HONOR ORL-ME00

HONOR Choice Open-Ear Earbuds

User Manual

Introduction

The HONOR Choice Open-Ear True Wireless Earbuds are designed for comfortable, open-ear listening, allowing you to stay aware of your surroundings while enjoying high-quality audio. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your earbuds.
Key features include Bluetooth 5.3 connectivity, 13.4mm dynamic speakers, AI noise reduction for calls, IP54 dust and water resistance, and up to 40 hours of total playtime with the charging case.

Setup

1. Initial Charging

Before first use, place both earbuds into the charging case and connect the case to a power source using the provided USB Type-C cable. Ensure the earbuds and case are fully charged. A full charge for the case takes approximately 120 minutes.

2. Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your smartphone or tablet, enable Bluetooth and search for available devices.
3. Select "HONOR Choice Open-Ear Earbuds" from the list of devices.
4. Once connected, a confirmation sound will play through the earbuds.

The earbuds utilize Bluetooth 5.3 for a faster and more stable connection, ensuring extended battery life and smoother music playback.

Image: Diagram illustrating the faster and stable connection provided by Bluetooth 5.3 technology, showing two earbuds and a charging case.

3. Using the Honor Smart Space App

For enhanced customization and control, download the Honor Smart Space App from your device's app store. This app allows you to personalize touch controls, check battery status, and access other features.

Operating Instructions

1. Wearing the Earbuds

The earbuds are designed with an open-ear form factor and ear hooks for a secure and comfortable fit. Gently place the earbud over your ear, ensuring the speaker is positioned correctly for optimal sound.

2. Touch Controls

The earbuds feature capacitive touch controls for easy management of calls and music. Default actions are as follows:

- **Double Tap:** Play/Pause music, Answer/End calls.
- **Long Press (2 seconds):** Switch songs, Decline calls.

Note: These controls can be customized via the Honor Smart Space App.

3. AI Noise Reduction for Calls

Each earbud is equipped with two microphones and advanced AI algorithms to effectively reduce background noise during calls, ensuring crystal-clear communication even in noisy environments.

4. Low Latency Game Mode

For an immersive gaming experience, activate the low-latency game mode. This mode ensures audio and video synchronization, providing precise sound cues. Refer to the Honor Smart Space App for instructions on enabling this mode.

5. Battery Life

The earbuds provide up to 10 hours of playtime on a single charge, and with the charging case, the total playtime extends up to 40 hours. A quick 10-minute charge can provide up to 2 hours of listening time.

Image: An illustration highlighting the 40-hour total battery life of the earbuds with their charging case.

Maintenance

1. Cleaning

Regularly clean your earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials, solvents, or aerosol sprays. Do not submerge the earbuds or case in water.

2. Water and Dust Resistance (IP54)

The earbuds are rated IP54 for dust and water resistance, meaning they are protected against limited dust ingress and water splashes from any direction. This makes them suitable for outdoor use and gym workouts. However, they are not waterproof and should not be submerged in water or exposed to strong jets of water.

Image: A visual representation of the earbuds' IP54 dust and water resistance, showing water splashing on an earbud.

3. Storage

When not in use, store the earbuds in their charging case to protect them and ensure they remain charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **Earbuds not pairing:** Ensure both earbuds are in the charging case and the case lid is open. Check that Bluetooth is enabled on your device and try re-pairing. If issues persist, try resetting the earbuds (refer to the Honor Smart Space App or online support for specific reset instructions).
- **No sound from one earbud:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again. Check the battery level of both earbuds.
- **Charging issues:** Ensure the USB-C cable is securely connected to both the charging case and the power source. Try a different cable or power adapter. Clean the charging contacts on the earbuds and inside the case.

- **Poor call quality:** Ensure the earbuds are properly seated in your ears. Check for any obstructions around the microphones. If in a very noisy environment, AI Noise Reduction may have limitations.
- **Intermittent connection:** Ensure your device is within the effective Bluetooth range (typically 10 meters/33 feet) and there are no significant obstacles between the earbuds and your device.

Specifications

Feature	Detail
Brand	HONOR
Model Name	ORL-ME00
Connectivity Technology	Wireless (Bluetooth 5.3)
Headphones Ear Placement	Open Ear
Noise Control	AI Noise Reduction (for calls)
