Hasuit LB-05

Hasuit Twin Loft Bed with LED Lights Instruction Manual

MODEL: LB-05

Brand: Hasuit

1. Introduction

This manual provides comprehensive instructions for the assembly, operation, maintenance, and safety of your Hasuit Twin Loft Bed with LED Lights, Model LB-05. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation of your new loft bed.

The Hasuit Twin Loft Bed is designed to maximize space in your room, featuring a sturdy metal frame, integrated RGB LED lighting, a full-length guardrail for safety, and a convenient clothes rack. The area beneath the bed can be customized for various uses, such as a study, relaxation, or entertainment zone.

2. Safety Information

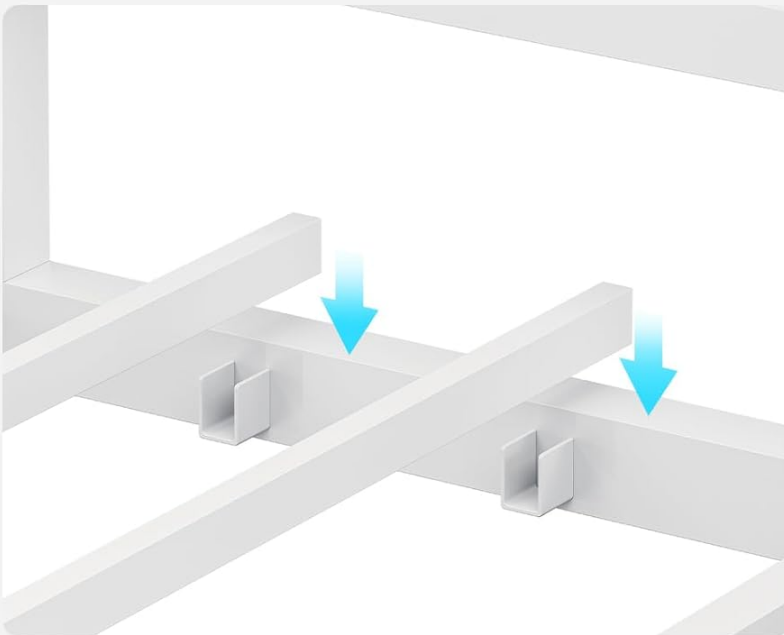

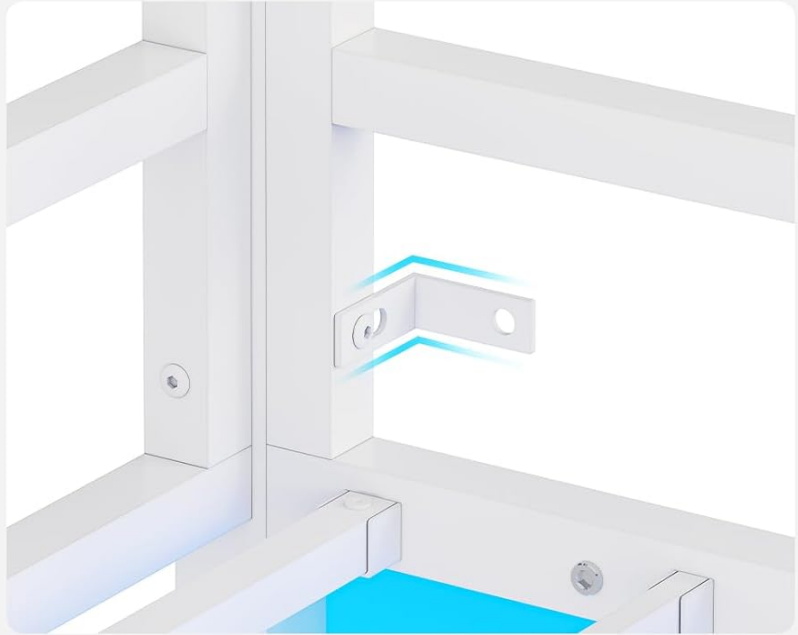

Your safety is paramount. Adhere to the following guidelines to prevent injury and ensure the longevity of your loft bed:

- **Weight Limit:** The loft bed frame can support a maximum weight of **400 pounds**. Do not exceed this limit.
- **Guardrails:** The bed is equipped with full-length guardrails. Ensure they are properly installed and maintained. Do not climb on the guardrails.
- **Mattress Thickness:** Use a mattress no thicker than 6 inches to ensure the guardrails provide adequate protection against falls.
- **Anti-Tipping Device:** For enhanced stability and safety, always install the provided anti-tipping device and securely fix the bed to the wall. This prevents accidental tipping.
- **Assembly:** Follow all assembly instructions carefully. Ensure all bolts and fasteners are tightened securely before use. Regularly check and re-tighten fasteners as needed.

