

FiveHome A300-NEW

FiveHome Kids Alarm Clock User Manual

MODEL: A300-NEW

Kids Alarm Clock, Sleep Training Clock with Sun & Moon, Sleep Sound Machine, Timer Night Light, OK to Wake Clock for Kids and Toddlers Purple

1. INTRODUCTION AND OVERVIEW

The FiveHome Kids Alarm Clock is designed to help toddlers and young children develop healthy sleep habits by visually indicating when it's time to wake up or go to bed. This versatile device combines a sleep training clock with a night light, a sleep sound machine, and a nap timer, making it an essential tool for parents.

- **Sleep Training Clock:** Features Sun and Moon icons with colored lights to teach children time concepts.
- **Night Lights:** Offers 9 color lights and 3 levels of warm light to create a comfortable bedtime environment.
- **Sleep Sound Machine:** Includes 6 soothing sleep sounds and 4 alarm music options.
- **Nap Timer & Snooze:** Supports timed activities and a 9-minute snooze function.

2.2 Video Guide: Unboxing and Basic Functions

Your browser does not support the video tag.

This official video demonstrates the unboxing process and provides an overview of the clock's basic functions, including light changes and sound options.

3. OPERATING INSTRUCTIONS

3.1 Sleep Training Function (Sun & Moon)

The clock uses visual cues to help children understand sleep and wake times. The display changes between a sun and moon icon, accompanied by different light colors.

- **Wake-Up Time:** When it's time to wake up, the sun icon appears on the LED screen, and the clock illuminates with a green light.

- **Bedtime:** When it's time to go to bed, the moon icon appears on the screen, and the clock illuminates with a red light.

WAKE-UP TIME

Display of sun symbol and green light

The clock showing the sun icon and green light, indicating it's time to wake up.

SLEEP TIME

Display of moon symbol and red light

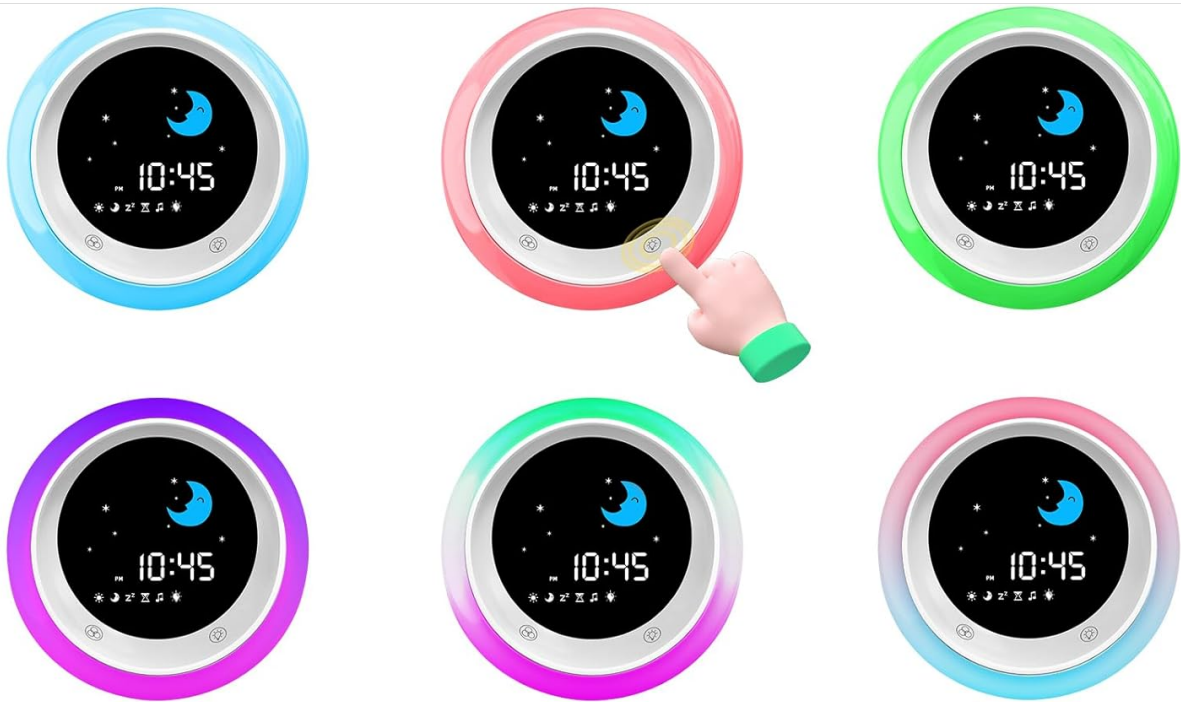

The clock showing the moon icon and red light, indicating it's time for sleep.

3.2 Night Lights and Sleep Sound Machine

The clock offers customizable lighting and sound options to enhance the sleep environment.

- **9 Color Lights & 3 Warm Light Levels:** Easily switch between various colors and adjust warm light intensity to suit your child's preference.
- **6 Sleep Sounds & 4 Alarm Music:** Choose from a selection of soothing sounds to help your child fall asleep, and different music options for alarms.

3.3 Nap Timer & Snooze Function

The clock includes a timer function useful for various activities and a snooze option for alarms.

- **Timer Function:** Set a countdown for homework, playtime, or naps (options: 15/30/60/90/120 minutes).
- **Snooze Function:** Allows for a 9-minute snooze period after the alarm sounds.

SLEEP SOUND MACHINE

6 Sleep Sound

4 Alarm music

The clock highlighting its alarm, sound machine, and nap timer functionalities.

4. MAINTENANCE

To ensure the longevity and optimal performance of your FiveHome Kids Alarm Clock, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the clock. Avoid using abrasive cleaners or solvents, as they may damage the finish.
- **Power Care:** Always use the original power adapter provided with the clock. Ensure the power cord is not bent or pinched to prevent damage.
- **Placement:** Place the clock on a stable, flat surface away from direct sunlight, excessive heat, or moisture.

5. TROUBLESHOOTING

If you encounter any issues with your FiveHome Kids Alarm Clock, please refer to the following common solutions:

- **Clock Does Not Retain Time After Unplugging:** This clock requires continuous power to maintain time settings. If unplugged, you will need to reset the time upon reconnection.
- **Alarm Sound is Too Loud/Cannot Be Turned Off:** Refer to the setup guide for detailed instructions on adjusting alarm volume and disabling the alarm sound. The control buttons are located on the bottom of the unit.
- **Wake-Up Light is Too Bright/Cannot Be Dimmed or Turned Off:** The wake-up light is designed to signal morning. While brightness can be adjusted, some users note that the green wake-up light cannot be fully disabled without affecting the sleep training function.
- **Difficulty Changing Colors or Settings:** Ensure you are using the correct buttons as indicated in the setup guide. The touch controls on the front and physical buttons on the bottom each have specific functions.
- **Clock Not Responding:** Try unplugging the clock from the power source for a few minutes, then plug it back in to perform a soft reset.

If the issue persists after attempting these solutions, please contact customer support.

6. SPECIFICATIONS

Feature	Detail
Brand	FiveHome
Model Number	A300-NEW
Color	Purple
Display Type	Desktop Display
Power Source	Corded Electric
Product Dimensions	5.7"W x 4.8"H
Material	Plastic
Item Weight	14.4 ounces
Age Range (Description)	3-8 years
Special Feature	Corded
