## 5. MAINTENANCE

### 5.1 Cleaning the Print Head

To maintain print quality, regularly clean the print head. Use a soft, lint-free cloth lightly dampened with isopropyl alcohol. Gently wipe the print head surface. Ensure the printer is turned off and disconnected from power before cleaning.

### 5.2 Battery Care

The MT610 Pro is equipped with a built-in 2000mAh battery. To prolong battery life:

- Charge the printer fully before first use.
- Avoid completely draining the battery frequently.
- Store the printer in a cool, dry place when not in use for extended periods.

### 5.3 Storage

When storing the printer, especially for long periods, ensure it is clean and the paper compartment is empty. Store it in its original packaging or a protective case to prevent dust and damage.
