (M Button) for approximately 3 seconds until the indicator light turns off.

2. Bluetooth Pairing:

- Ensure the headset is powered off.

- Press and hold the Power On/Off / Play/Pause / Answer Key (M Button) for about 5-7 seconds until the indicator light flashes rapidly, indicating pairing mode.

- On your mobile phone or Bluetooth device, enable Bluetooth and search for "Y10".

- Select "Y10" from the list of available devices to connect. Once connected, the indicator light will slow its flashing or turn solid.

3. Music Playback:

- **Play/Pause:** Short press the Power On/Off / Play/Pause / Answer Key (M Button).
- **Next Track:** Short press the Volume Up / Next Track Button (+).
- **Previous Track:** Short press the Volume Down / Previous Track Button (-).
- **Volume Up:** Long press the Volume Up / Next Track Button (+).
- **Volume Down:** Long press the Volume Down / Previous Track Button (-).

4. Call Handling:

- **Answer Call:** The Y10 headset supports automatic answering after 10 seconds. You can also short press the Power On/Off / Play/Pause / Answer Key (M Button) to answer immediately.

- **End Call:** Short press the Power On/Off / Play/Pause / Answer Key (M Button).

- **Reject Call:** Long press the Power On/Off / Play/Pause / Answer Key (M Button).

- **Redial Last Number:** Double-press the Power On/Off / Play/Pause / Answer Key (M Button).

5. Voice Control:

Activate your smartphone's voice assistant (Siri, Google Assistant) with a single button press.
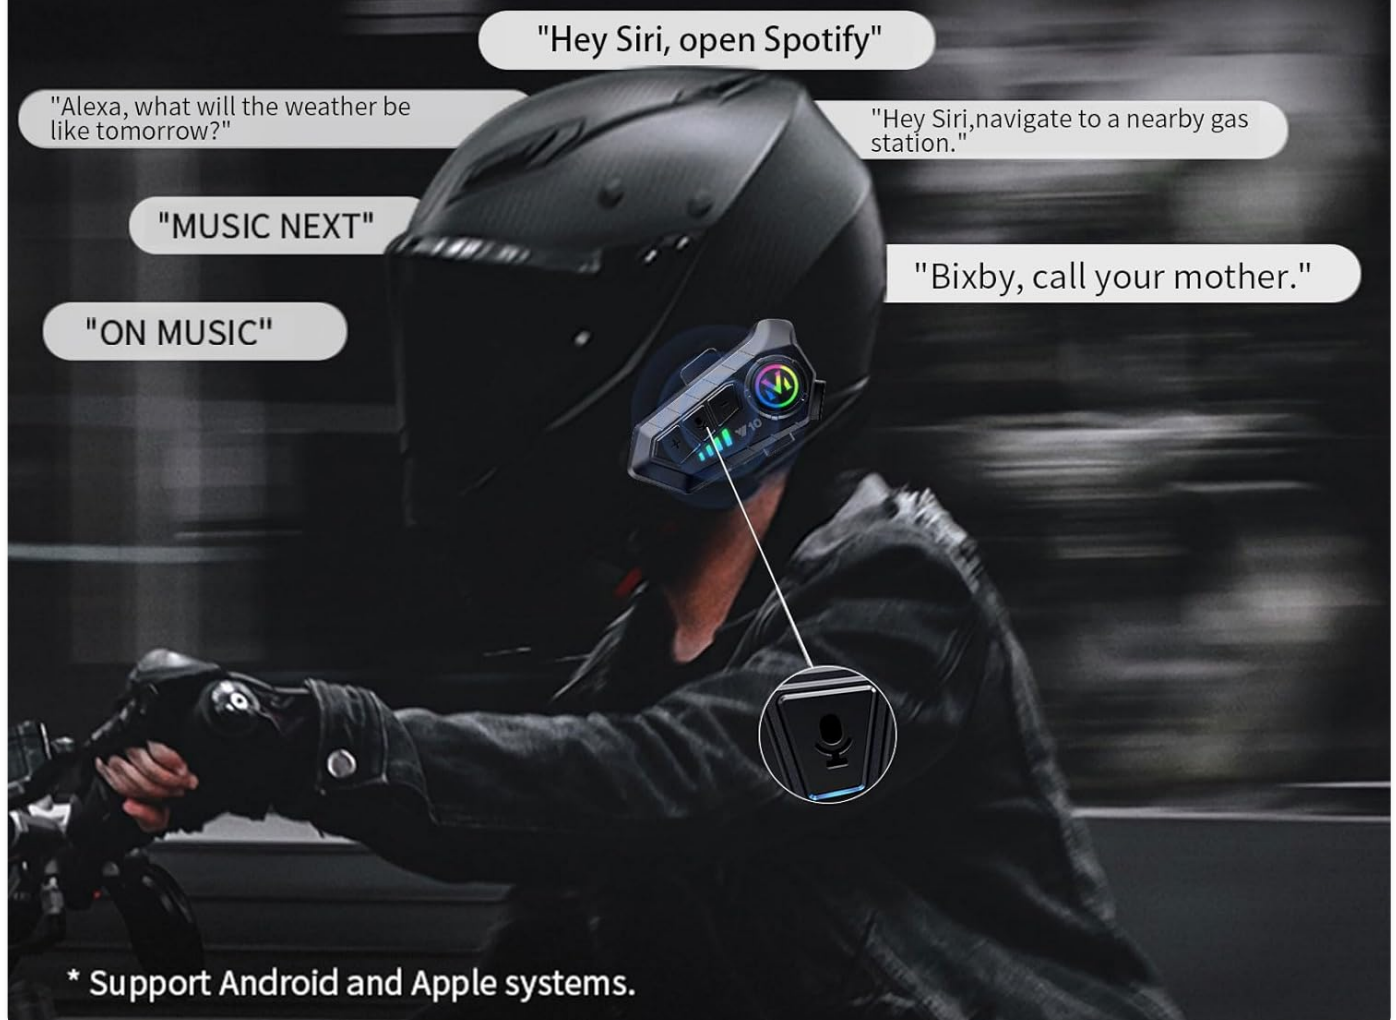

