Coway AP-1512HH-FP Pet

COWAY Airmega AP-1512HH & 200M Air Purifier Filter Replacement Set Manual

Model: AP-1512HH-FP Pet

INTRODUCTION

This manual provides instructions for the COWAY Airmega AP-1512HH & 200M Filter Replacement Set, which includes a HEPA filter and a Pet filter. This set is designed to maintain the air purification performance of your compatible Coway Airmega unit. Please read these instructions carefully before installation and use.

SETUP AND COMPATIBILITY

This filter replacement set is compatible with the following Coway Airmega models:

- Coway Airmega AP-1512HH
- Coway Airmega 200M

Ensure your air purifier is unplugged before attempting to install or replace filters. Refer to your air purifier's main instruction manual for specific steps on opening the unit and accessing the filter compartment.

OPERATING PRINCIPLES AND FILTER TYPES

The Coway Airmega filter system utilizes multiple layers to purify air effectively. This replacement set includes a True HEPA filter and a specialized Pet filter.

Filter Functions:

- **HEPA Filter:** Captures 99.97% of airborne particles as small as 0.3 microns, including pollen, dust mites, pet dander, and other allergens.
- **Pet Filter:** Specifically designed to reduce pet-related odors and harmful gases such as ammonia (NH₃) and hydrogen sulfide (H₂S) that originate from pet waste and dander.

Coway offers various custom filters to address specific air quality concerns. This set includes the Pet filter, which is optimized for households with pets.

Customized for Your Needs

Official Product Videos:

Video 1: "The Pet Filter is Amazing for our Pet Household!" This video demonstrates the benefits of the Pet Filter in a home with pets, highlighting its effectiveness in managing pet-related air quality issues.

Video 2: "Life with Airmega and 13 Cats" This video showcases the Coway Airmega's performance in a multi-cat household, emphasizing its ability to maintain fresh air despite numerous pets.

MAINTENANCE AND FILTER REPLACEMENT

Regular filter replacement is crucial for maintaining the optimal performance of your Coway Airmega air purifier. The unit features a convenient filter replacement indicator to remind you when replacement is due.

Recommended Replacement Schedule:

- **HEPA Filter:** Replace approximately every 12 months.
- **Pet Filter:** Replace approximately every 6 months.

The actual lifespan of filters may vary depending on air quality and usage frequency.

Replacement Procedure:

1. Unplug the air purifier from the power outlet.

2. Open the front cover of the air purifier to access the filter compartment.
3. Remove the old filters. Dispose of used filters responsibly.
4. Install the new HEPA and Pet filters according to the markings on the filters and the air purifier. Ensure they are seated correctly to prevent air bypass.
5. Close the front cover securely.
6. Plug the air purifier back into the power outlet.
7. Reset the filter replacement indicator on your unit as per your air purifier's main manual.

Using genuine Coway filters ensures proper fit, high performance, and maintains the validity of your air purifier's warranty.

