

BedJet PowerLayer Adjustable Bed Frame Queen

BedJet PowerLayer Ultra-Slim Adjustable Bed Frame Queen - Instruction Manual

Model: PowerLayer Adjustable Bed Frame Queen

1. SAFETY INFORMATION

Please read all safety instructions before operating your BedJet PowerLayer Adjustable Bed Frame.

- Always secure the bed frame to your existing bed frame or platform to prevent it from moving or tipping over.
- Do not use a mattress that exceeds 900 lbs in weight on this adjustable bed frame.
- Always unplug the massage kit before installing or removing it to prevent electrical shock.

2. SETUP AND INSTALLATION

The BedJet PowerLayer Adjustable Bed Frame is designed for minimal assembly. It is recommended to have two people for installation due to the product's weight.

2.1 Unpacking and Placement

Carefully remove the adjustable bed frame from its packaging. The unit is heavy (approximately 118 pounds), so ensure you have assistance when lifting and positioning it.

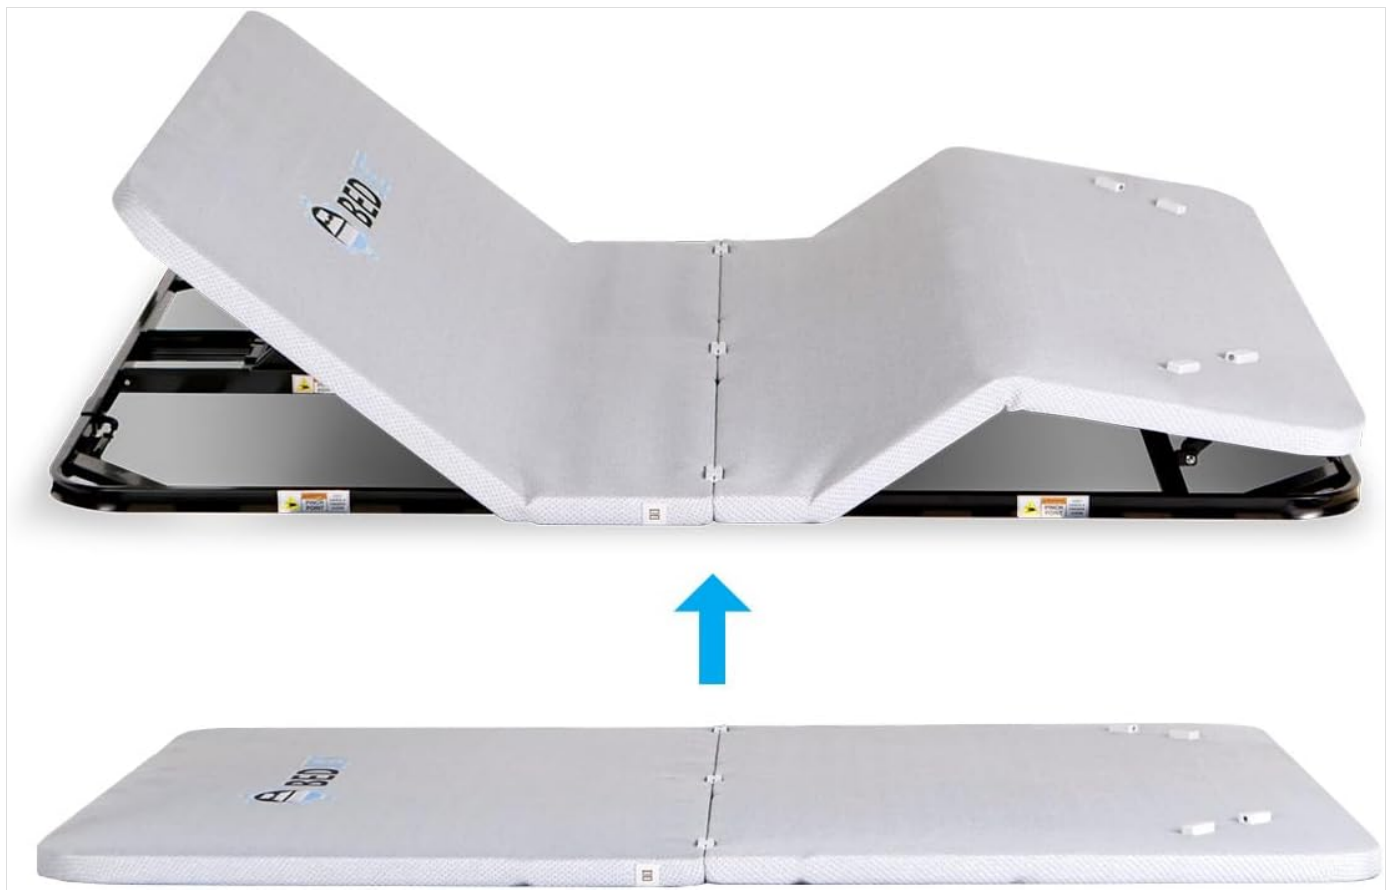

Image: The BedJet PowerLayer Adjustable Bed Frame shown in its folded and unfolded states, illustrating its compact design.

2.2 Zero-Clearance Design

This bed frame features a zero-clearance, legless design. It is intended to be placed directly on top of your existing bed frame's slats or platform, beneath your mattress. No additional assembly is required for the frame itself.

