2. **Identify Parts:** Refer to the parts list and diagrams in the included instruction manual to identify each component.
3. **Initial Assembly (Sofas):** Begin assembling the sofa frames. Attach the backrest to the seat base, then connect the armrests. **Important: Do not tighten all screws completely until all holes are aligned and all parts are loosely connected.** This allows for flexibility to align holes.
4. **Coffee Table Assembly:** Assemble the coffee table frame. Attach the legs to the tabletop support structure.
5. **Final Tightening:** Once all components are loosely assembled and aligned, gradually tighten all screws and bolts using the provided Allen wrench. Ensure all connections are firm and secure.
6. **Attach Cushions:** Place the seat and back cushions onto the sofas. The seat cushions feature zippered covers for easy removal and washing.

6. MAINTENANCE

Proper care will extend the life and appearance of your furniture set.

- **Cleaning Frame:** Wipe the PE rattan and steel frame with a dry cloth. For more thorough cleaning, use a mild soap solution and a soft cloth, then rinse with clean water and dry thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The seat cushion covers are removable with a smooth zipper design. They can be machine washed on a gentle cycle with cold water or hand washed. Air dry only; do not tumble dry. Store cushions indoors during inclement weather or when not in use for extended periods to prevent fading and wear.
- **Acacia Wood Tabletop:** The acacia wood tabletop is abrasion resistant. Wipe with a dry cloth. For deeper cleaning, use a damp cloth and mild soap, then dry immediately. Periodic oiling with outdoor wood oil can help maintain its appearance and protect it from the elements.
- **Foot Pads:** The non-slip and anti-scratch foot pads help protect your floors. Ensure they are clean and free of debris.

- **Winter Storage:** During winter months or prolonged periods of non-use, it is recommended to store the furniture indoors or cover it with a weather-resistant furniture cover to protect it from extreme weather conditions.

7. TROUBLESHOOTING

If you encounter any issues with your furniture set, please refer to the following common solutions:

- **Wobbly Furniture:** Ensure all screws and bolts are securely tightened. Check the adjustable foot pads on the sofas and adjust them to level the furniture on uneven surfaces.
- **Difficulty Aligning Holes During Assembly:** Loosen all screws slightly. This provides more flexibility to align parts. Once all parts are in place, then tighten all screws gradually.
- **Cushions Flattening:** Fluff cushions regularly to maintain their shape and comfort. If covers are removable, consider washing them as per maintenance instructions.
- **Rattan Damage:** Minor rattan unraveling can sometimes be carefully tucked back into place. For significant damage, contact customer support.
- **Rust Spots on Steel Frame:** While the steel frame is rustproof, prolonged exposure to moisture can cause surface rust. Clean immediately with a rust remover and apply a protective coating if necessary.
