

OFFSIR GS005

OFFSIR Computer Speakers Model GS005 User Manual

Model: GS005

1. INTRODUCTION

Thank you for choosing the OFFSIR Computer Speakers, Model GS005. These speakers are designed to provide an enhanced audio experience for your computer, laptop, or gaming setup. Featuring a unique 2-in-1 detachable design, Hi-Fi stereo sound, and touch-sensitive RGB lighting, they offer versatility and immersive audio. Please read this manual carefully to ensure proper setup and operation.

Package Contents

- OFFSIR Computer Speakers (2 units)
- User Manual

2. SETUP INSTRUCTIONS

The OFFSIR Computer Speakers are designed for plug-and-play functionality, requiring no additional drivers for most operating systems.

Connecting the Speakers

1. **Connect the USB Cable:** Insert the USB-A connector into an available USB port on your computer, laptop, or other compatible device. This provides power to the speakers.
2. **Connect the 3.5mm Audio Cable:** Insert the 3.5mm audio jack into the audio output port (headphone jack) of your computer, laptop, or other compatible device. This transmits the audio signal.
3. **Power On:** Turn the volume knob on the right speaker clockwise to power on the speakers and adjust the volume.

The speakers are compatible with a wide range of devices and operating systems, including Windows (Vista / 7 / 8 / 10), Mac OS, Chrome OS, Linux, and UNIX.

Plug and Play

No need drivers and software

 Laptop	 Desktop/PC
 PS5	 Monitor
 Projector	 Mac mini

Connects to most devices via USB and 3.5mm audio gaming with ultra-low latency and no sound cracking.

3. OPERATING INSTRUCTIONS

Volume Control

The speakers feature a single knob for easy control. Rotate the knob on the right speaker clockwise to increase volume and counter-clockwise to decrease volume. This knob also serves as the power on/off switch.

RGB Lighting Control

The speakers are equipped with touch-sensitive RGB lighting. Gently touch the top surface of the right speaker to cycle through different lighting modes or to turn the lights on/off. There are four distinct lighting modes available to enhance your environment.

2-in-1 Detachable Design

The OFFSIR speakers offer a versatile 2-in-1 design, allowing them to be used as two separate stereo speakers or combined into a single soundbar. To combine, align the grooves on the sides of the two speaker units and slide them together until they securely connect. To separate, gently pull them apart.

2-in-1 Design, Placed as You Please!

4. MAINTENANCE

To ensure the longevity and optimal performance of your OFFSIR Computer Speakers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior surfaces of the speakers. Do not use liquid cleaners, aerosols, or abrasive materials, as these may damage the finish or internal components.
- **Environment:** Avoid exposing the speakers to extreme temperatures, direct sunlight, high humidity, or dusty environments.
- **Handling:** Handle the speakers with care. Avoid dropping them or subjecting them to strong impacts.

5. TROUBLESHOOTING

If you encounter any issues with your OFFSIR Computer Speakers, please refer to the following troubleshooting steps:

- **No Sound:**
 - Ensure the USB cable is securely connected to a powered USB port.
 - Verify the 3.5mm audio cable is fully inserted into both the speaker and the audio output port of your device.
 - Check the volume knob on the right speaker and turn it clockwise to increase volume.
 - Confirm that the audio output settings on your computer or device are configured to use the connected speakers.
 - Test with another audio source or device to rule out a source issue.
- **RGB Lights Not Working:**
 - Ensure the speakers are powered on via the volume knob.
 - Gently touch the top of the right speaker to cycle through lighting modes or turn them on.
 - Check the USB power connection.
- **Distorted or Low-Quality Sound:**
 - Reduce the volume on both the speakers and your audio source to prevent clipping.
 - Ensure the 3.5mm audio cable is fully inserted and not damaged.
 - Test with different audio files or applications to determine if the issue is source-related.
 - Ensure no other audio devices are interfering.

6. SPECIFICATIONS
