OPPO CPH2625

Oppo Reno 12 5G User Manual

Model: CPH2625

INTRODUCTION

Welcome to the user manual for your new Oppo Reno 12 5G smartphone. This guide provides essential information to help you set up, operate, maintain, and troubleshoot your device. The Oppo Reno 12 5G features advanced AI capabilities for photography, a robust design, and efficient performance, designed to enhance your mobile experience.

WHAT'S IN THE BOX

Please verify that all items are present in your product packaging:

- Handset
- Charger
- USB Data Cable
- Sim Ejector Tool
- Quick Guide
- Safety Guide
- Protective Case

SETUP

1. Inserting SIM and SD Card

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully push the tray back into the device until it clicks into place.

2. Initial Power On and Setup

1. Press and hold the Power button (located on the right side) until the OPPO logo appears.
2. Follow the on-screen instructions to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one to access Google services and the Play Store.
4. Complete the setup wizard, including setting up security features like fingerprint or face unlock.

3. Charging the Device

Before first use, it is recommended to fully charge your device. Connect the USB data cable to the phone's USB-C port and the other end to the provided charger. Plug the charger into a power outlet. The device supports 80W fast charging.

OPERATING INSTRUCTIONS

Display and Navigation

The Oppo Reno 12 5G features a 17.02 cm (6.7 inch) Full HD+ Display. Navigate the interface using touch gestures: tap to select, swipe to scroll, pinch to zoom, and long-press for additional options.

Camera Features

The device is equipped with a versatile camera system: 50MP + 8MP + 2MP rear cameras and a 32MP front camera. It integrates several AI-powered features to enhance your photography:

- **AI Eraser 2.0:** Easily remove unwanted objects or people from your photos with a simple tap or scribble.
- **AI Clear Face:** Improves clarity and reduces distortion in group photos for up to ten people, ensuring sharper images.
- **AI Studio:** Transforms images with various creative effects and styles, offering infinite possibilities for your photos.
- **AI Smart Image Matting 2.0:** Allows you to mask out objects (people, pets) from images to create stickers or change backgrounds directly within the app.

Circle it, Erase it, Just One Tap!

Battery Management

The Oppo Reno 12 5G is powered by a 5000 mAh battery. To optimize battery life, manage background app usage, reduce screen brightness, and enable power-saving modes when needed. The device supports rapid charging with the included 80W charger.

Connectivity

- **Wi-Fi:** Connect to wireless networks for internet access.
- **Bluetooth:** Pair with Bluetooth devices such as headphones or speakers. The smart technology boosts Bluetooth power for extended range.
- **USB:** Use the USB-C port for charging, data transfer, and connecting to other devices.
- **AI Clear Voice:** This technology isolates the caller's voice and minimizes background noise during calls, ensuring clear conversations even in noisy environments.
- **Low Signal to No Signal Coverage:** The device is designed to facilitate voice calls even in areas with minimal or no mobile signal.

MAINTENANCE

Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials that could damage the finish or screen coating.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Go to **Settings > About device > Up to date** to check for updates.

Battery Care

To prolong battery lifespan, avoid exposing the device to extreme temperatures. It is advisable to keep the battery charge between 20% and 80% for optimal long-term health, though occasional full charges/discharges are acceptable.

TROUBLESHOOTING

Device Not Powering On

- Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on.
- Press and hold the Power button for at least 10-15 seconds to force a restart.

Charging Issues

- Verify that the charger and USB cable are securely connected to both the device and the power outlet.
- Try using a different power outlet.
- Inspect the USB-C port on your phone for any debris or damage.
- If possible, test with another compatible charger and cable to rule out accessory issues.

Connectivity Problems (Wi-Fi/Bluetooth)

- Toggle Wi-Fi or Bluetooth off and on again from the quick settings panel or Settings app.
- Restart your phone.
- For Wi-Fi, restart your router. For Bluetooth, ensure the pairing device is in pairing mode and within range.

Performance Issues

- Close unused background applications.
- Clear cache for apps that are slowing down.
- Ensure sufficient storage space is available.
- Restart the device periodically.

SPECIFICATIONS

Feature	Detail
