JVC HAA30T2W

JVC True Wireless Compact Earbuds User Manual

Model: HAA30T2W
Brand: JVC

Introduction

Welcome to the user manual for your JVC True Wireless Compact Earbuds. These earbuds are designed to provide an exceptional audio experience with active noise cancelling, Bluetooth 5.3 connectivity, and a compact, durable design. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new earbuds.

What's in the Box

Please check the package contents to ensure all items are present:

- Headphones (JVC True Wireless Compact Earbuds)
- Wireless Charging Case
- USB Charging Cable
- Eartips (multiple sizes)
- User Manual (this document)

Setup

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case provides additional battery life for your earbuds.

- Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots (L for left, R for right).
- Connect the supplied USB charging cable to the charging port on the case and to a USB power source.
- The charging indicator lights on the case will show the charging status. A full charge typically takes approximately 2 hours for the case and earbuds.

2. Pairing with Your Device (Bluetooth 5.3)

The JVC True Wireless Compact Earbuds use Bluetooth 5.3 for a stable and efficient connection.

1. Open the charging case. The earbuds will automatically enter pairing mode (indicator lights will flash).
2. On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings.
3. Select "JVC HAA30T2W" (or similar model name) from the list of available devices.
4. Once connected, the indicator lights on the earbuds will stop flashing, and your device will confirm the connection.

3. Choosing the Right Eartips for Perfect Fit

A proper fit is crucial for optimal sound quality and noise cancelling performance. Your earbuds come with multiple eartip sizes (XS, S, M, L).

- Experiment with different eartip sizes to find the one that creates a comfortable and secure seal in your ear canal.
- A good seal will enhance bass response and improve the effectiveness of the Active Noise Cancelling feature.

4. JVC Headphones App

Enhance your experience by downloading the JVC Headphones App. The app allows for customized settings and firmware updates.

- Search for "JVC Headphones" in your device's app store (Google Play Store for Android, Apple App Store for iOS).
- Install the app and follow the on-screen instructions to connect your earbuds.
- Through the app, you can adjust sound profiles, manage noise cancelling modes, and check for firmware updates.

Operating Your Earbuds

Active Noise Cancelling (ANC)

Your JVC earbuds feature Active Noise Cancelling to reduce ambient noise, providing a more immersive listening experience.

- ANC can be toggled on/off via the touch controls on the earbuds or through the JVC Headphones App.
- When activated, ANC uses microphones to detect external sounds and generates an inverse sound wave to cancel them out.

