### MAINTENANCE

To ensure the longevity and optimal performance of your ANJANK Mini Portable Travel White Noise Sound Machine, please follow these maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Battery Care:** To preserve battery life, fully charge the device before long periods of storage. Avoid completely draining the battery frequently.

### TROUBLESHOOTING

If you encounter any issues with your ANJANK sound machine, please refer to the following common troubleshooting tips:

- **Device Not Turning On:** Ensure the battery is charged. Connect the device to a power source using the USB-C cable and try again.
- **No Sound Output:** Check the volume level and ensure it is not set to minimum or muted. Try cycling through different sounds to confirm functionality.
- **Sound Quality Issues:** Ensure the device is placed on a stable surface. If issues persist, try resetting the device by powering it off and on again.
- **Battery Not Charging:** Verify that the USB-C cable is securely connected to both the device and the power adapter. Try a different USB-C cable or power source.

For persistent issues not resolved by these steps, please contact customer support.