World's thinnest, zero-clearance legless design

Slips between any mattress and any type of bedframe, giving you unlimited bedroom styling options.

2.3 Mattress Compatibility

The PowerLayer is compatible with any brand of mattress. It has a 900lb lift capacity, capable of adjusting even thick mattresses.

**Guaranteed to work with any brand mattress
or your money back**

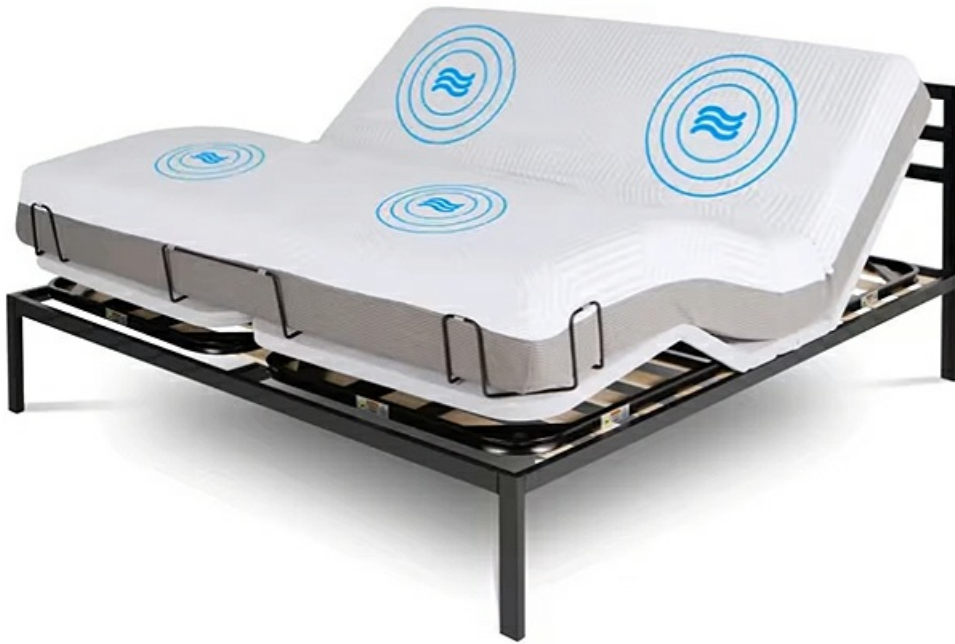

**900lb lift capacity is
strong enough to fold
even the thickest
mattress!**

Image: Several individuals sitting on a mattress supported by the BedJet PowerLayer frame, demonstrating its robust 900lb lift capacity.

2.4 Massage Module Installation (Optional)

The massage modules ship separately from the main bed frame. These modules are plugged in during the installation process. Refer to the separate instructions provided with the massage kit for detailed installation steps.

NOTE: Massage modules ship separately and are plugged in during installation.

3. OPERATING INSTRUCTIONS

The BedJet PowerLayer Adjustable Bed Frame is operated using the included wireless remote control.

3.1 Wireless Remote Control

The remote features backlit keys for easy use in the dark. It includes pre-programmed settings and allows for custom adjustments.

Easy bedside charging

2 USB charging ports on each side of PowerLayer

Image: The BedJet wireless remote control, highlighting its backlit keys, one-touch flat function, pre-programmed settings, head/foot adjustment, custom massage controls, and memory keys.

- **One-Touch Flat:** Returns the bed to a completely flat position.
- **Pre-Programmed Settings:** Four factory-set positions for common uses (e.g., Zero G, TV, Shore).
- **Head/Foot Adjustment:** Independently adjust the head (up to 70°) and foot (up to 45°) sections to your desired angle.
- **Memory Keys (M1, M2, M3):** Save your favorite custom positions for quick access.

3.2 Multi-Zone Massage (Optional)

If you have installed the optional massage kit, you can enjoy four different massage programs: Steady, Wave, Relax, and Pulse. Each program offers 10 intensity levels, controlled via the remote.

3.3 USB Charging Ports

The PowerLayer includes two USB charging ports on each side, allowing for convenient bedside charging of your devices.

4. MAINTENANCE

The BedJet PowerLayer Adjustable Bed Frame requires minimal maintenance.

- **Cleaning:** Wipe the frame with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners.
- **Motor Inspection:** Periodically check the motor and electrical connections for any signs of wear or damage. Ensure all cables are securely connected.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 900 pounds.

5. TROUBLESHOOTING

If you encounter any issues with your BedJet PowerLayer Adjustable Bed Frame, refer to the following common troubleshooting steps:

- **Frame Not Responding:**
 - Check if the power cord is securely plugged into a working electrical outlet.
 - Ensure the remote control batteries are not depleted. Replace if necessary.
 - Verify that all connections to the control box are secure.
- **Unusual Noises:**
 - Minor operational sounds from the motors are normal.
 - If you hear grinding or loud noises, discontinue use and contact customer support.

• **Message Not Working:**

- Ensure the massage modules are correctly installed and plugged in.
- Check the connections to the massage kit.

If these steps do not resolve the issue, please contact BedJet Customer Support.

6. SPECIFICATIONS
