## MEEDEN PNB-3048

# MEEDEN Artist Oil Paint Brush Set (10 Pcs, Model PNB-3048) Instruction Manual

Comprehensive guide for setup, usage, and maintenance of your MEEDEN Artist Oil Paint Brush Set.

## 1. INTRODUCTION

The MEEDEN Artist Oil Paint Brush Set provides a versatile collection of 10 professional brushes designed for various painting techniques. Crafted with quality hog bristles and some horsehair brushes, these tools offer durability, resilience, and excellent pigment absorption. The set features ergonomically designed birch wood handles and rust-proof copper ferrules for a comfortable and stable painting experience. This manual will guide you through the proper use and care of your new brush set.

## 2. PRODUCT FEATURES

- **Versatile Brush Types:** Includes 10 brushes with various shapes such as flat, filbert, round, and fan, suitable for large areas, fine details, textural effects, and smooth transitions.
- **Premium Hog Bristle:** High-quality hog bristles ensure durability, shape retention, and excellent pigment absorption. Two brushes feature soft, elastic horsehair for smoother strokes.
- **Unique Handle Design:** Extended birch wood handles offer high hardness, wear resistance, and an ergonomic grip. UV coating prevents moisture and warping.
- **Electroplated Copper Ferrule:** Rust-proof and corrosion-resistant copper ferrules firmly connect the handle and bristles, preventing shedding and ensuring stability.
- **Wide Application:** Suitable for oil, acrylic, watercolor, and pastel techniques on various surfaces including canvas, fabric, wood, paper, and walls.

## 10 Various Size Meet Different Painting Needs

Includes a variety of brushes paired with two horsehair brushes for a smooth touch.

Flat: covers large areas  
Fan: adds texture  
Round: perfect for details  
Filbert: shapes small areas

Any stroke you want, MEEDEN provides.

### 3. SETUP AND PREPARATION

Before first use, it is recommended to prepare your brushes to ensure optimal performance and longevity.

1. **Initial Cleaning:** Gently wash the brush bristles with mild soap and lukewarm water. This helps remove any manufacturing residues and loose hairs. Rinse thoroughly until the water runs clear.
2. **Reshaping:** After washing, gently reshape the bristles with your fingers to their original form.
3. **Drying:** Allow brushes to air dry completely, preferably flat or hanging bristles-down to prevent water from seeping into the ferrule and loosening the glue.

### 4. OPERATING INSTRUCTIONS

These brushes are designed for optimal performance with oil paints, but are also suitable for acrylics, watercolors, and pastels. The variety of shapes allows for diverse artistic applications.

- **Flat Brushes:** Ideal for covering large areas, creating bold strokes, and sharp edges.
- **Filbert Brushes:** Excellent for blending and creating soft, rounded edges, useful for figures and portraits.
- **Round Brushes:** Perfect for detailing, outlining, and creating fine lines.
- **Fan Brushes:** Used for textural effects, blending, and creating natural elements like grass or foliage.
- **Horsehair Brushes:** The two included horsehair brushes provide a softer, more elastic touch for smoother strokes and delicate blending.

The high elasticity of the bristles provides clear texture and easy blending, mixing, covering, and detailing capabilities.

### Natural Wood Handle

Lightweight, ergonomically balanced, features strong hardness, clear texture, and wax oil-finished rose wood enhances creative flexibility during use.

### Anti-rust Metal Ferrule

Embedded & reinforced - firmly connect the handle and bristle, won't shed

## 5. MAINTENANCE AND CARE

Proper cleaning and maintenance are crucial for extending the life of your MEEDEN paint brushes.

1. **Immediate Cleaning:** Always clean your brushes immediately after use. Do not allow paint to dry on the bristles.
2. **Oil Paints:** For oil paints, first wipe off excess paint with a cloth or paper towel. Then, rinse the brush in a solvent like turpentine or mineral spirits until most of the paint is removed. Follow with a wash using mild soap (such as bar soap) and lukewarm water.
3. **Acrylic/Watercolor Paints:** For water-based paints, rinse thoroughly under lukewarm running water, gently working the paint out of the bristles with your fingers. Use mild soap if necessary.
4. **Reshaping and Drying:** After cleaning, gently reshape the bristles to their original form. Store brushes flat or bristles-up in a brush holder, or hang them bristles-down to prevent water from collecting in the ferrule. Ensure they are completely dry before storing.
5. **Avoid Soaking:** Do not soak brushes for extended periods, especially bristles-down, as this can damage the handle and ferrule.

# Quality Bristle

With high durability and tenacity

artist

Made of premium washed hog bristle

Horsehair brushes deliver smooth strokes

## 6. TROUBLESHOOTING

- **Bristle Shedding:** A small amount of bristle shedding can occur during initial uses, especially with natural hair brushes. This is normal. If excessive shedding continues, ensure brushes are cleaned gently and not left to soak.
- **Stiff or Hardened Bristles:** This usually indicates dried paint. For oil paints, soak the bristles in a brush cleaner or solvent for a short period, then clean thoroughly with soap and water. For acrylics, try soaking in warm water with a brush cleaner specifically designed for dried acrylics.
- **Brush Shape Loss:** If bristles lose their shape, it might be due to improper drying or storage. Always reshape bristles after washing and store them correctly. For minor shape issues, try dipping in hot water (not boiling) for a few seconds, reshaping, and then drying.

## 7. SPECIFICATIONS

<b>Brand</b>	MEEDEN
<b>Model Number</b>	PNB-3048
<b>Material</b>	Hog Bristle/Birch Wood
<b>Size</b>	Varied Sizes (10 Pcs)
<b>Item Weight</b>	7.7 ounces
<b>Product Dimensions</b>	13.39 x 1.5 x 3.54 inches
