SICOTAS DR006 Rattan 6-Drawer Dresser Instruction Manual

Brand: SICOTAS | Model: DR006 | Color: Reclaimed Caramel Oak

1. INTRODUCTION

Thank you for choosing the SICOTAS DR006 Rattan 6-Drawer Dresser. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

Important Safety Information

- To prevent tip-over injuries, securely attach the small fasteners to the back of the dresser and tighten the screws at a 45-degree angle. This dresser meets the criteria outlined in safety standard ASTM 2057–2023 for Clothing Storage Units.
- Ensure all hardware is tightened properly before use. Periodically check and re-tighten fasteners as needed.
- Do not allow children to climb on drawers or the dresser itself.
- Place the dresser on a flat, stable surface.

2. PRODUCT OVERVIEW

The SICOTAS DR006 Rattan 6-Drawer Dresser features a bohemian rattan design with natural wood finishes and gold handles. It offers ample storage and is constructed from FSC-Certified engineered wood for durability.

6. CARE AND MAINTENANCE

- Wipe with a dry cloth to clean. Avoid using harsh chemicals or abrasive cleaners.
- Protect the surface from direct sunlight and extreme temperature changes to prevent warping or discoloration.
- Regularly check all screws and fasteners to ensure they remain tight.

7. TROUBLESHOOTING

Drawers Not Sliding Smoothly

If drawers do not slide smoothly, ensure that the steel ball-bearing slides are correctly installed and aligned. Check for any obstructions in the tracks. Verify that all screws securing the slides are tightened appropriately. Proper assembly is crucial for optimal drawer performance.

Dresser Instability

If the dresser feels unstable, re-check all assembly connections. Ensure the anti-tip fasteners are securely attached to the back of the dresser and to the wall, with screws tightened at the recommended 45-degree angle. Confirm the dresser is placed on a level surface.
