Bealife Upholstered Bed 90 x 200 cm Instruction Manual

Model: BF44-P-EU

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Always follow the installation instructions carefully to ensure the stability of the bed frame and avoid the risk of instability or collapse.
- Assembly should ideally be performed by two adults.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand or jump on the bed frame.
- Use only the recommended mattress size (90 cm width) to ensure proper fit and support.

2. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Headboard (Upholstered)
- Footboard
- Side Rails (Left and Right)
- Center Support Bar(s)
- Support Legs
- Wooden Slats
- Hardware Pack (screws, bolts, washers, Allen key)
- Installation Manual (this document)

3. SETUP AND ASSEMBLY

The Bealife Upholstered Bed is designed for easy assembly, typically taking less than an hour with two people. All necessary tools are included.

3.1 Assembly Steps

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Refer to the parts list in your separate installation guide to identify each component.
2. **Attach Side Rails to Headboard and Footboard:** Connect the side rails to the headboard and footboard using the provided bolts and an Allen key. Do not fully tighten bolts until all major components are connected.
3. **Install Center Support Bar(s):** Attach the center support bar(s) and any associated support legs to the bed frame. Ensure they are properly aligned and secured.
4. **Place Wooden Slats:** Position the wooden slats evenly across the bed frame. Secure them in place according to the specific instructions in your installation guide (e.g., using plastic caps or screws).
5. **Final Tightening:** Once all components are assembled, go back and securely tighten all bolts and screws.

3.2 Visual Guide for Structure

4. OPERATING (USAGE)

The Bealife Upholstered Bed is designed for comfort and practicality in your bedroom or teenager's room.

- **Mattress Placement:** Place your 90 cm wide mattress directly onto the slatted frame. No box spring is typically required due to the sturdy slatted support.
- **Padded Headboard:** The upholstered headboard provides a comfortable and soft backrest, ideal for reading or relaxing in bed.
- **Under-Bed Storage:** The design allows for ample space underneath the bed, suitable for storing items in baskets or containers. This also facilitates easy cleaning with a robotic vacuum.

5. MAINTENANCE

Proper care will extend the life and appearance of your Bealife Upholstered Bed.

- **Cleaning:** For general cleaning, wipe the upholstered surfaces and frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.
- **Dusting:** Regularly dust the bed frame and headboard to prevent dust buildup.
- **Check Connections:** Periodically (e.g., every 6 months) check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric to fade.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** Squeaking is often caused by loose connections. Re-tighten all bolts and screws on the frame, especially where the side rails connect to the headboard and footboard, and where the slats are secured.

- **Instability/Wobbling:** Ensure all support legs are firmly on the ground and all frame connections are fully tightened. Check that the center support bar is correctly installed.
- **Damaged Parts:** If any part of the bed frame is damaged, discontinue use immediately and contact customer support for replacement parts or assistance. Do not attempt to repair damaged structural components yourself.