Image: A rider wearing a helmet with the Y10 headset, demonstrating the "One Click to Wake Up AI Voice Assistant" feature, showing example voice commands like "Hey Siri, open Spotify" or "Alexa, what will the weather be like tomorrow?".

- **Activate Voice Assistant:** Short press the AI Voice Key (Microphone Icon).
- Once activated, you can issue commands such as "Hey Siri, open Spotify" or "Hey Siri, navigate to a nearby gas station."

6. Connecting Two Mobile Phones:

The Y10 headset can connect to two mobile phones simultaneously, allowing you to switch between devices for music, navigation, and calls.

Image: The Y10 headset positioned between two smartphones, illustrating its "Smart One Drags Two" feature, allowing connection to two mobile phones simultaneously.

- Pair the first phone as described in the "Bluetooth Pairing" section.
- Once the first phone is connected, put the headset back into pairing mode (refer to step 2 of Bluetooth Pairing).
- Pair the second phone. The headset will now be connected to both devices.
- The headset will intelligently manage audio and calls from both connected devices.

FEATURES AND SPECIFICATIONS

The BTQILEYOO Y10 headset is engineered with advanced features for optimal performance and user convenience.

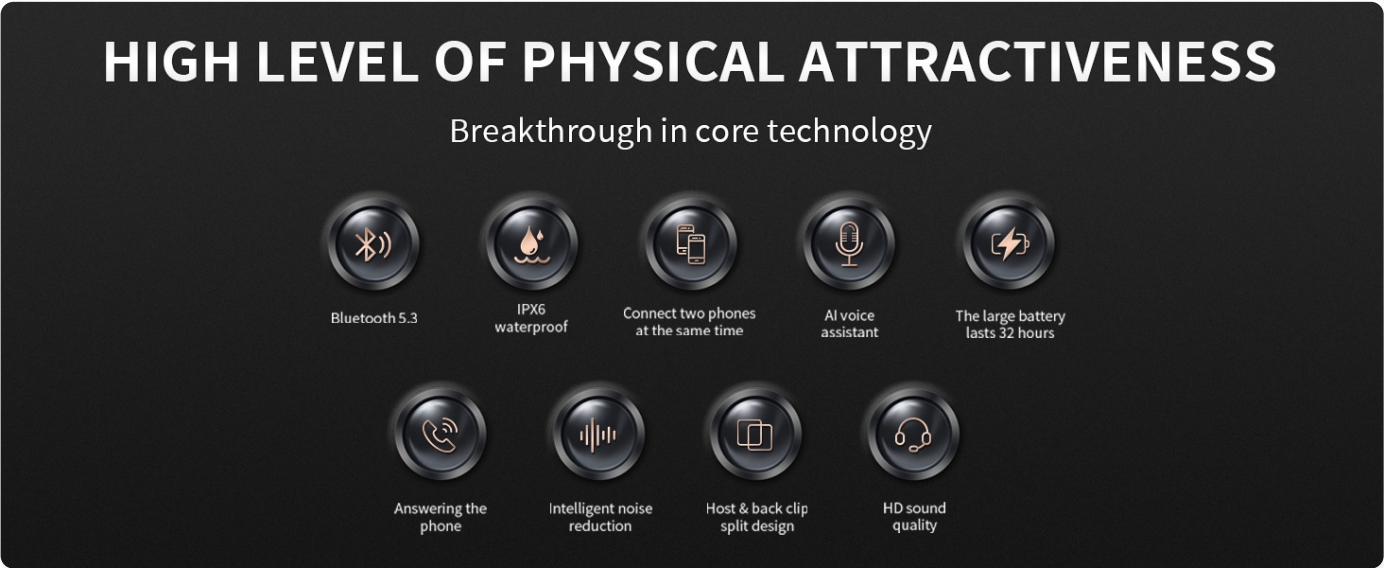

Image: A graphic summarizing key features of the Y10 headset, including Bluetooth 5.3, IPX6 waterproof, dual phone connection, AI voice assistant, 32-hour battery, call answering, intelligent noise reduction, split design, and HD sound quality.

Feature	Description
Model Name	Y10
Connectivity Technology	Wireless (Bluetooth 5.3)
Sound Quality	HiFi Level with 40mm Graphene Diaphragm

Feature	Description
Noise Reduction	Smart Noise Reduction, Dual Noise Cancellation Microphone, Windproof Sponge
Water Resistance	IPX6 Waterproof
Battery Capacity	1000mAh
Battery Life	32 hours music playback, 30 hours talk time, up to 18 months standby
Charging	Type-C Fast Charging (20 mins charge for 3 hours use)
Multi-device Connection	Connects to two mobile phones simultaneously
Voice Control	Supports AI voice assistants (Siri, Google Assistant)
Auto Answer	Automatically answers calls in 10 seconds
Compatible Devices	Motorcycle Helmets
Material	Plastic
Item Weight	6.4 ounces

Maintenance

- **Cleaning:** Wipe the headset unit with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headset regularly, even if not in use.
- **Water Exposure:** While IPX6 waterproof, avoid prolonged submersion. Ensure the charging port cover is securely closed when exposed to water.

Troubleshooting

Problem	Possible Cause	Solution
Headset does not power on.	Low battery.	Charge the headset fully.
Cannot pair with phone.	Headset not in pairing mode; Bluetooth off on phone; interference.	Ensure headset is in pairing mode (rapid flashing light). Turn phone's Bluetooth off and on. Move closer to the phone.
No sound or low volume.	Volume too low; speakers not positioned correctly; loose connection.	Increase volume on both headset and phone. Adjust speaker position inside helmet. Check speaker connections.
Call quality is poor.	Microphone not positioned correctly; environmental noise.	Adjust microphone closer to your mouth. Ensure windproof sponge is properly installed.
Headset disconnects frequently.	Out of range; interference; low battery.	Stay within Bluetooth range. Avoid strong electromagnetic interference. Charge the headset.
