3.2 App Installation and Pairing

1. Scan the QR code provided in the manual or on the watch screen (if available) to download the companion app. Alternatively, search for the app name (e.g., 'VeryFit' or 'FitCloudPro' as seen in related videos) in your smartphone's app store (iOS App Store or Google Play Store).
2. Install the app on your smartphone.
3. Open the app and follow the on-screen instructions to create an account and set up your profile.
4. Ensure Bluetooth is enabled on your smartphone.
5. In the app, navigate to the device pairing section and select your Infinity Smart Watch from the list of available devices.
6. Confirm the pairing request on both your smartphone and the smartwatch.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Swipe Up:** View recent notifications/messages.
- **Swipe Down:** Access quick settings (brightness, Do Not Disturb, flashlight, phone finder, settings).
- **Swipe Left/Right:** Scroll through main features like activity data, heart rate, sleep tracking, and weather.
- **Press Side Button:** Return to the watch face or access the main menu.

4.2 Making and Answering Calls

Once paired with your smartphone, you can make and answer calls directly from your smartwatch.

- **To Make a Call:** Access the phone function from the main menu, use the dial pad or select a contact from your synced phonebook.
- **To Answer a Call:** When a call comes in, the watch will display the caller ID. Tap the green icon to answer or the red icon to reject.

4.3 Smart Notifications

Receive alerts for incoming calls, text messages, and app notifications directly on your wrist. Configure notification preferences within the companion app.

Figure 3: The smartwatch interface showing options for Bluetooth calls, smart notifications, and voice assistant.

4.4 Customizing Watch Faces

The smartwatch offers a variety of customizable watch faces to suit your style. You can change them directly on the watch or through the companion app, which provides over 200 options.

5. HEALTH MONITORING FEATURES

The Infinity Smart Watch is equipped with a comprehensive suite of health and fitness tracking features:

- **Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day.
- **Blood Pressure Monitoring:** Provides on-demand blood pressure readings.
- **Sleep Monitoring:** Analyzes your sleep patterns, including deep sleep, light sleep, and awake times.
- **Pedometer:** Counts your steps, distance traveled, and calories burned.
- **Multiple Sports Modes:** Supports over 100 sports modes, allowing you to track specific workouts like walking, running, cycling, and swimming.

Figure 4: The smartwatch interface showing real-time heart rate, sleep tracking, and blood oxygen levels.

Multiple Sports Modes

This smartwatch has over 100 sports modes built into it and once connected to the app, you can customize and add any sport you like for workouts anytime, anywhere.

6. WATER RESISTANCE

The Infinity Smart Watch has an IP68 waterproof rating, making it resistant to dust, sweat, and water. It is suitable for daily wear, including hand washing, face washing, and swimming. **Note:** Avoid using the watch in hot water (e.g., hot showers, saunas) or for deep-sea diving, as extreme temperatures or high-pressure water may compromise its water resistance.

IP68 Waterproof

✓ Wash Hands ✓ Wash Face ✓ Swimming ✓ Raining

7. BATTERY AND CHARGING

The smartwatch features a 200 mAh Lithium Polymer battery. A full charge typically takes approximately 2 hours, providing 3-5 days of working time and up to 30 days of standby time, depending on usage.

8. SPECIFICATIONS

Feature	Detail
Model Number	WS_BLK
Screen Size	1.1 Inches AMOLED
Waterproof Rating	IP68
Battery Capacity	200 Milliamp Hours (Lithium Polymer)
Connectivity	Bluetooth

Operating System	Android (compatible with iOS)
Memory Storage Capacity	128 MB
Item Weight	5 ounces
Manufacturer	Kizzy Enterprises Inc

9. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Long-press the side button to power on.
- **Unable to pair with phone:** Ensure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again through the app.
- **Notifications not received:** Check app settings on your phone to ensure notification permissions are granted for the smartwatch app. Also, verify that 'Do Not Disturb' mode is not active on the watch.
- **Inaccurate health readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly. Note that the blood pressure monitor may not be medically accurate and is for reference only.
- **Screen freezing:** Restart the smartwatch by long-pressing the side button until it powers off, then power it back on. If the issue persists, check for app updates.

10. WARRANTY AND SUPPORT

For warranty information, technical support, or service inquiries, please refer to the contact details provided on the product packaging or the manufacturer's official website. Keep your purchase receipt as proof of purchase for warranty claims.
