MAGIC UNION 7 Tier Organizer

MAGIC UNION Rotating Shoe Rack Tower 7 Tier Organizer Instruction Manual

Model: 7 Tier Organizer

1. OVERVIEW

The MAGIC UNION Rotating Shoe Rack Tower is a versatile 7-tier organizer designed to maximize space and keep your footwear and accessories neatly arranged. Its 360-degree rotating design allows for easy access to up to 28 pairs of shoes or various bags and other items. Constructed from durable polyvinyl chloride, this stylish white carousel is a practical addition to any closet, mudroom, or bedroom.

2. PRODUCT FEATURES

- **7-Tier Spinning Design:** Offers ample storage for up to 28 pairs of shoes or various bags and accessories.
- **360-Degree Rotation:** Provides easy access to all stored items, making selection effortless.
- **Versatile Storage:** Not limited to shoes; can also hold handbags, hats, books, plants, and other decorative items.
- **Stylish and Modern:** Sleek white design complements various home decors, adding elegance to any space.
- **Sturdy Construction:** Made from high-quality polyvinyl chloride for durability and stability.
- **Space-Saving:** Vertical design is ideal for small spaces, corners, closets, and entryways.
- **Easy Assembly:** Designed for straightforward assembly with included instructions and hardware.

3. PACKAGE CONTENTS

Please ensure all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Bottom Board (1 pc)
- Vertical Dividers (multiple pieces, labeled 2 & 3)
- Horizontal Boards (multiple pieces, labeled 4 & 5)
- Screw Kit (screws, screwdriver)
- Assembly Guide (Instruction book)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required and can be completed by following the included instructions. For a visual guide, please refer to the installation video below.

1. **Prepare the Base:** Place the bottom board (labeled 1) on a clean, flat surface.
2. **Install Vertical Dividers:** Insert the vertical divider pieces (labeled 2 and 3) into the slots on the bottom

board, alternating them to form a cross pattern.

3. **Add First Horizontal Board:** Place a horizontal board (labeled 4) on top of the installed vertical dividers, aligning the slots. Secure it by tightening screws into the pre-drilled holes.
4. **Flip and Secure Base:** Carefully flip the assembled section over. Adjust the disc until the preformed holes appear, then install five screws to secure the rotating mechanism.
5. **Repeat for Remaining Tiers:** Continue installing alternating vertical dividers and horizontal boards (labeled 2, 3, and 4) for each subsequent tier, securing each horizontal board with screws.
6. **Install Top Board:** Once all tiers are in place, install the top board (labeled 5) and fix it securely with screws.

5. OPERATING INSTRUCTIONS

The shoe rack is designed for simple operation. Once assembled, you can place your shoes, bags, or other items into the compartments on each tier. To access items, gently rotate the entire tower in either direction. The smooth 360-degree rotation allows for easy viewing and retrieval of all stored items.

6. MAINTENANCE

To ensure the longevity and appearance of your shoe rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the polyvinyl chloride material.
- **Dusting:** Regularly dust the rack to prevent buildup.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Placement:** Avoid placing the rack in direct sunlight or near heat sources to prevent material warping or discoloration.

7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-----------------------------------|---|--|
| Rack is unstable or wobbly. | Screws are loose; uneven surface. | Ensure all screws are tightened. Place the rack on a flat, level surface. |
| Rotation is not smooth. | Debris in the rotating mechanism; overloaded. | Check for any obstructions and clear them. Ensure the rack is not overloaded beyond its capacity. |
| Parts do not fit during assembly. | Incorrect orientation of parts. | Refer to the assembly guide and video to ensure parts are oriented correctly. Do not force parts together. |

8. SPECIFICATIONS

| Feature | Detail |
|--------------------------------|------------------------|
| Brand | MAGIC UNION |
| Model Name | Shoe Stand |
| Model Number | 7 Tier Organizer |
| Material | Polyvinyl Chloride |
| Color | White |
