TYCOLE T1082A

TYCOLE Super Sports Car Building Block Set Instruction Manual

Model: T1082A

Product Overview

The TYCOLE Super Sports Car Building Block Set (Model T1082A) is a detailed construction kit designed for enthusiasts of speed race cars and building toys. This set comprises 317 pieces, allowing for the creation of a realistic champion racing car model, complete with a transparent display case for showcasing the finished product.

Assembly Instructions (Setup)

This building block set contains 317 pieces. Assembly is designed to be straightforward with clear, color-printed instructions. The parts are organized into step-by-step packages to simplify the building process.

Before You Begin:

- Unpack all components and verify that all 317 pieces are present. Refer to the parts list in your instruction booklet.
- Organize pieces by color and size to facilitate easier assembly.
- Ensure you have a clean, flat, and well-lit workspace.

Assembly Steps:

1. Follow the color-printed instructions provided in the manual. Each step is clearly illustrated.
2. Assemble sections according to the step-by-step packaging. Do not open all bags at once unless instructed.
3. Ensure all connections are firm and secure to maintain the structural integrity of the model.

The estimated assembly time is typically 1-3 hours, depending on individual experience.

Operating Features

Once assembled, the TYCOLE Super Sports Car model offers several interactive features that enhance its playability and display value:

- **Rotatable Tires:** The wheels are designed to rotate, allowing for dynamic posing or gentle movement of the model.
- **Openable Car Cover:** The main body cover can be opened, revealing interior details.
- **Openable Back:** The rear section of the car can also be opened, adding to the detailed design.
- **Transparent Windshield:** Provides a clear view of the detailed interior.
- **Car Spoiler:** The rear spoiler is an integral part of the design, contributing to the realistic sports car aesthetic.

Maintenance

Proper care and maintenance will ensure the longevity and appearance of your TYCOLE Super Sports Car model:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust from the model and display case. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or harsh chemicals.
- **Storage:** When not on display, store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. The included display case offers excellent protection against dust and environmental factors.
- **Handling:** Handle the assembled model with care, especially when moving it or placing it in the display case, to prevent accidental detachment of pieces.

Troubleshooting

While the TYCOLE Super Sports Car Building Block Set is designed for a smooth assembly experience, you may encounter minor issues. Here are some common troubleshooting tips:

Missing Parts:

If you find any missing parts during assembly, please refer to the "Service and Support" section for contact information. It is recommended to check all packaging thoroughly before discarding to ensure no small pieces were overlooked.

Difficulty with Assembly Steps:

- **Review Instructions:** Carefully re-examine the color-printed instructions for the specific step causing difficulty. Pay close attention to the orientation of pieces and connection points.
- **Check Previous Steps:** Sometimes an error in an earlier step can affect subsequent assembly. Backtrack a few steps to ensure everything is correctly placed.
- **Piece Identification:** Double-check that you are using the correct pieces for the current step. Small variations in shape or size can lead to fit issues.
- **Apply Gentle Pressure:** Pieces should fit together smoothly. If excessive force is required, re-evaluate the alignment or piece selection.

Loose Connections:

Ensure that all blocks are firmly pressed together. A loose connection can lead to instability in the model. If a piece consistently feels loose, verify it is the correct piece for that connection point.

Specifications

Attribute	Detail
Product Dimensions (Assembled Car)	6.89 inches (L) x 3.19 inches (W) x 1.89 inches (H)
Item Weight	15.5 ounces
Model Number	T1082A
Number of Pieces	317
Manufacturer Recommended Age	6 years and up
Materials	High-quality ABS raw materials
Certifications	CPC, CE, CCPSA tested and certified