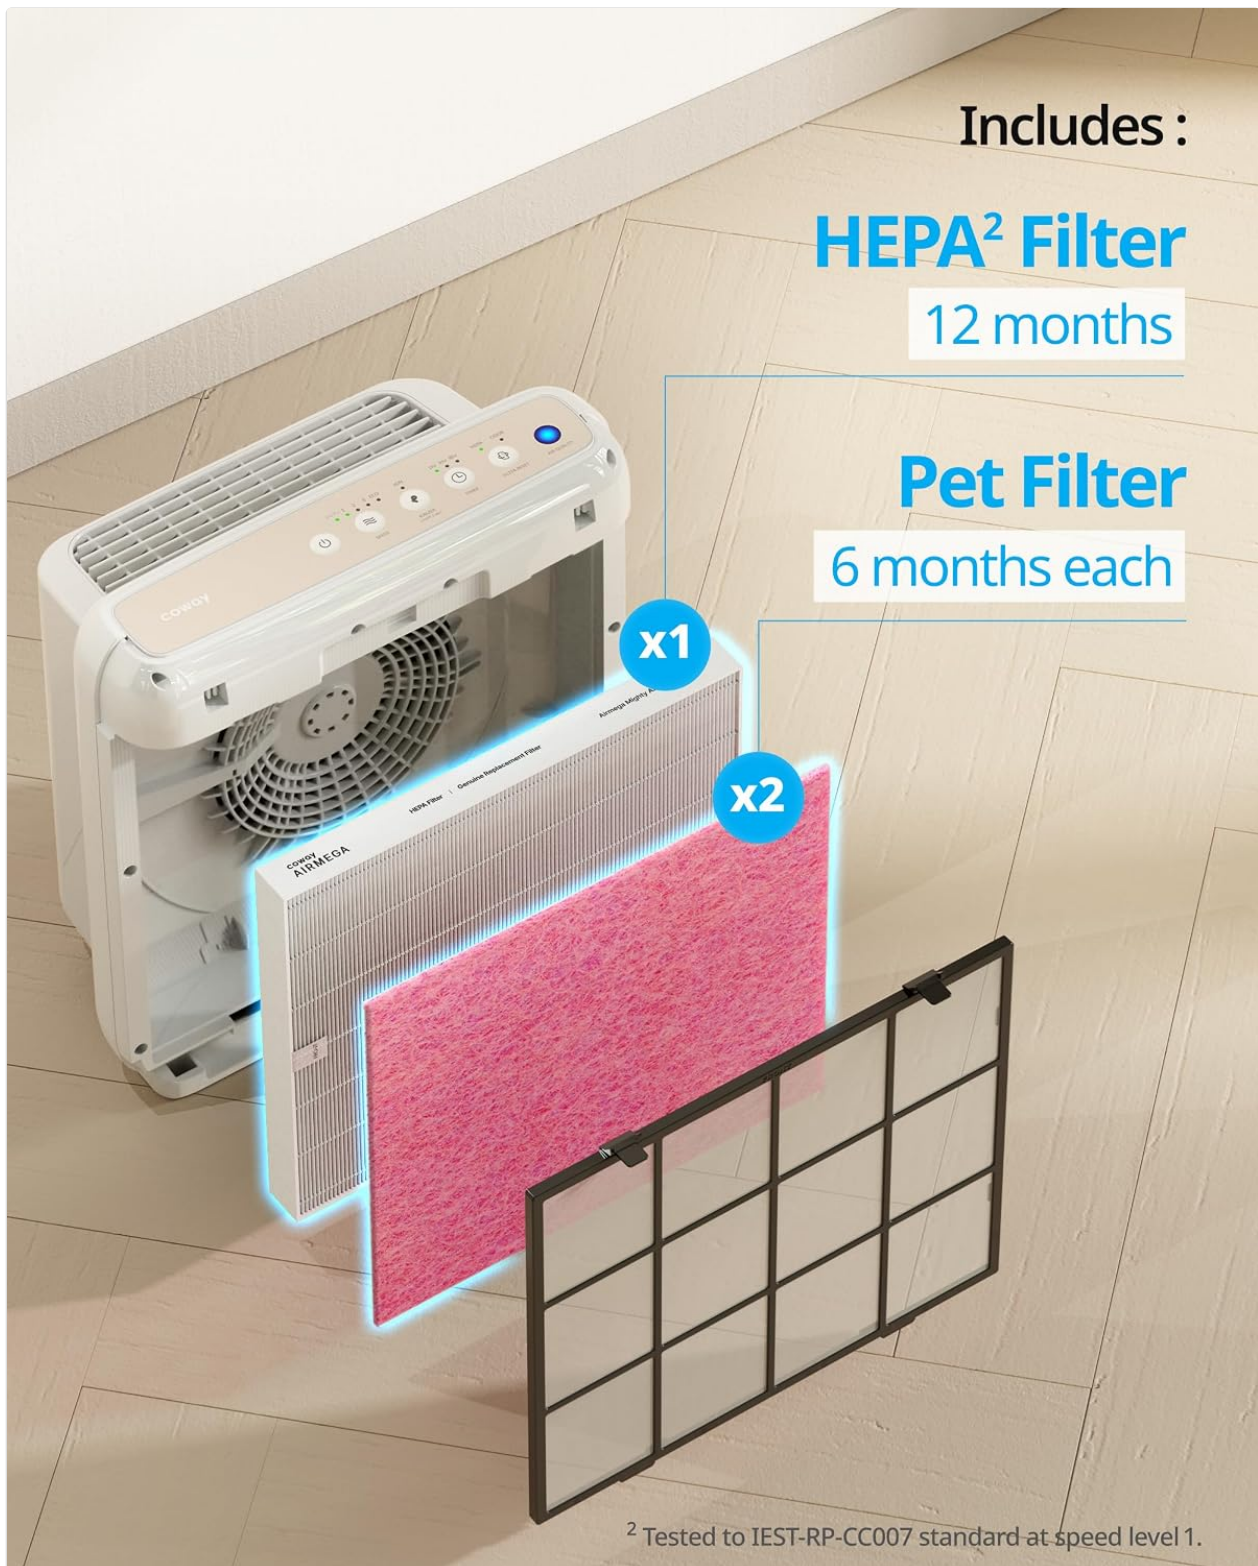

Figure 6: Included filters and their recommended replacement intervals.

✓ Our Filters	✗ 3rd Party Filter
 Perfect Fit & Seal	 Poor Fit
 High Performance	 Low Effectiveness
 Longer Lifespan	 Shorter Lifespan
 Warranty Valid	 Purifier May Break, Warranty Invalid

TROUBLESHOOTING

Unusual Odor After Filter Replacement:

Occasionally, a new filter may emit a slight, temporary odor. This is typically due to manufacturing processes and should dissipate within a few hours of operation. To expedite this, operate the air purifier on a high setting in a well-ventilated area for a day or two.

Reduced Airflow or Performance:

- Ensure all filters are installed correctly and the front cover is securely closed.

- Check if the pre-filter (not included in this set, but part of the air purifier) requires cleaning. A clogged pre-filter can restrict airflow.
- Verify that the filter replacement indicator has been reset after installing new filters.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Coway
Model Number	AP-1512HH-FP Pet
Compatible Devices	Coway Airmega AP-1512HH, Coway Airmega 200M
Included Components	HEPA Filter, Pet Filter
Material	Fiberglass, Polypropylene
Product Dimensions (L x W x Th)	15" x 13" x 0.8"
Item Weight	16 ounces
UPC	826439000929