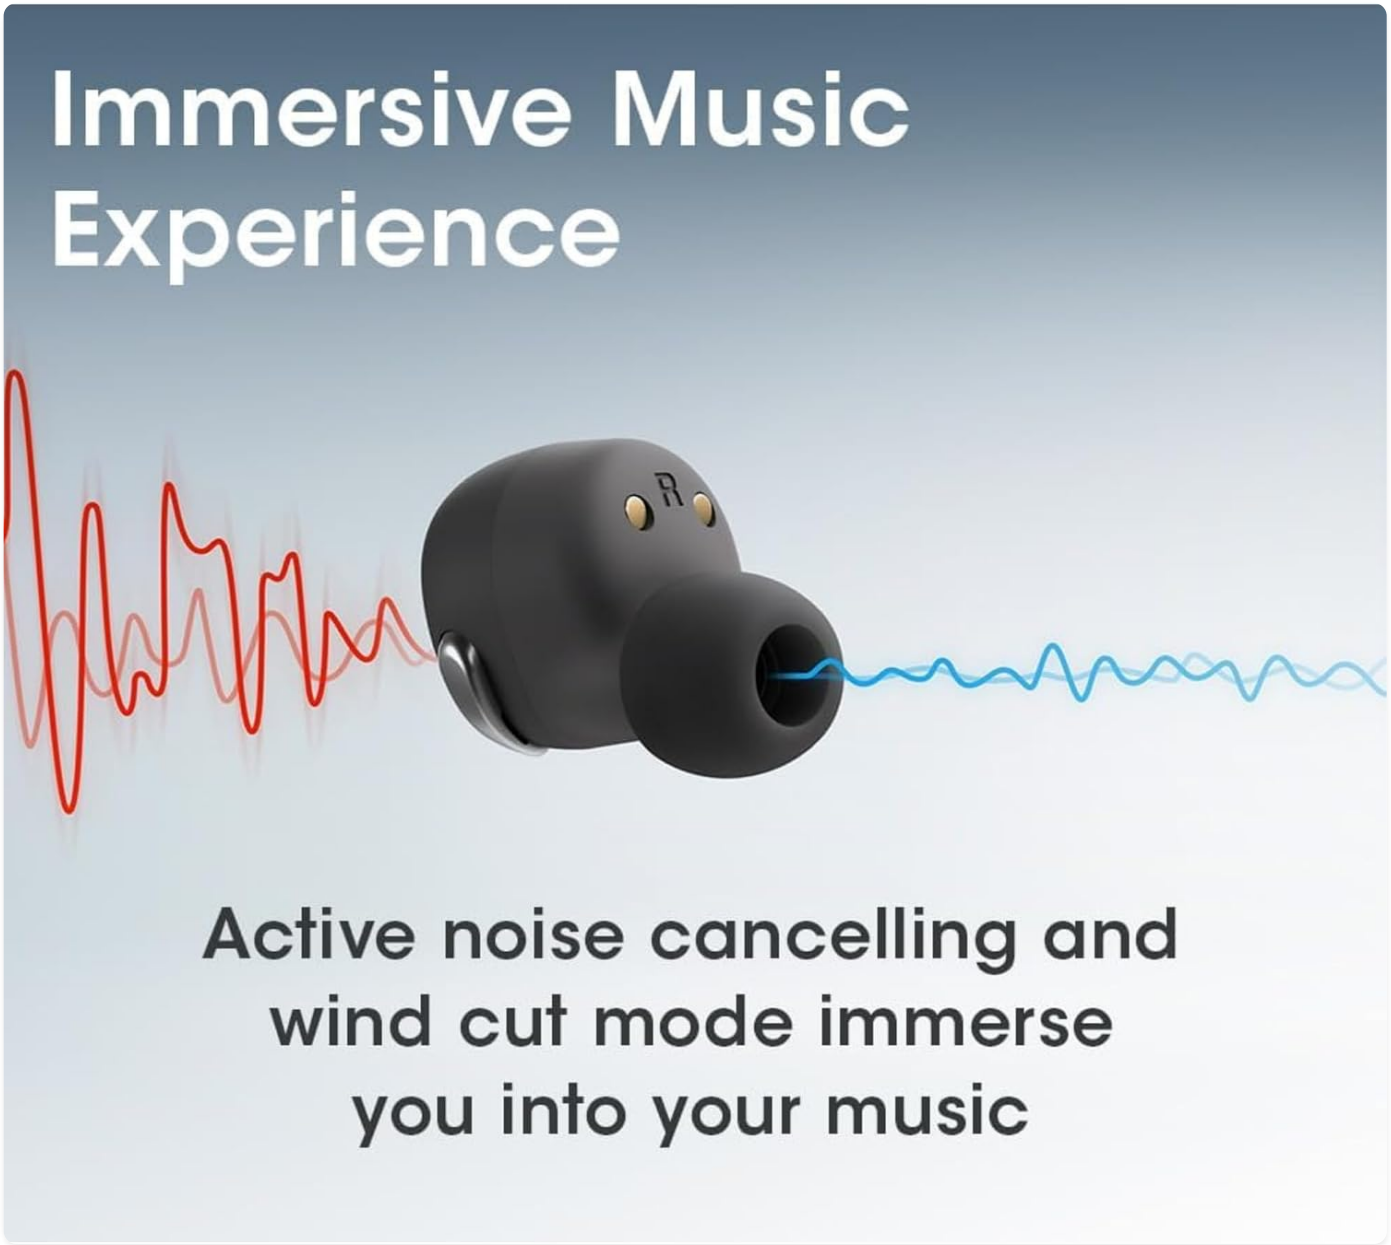

Image: Visual representation of Active Noise Cancelling in action, showing sound waves being cancelled.

Low Latency Mode

For gaming and video streaming, activate the Low Latency Mode to minimize audio delays, ensuring synchronized sound with visuals.

- This mode can typically be enabled or disabled through the JVC Headphones App.
- It optimizes the Bluetooth connection for reduced lag, providing a smoother experience for dynamic content.

Touch Controls

Your earbuds feature intuitive touch controls for managing playback, calls, and noise cancelling modes. Refer to the JVC Headphones App or the quick start guide for specific touch gestures.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap right earbud.
- **Previous Track:** Double tap left earbud.

- **Answer/End Call:** Single tap on either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud.
- **Toggle ANC/Ambient Sound:** Long press on either earbud (customizable via app).

Maintenance

Cleaning Your Earbuds

Regular cleaning helps maintain sound quality and hygiene.

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water. Ensure they are completely dry before reattaching.
- Use a dry cotton swab to carefully clean the mesh and charging contacts, avoiding excessive pressure.

Water Resistance (IPX4)

Your JVC earbuds are IPX4 rated, meaning they are resistant to splashing water from any direction. This makes them suitable for workouts and light rain.

- Do not submerge the earbuds in water.
- The charging case is not water-resistant. Keep it dry.
- If the earbuds get wet, wipe them dry before placing them back in the charging case to prevent damage to the charging contacts.

Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Bluetooth is off on device; earbuds not in pairing mode; interference.	Ensure Bluetooth is on. Place earbuds in case, close, then open to re-enter pairing mode. Move closer to device. Forget device in Bluetooth settings and re-pair.
No sound or low volume.	Volume too low; improper fit; earbud dirty; not connected.	Increase volume on device and earbuds. Adjust eartips for a secure fit. Clean eartips and earbud mesh. Reconnect earbuds.
Earbuds not charging.	Charging cable faulty; charging contacts dirty; case battery empty.	Try a different USB cable and power source. Clean charging contacts on earbuds and case. Charge the case fully.
Active Noise Cancelling not effective.	Improper fit; ANC not enabled; very high-frequency noise.	Ensure a tight seal with correct eartip size. Verify ANC is enabled via app or touch control. ANC is most effective on low-frequency sounds.

Specifications

Model Name: COMPACT True Wireless (HAA30T2W)

Connectivity: Wireless, Bluetooth 5.3

Noise Control: Active Noise Cancellation

Battery Life: Up to 27 hours (with charging case)

Charging Time: Approximately 2 hours

Water Resistance: IPX4 (earbuds only)

Frequency Response: 20 Hz - 20,000 Hz

Audio Driver Size: 6 Millimeters

Control Type: App Control, Touch

Weight (Earbud): 5.26 Grams

Included Components: Headphones, Wireless Charging Case, Cable, Eartips, User Manual

UPC: 046838503658
