The Tribesigns Round Bookshelf is designed for quick and hassle-free assembly. All necessary hardware and clear instructions are included.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a soft, clean surface to prevent scratches. Refer to the parts list in the included assembly guide to identify each piece.
2. **Assemble the Metal Frame:** Follow the step-by-step diagrams in the assembly guide to connect the metal frame components using the provided screws and tools. Do not fully tighten screws until all parts are loosely assembled.
3. **Attach Shelf Boards:** Once the frame is partially assembled, carefully place the rustic brown shelf boards onto their designated positions. Secure them with the appropriate fasteners as indicated in the instructions.
4. **Tighten All Fasteners:** Once all components are in place, systematically tighten all screws and bolts. Ensure the frame is stable and square.
5. **Install Adjustable Foot Pads:** Screw the adjustable foot pads into the bottom of the bookshelf legs. These pads help ensure stability on uneven floors and protect your flooring from scratches. Adjust them as needed to level the bookshelf.