- **General Use:** Avoid rough play on or under the bed. Do not hang items from the bed frame that could cause instability or injury.

Anti-toppling Device

Prevent the loft bed tipping over

3. Included Components

Before beginning assembly, please verify that all the following components are present in your package:

- Loft Bed Frame (metal components)
- RGB LED Lights (strip and controller)
- Installation Manual
- Installation Tools and Parts (screws, wrench, etc.)

4. Setup and Assembly

Assembly of the Hasuit Twin Loft Bed is designed to be straightforward. Each part is numbered, and a detailed instruction manual is included to guide you through the process. It is recommended to have two people for assembly.

1. **Unpack:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the included parts list and diagrams in the installation manual to identify each component.
3. **Follow Instructions:** Assemble the bed frame step-by-step according to the numbered instructions provided in the separate installation manual.
4. **Secure Fasteners:** Ensure all screws, bolts, and connectors are tightened securely at each step. Do not overtighten.
5. **Install Anti-Tipping Device:** Once the bed frame is fully assembled and in its final position, install the anti-tipping device by securely fixing it to the wall as per the instructions.
6. **Install LED Lights:** Attach the RGB LED light strips to the designated areas on the bed frame and connect them to the power adapter.

5. Operating Instructions (LED Lights)

The integrated RGB LED lights offer a customizable lighting experience. They can be controlled via a physical controller or a dedicated mobile application.

- **Power On/Off:** Use the power button on the controller or within the app to turn the lights on or off.
- **Color Selection:** Choose from over 60,000 colors using the color wheel or preset options in the app.
- **Brightness Adjustment:** Adjust the brightness level to your preference via the controller or app.
- **Modes:** Explore various lighting modes, including static colors, dynamic effects, voice control mode (lights react to sound), and music mode (lights sync with music rhythm).

- **Timing Function:** Set schedules for the lights to turn on or off automatically using the app's timing function.
- **Custom Styles:** Create and save your own custom lighting styles for quick access.

6. Features and Design

The Hasuit Twin Loft Bed is engineered for both functionality and style, offering several key features:

- **Space-Saving Design:** The elevated bed frame creates a large, open area underneath (approximately 59.25 inches in height) that can be utilized for a desk, seating, storage, or other personalized setups.
- **Integrated Clothes Rack:** A convenient clothes rack is built into the side of the bed frame, providing easy access for hanging clothes or towels.
- **Full-Length Guardrail:** High guardrails (approximately 13.11 inches from the bed base) surround the sleeping area, offering enhanced safety.
- **Sturdy Construction:** Constructed from thickened metal with tightly arranged steel pipes and a triangular frame structure, ensuring stability and durability.
- **Square Ladder:** Designed with square heavy metal tube ladders for easier climbing and reduced risk of slipping compared to round tube ladders.
- **Non-Slip Foot Pads:** Equipped with non-slip foot pads to increase stability, prevent the bed from sliding, and protect your floor from scratches.

7. Maintenance

To keep your Hasuit Twin Loft Bed in optimal condition, follow these maintenance guidelines:

- **Cleaning:** For the metal frame, wipe with a soft, dry cloth. For stubborn marks, a damp cloth with mild soap can be used, followed by drying thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Fastener Checks:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **LED Lights:** Ensure the LED light strips are free from dust and debris. If any issues arise with the lights, check connections before contacting support.
- **Mattress Care:** Follow the manufacturer's care instructions for your mattress and bedding.

8. Troubleshooting

If you encounter any issues with your Hasuit Twin Loft Bed, please refer to the following common troubleshooting steps:

- **Bed Wobbles:** Ensure all assembly bolts are securely tightened. Verify the anti-tipping device is properly installed and fixed to the wall. Check that the bed is placed on a level surface.
- **LED Lights Not Working:** Check if the power adapter is securely plugged into both the wall outlet and the LED strip. Ensure the controller or app is properly connected and powered. Try restarting the app or unplugging and replugging the power adapter.
- **Noise:** If the bed makes noise, re-check all fasteners and tighten any loose connections. Ensure the mattress is properly seated on the bed base.

If these steps do not resolve your issue, please contact customer support for further assistance.

9. Specifications

Feature	Detail
Model Number	LB-05

Feature	Detail
Size	Twin
Product Dimensions (L x W x H)	77.95" x 42.32" x 72.74"
