ANPABO 307

ANPABO 24V 2 Seater Ride On Dump Truck

Model: 307

IMPORTANT SAFETY INFORMATION

Adult assembly is required. Please keep children away from all small parts during assembly. This product is intended for children aged 37 months and older. Always supervise children during operation. Ensure all safety belts are securely fastened before use. The parental remote control can override manual driving for enhanced safety.

PRODUCT OVERVIEW

The ANPABO 24V 2 Seater Ride On Dump Truck is designed for an engaging and interactive play experience. It features a powerful 24V 4WD system, an electric auto-lifting dump bed, and dual control modes for both children and parents.

Key Features:

- **Electric Auto-Lifting Dump Bed:** Features a 1.19 Cu.ft capacity, controlled by a joystick and handle, with a functional tailgate and included shovel.
- **24V 4WD System:** Powered by an upgraded 24V 7Ah battery and 4x75W motors, offering 1-2 hours runtime and speeds of 3.7-5 mph.
- **Durable EVA Tires & Shock Absorbers:** Equipped with 4 high-quality wear-resistant EVA tires and 4 spring shock absorbers for various terrains.
- **Spacious 2-Seater Design:** A 21.2-inch extra-wide seat with independent safety belts, supporting a maximum load of 110 lbs.
- **Dual Control Modes:** Kids can drive independently via foot pedal and steering wheel, or parents can use the 2.4G remote control.
- **Real Driving Experience:** Key ignition system, forward/reverse/speed buttons, and a dashboard with Bluetooth/USB/AUX connectivity for music.

What's in the Box:

- 1 x ANPABO 24V Ride On Car
- 1 x Charger
- 1 x Remote Control (requires 2*1.5 AAA batteries, not included)
- 1 x Screw Pack
- 1 x User Manual

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your ANPABO 24V 2 Seater Ride On Dump Truck. Adult assembly is required.

1. Unboxing and Component Identification

Carefully remove all components from the packaging. Verify that all parts listed in the 'What's in the Box' section are present.

Image: All components laid out for assembly, including the main truck body, wheels, seats, steering wheel, remote control, and shovel.

2. Wheel Installation

Attach the wheels to the axles. Ensure all washers and nuts are securely fastened. The EVA tires provide enhanced durability and grip.

DUAL DRIVE MODES

1. Manual Mode
2. Parent Remote Control

4. Dump Bed Assembly

Assemble the dump bed components, including the tailgate and shovel attachment points. Secure the dump bed to the main truck body.

HOW TO TILT DUMP BED

- 1 Pull out the handle under the seat
- 2 Push the joystick to tilt the dump bed
- 3 The tailgate is openable

OPERATING INSTRUCTIONS

1. Starting the Vehicle

Insert the key into the ignition and turn to start. The vehicle will produce realistic start-up sounds.

2. Driving Modes

- **Manual Mode:** Children can drive using the foot pedal for acceleration and the steering wheel for direction.
- **Parental Remote Control Mode:** Parents can use the 2.4G remote control to steer, accelerate, brake, and override manual driving for safety. The remote allows for forward, back, left, right, and speed adjustments.

3. Dump Bed Operation

Use the joystick and handle on the dashboard to operate the electric auto-lifting dump bed. The tailgate can be opened manually for easy loading and unloading.

Image: Close-up of the dashboard showing the key ignition, towing switch, and the joystick for operating the electric dump bed.

4. Music Player

Connect your phone or MP3 player via Bluetooth, USB, or AUX to the dashboard to play music or stories.

CHARGING THE BATTERY

Locate the charging port, typically under the seat. Plug the provided charger into the port and then into a standard wall outlet. The indicator light on the charger will show charging status. Charge for 6-8 hours for a full charge, providing 1-2 hours of playtime.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the vehicle in a dry, covered area away from direct sunlight and moisture.
- **Battery Care:** Fully charge the battery after each use. If storing for extended periods, charge the battery at least once a month to prolong its lifespan.

- **Tire Inspection:** Regularly check the EVA tires for wear and tear.

TROUBLESHOOTING GUIDE

If the vehicle is not operating as expected, please refer to the following common issues:

- **Vehicle not moving:** Check battery connection, ensure battery is charged, verify power switch is ON, and check remote control connection.
- **Slow speed:** Ensure battery is fully charged. Operating on soft or uneven terrain may reduce speed.
- **Remote control not working:** Check AAA batteries in the remote. Re-pair the remote with the vehicle if necessary (refer to remote pairing instructions in the full manual).

SPECIFICATIONS
