Bealife BF44-P-EU

Bealife Upholstered Bed Frame 120 x 200 cm - Instruction Manual

Model: BF44-P-EU

INTRODUCTION

Thank you for choosing the Bealife Upholstered Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

This bed frame features an elegant and modern design with clean lines and subtle curves, enhancing the sense of space in any bedroom. The soft, easy-to-clean fabric offers a comfortable touch and sophisticated look. It is constructed with a robust and stable frame, including large wooden slats and a rust-treated metal frame with 7 evenly spaced support legs for optimal stability. The unique headboard design includes side wings to prevent mattress slippage and pillows from falling, providing ideal support for reading or watching television. The anti-noise design incorporates sturdy wooden slats and silent strips on the metal frame to reduce friction, ensuring a peaceful night's sleep. Additionally, the bed frame offers ample under-bed storage space, allowing for easy cleaning by robotic vacuums.

SAFETY INFORMATION

WARNING: Please exercise caution during assembly due to the weight of the product. Handle all components with care to prevent injuries from sharp edges.

- Always assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Do not exceed the recommended weight capacity of the bed frame.
- Keep small parts away from children during assembly to avoid choking hazards.
- Do not stand or jump on the bed frame.

PACKAGE CONTENTS

Before assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard (Upholstered)
- Side Rails (Upholstered)
- Footboard (Upholstered)
- Center Support Beam
- Support Legs (7 pieces)
- Wooden Slats
- Hardware Pack (screws, bolts, washers, Allen key)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

A screwdriver is provided. An electric screwdriver is recommended for efficiency (not supplied).

Preparation:

1. Verify both packages and all parts.
2. Prepare a clear workspace and count all components.
3. Wear gloves for your safety during assembly.

Image: Assembly preparation guide. It shows a couple assembling furniture, highlighting the need to check packages, clear the workspace, and wear gloves. A screwdriver is included, and an electric screwdriver is recommended.

Step-by-Step Assembly:

1. **Assemble the Frame:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are firm and secure.
2. **Install Center Support:** Attach the center support beam to the designated points on the headboard

and footboard, or to the side rails, as per the diagram.

- 3. Attach Support Legs:** Screw the 7 support legs into their respective positions on the frame and center beam. Ensure they are tightened securely to provide a stable foundation.

OPERATING INSTRUCTIONS

Once assembled, your Bealife Upholstered Bed Frame is ready for use.

- **Mattress Placement:** Carefully place your mattress onto the wooden slats. The headboard's side wings are designed to help keep the mattress in place.
- **Weight Capacity:** Ensure the combined weight of the mattress and occupants does not exceed the bed frame's maximum weight capacity (consult product specifications or manufacturer for exact limits if not listed).
- **Under-bed Storage:** Utilize the ample space beneath the bed for storage. This area is also designed to be easily accessible for cleaning, including robotic vacuums.

Image: Illustration of the under-bed storage space and ease of cleaning.

MAINTENANCE

- **Cleaning the Upholstery:** For general cleaning, gently vacuum the upholstered headboard and frame to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner following the product's instructions, testing on an inconspicuous area first.

Image: Detail of the comfortable and soft upholstered backrest.

- **Frame Care:** Wipe the metal and wooden components with a damp cloth. Avoid harsh chemicals that may damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all bolts and screws and re-tighten them to maintain stability and prevent squeaking.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame squeaks, check all bolts and screws and tighten them. Ensure the wooden slats are properly seated and not rubbing against the frame. The anti-noise design with silent strips should minimize this issue.
- **Instability/Wobbling:** Verify that all support legs are firmly attached and evenly touching the floor. Ensure all frame connections are securely tightened.
- **Mattress Slippage:** The headboard is designed with side wings to help prevent mattress movement. Ensure the mattress is correctly positioned against these wings.

SPECIFICATIONS
