VTRIN Portable Closet-07

VTRIN Portable Wardrobe Closet Instruction Manual

Model: Portable Closet-07

1. INTRODUCTION

Thank you for choosing the VTRIN Portable Wardrobe Closet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new closet. Please read these instructions carefully before assembly and retain them for future reference.

1.1 Safety Warnings

- Always assemble the closet on a stable, flat surface.
- Be cautious while handling the metal tubes and connectors to avoid injuries from sharp edges.
- Ensure the closet is stable and secure after assembly to prevent tip-overs.
- Do not load more than the maximum weight capacity of the shelves and hanging rods.
- Keep small parts away from children to prevent choking hazards.
- Always use the provided hammer carefully during assembly.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. Refer to the diagram below for component identification and quantity.

Figure 1: All components included in the package.

Table 1: Parts List

Item	Description	Quantity
------	-------------	----------

Item	Description	Quantity
1	Metal Tubes (various lengths)	57 pcs
2	Fabric Shelves	4 pcs
3	Outer Fabric Cover	1 pc
4	Small Mallet	1 pc
A	3-Way Plastic Connectors	16 pcs
B	4-Way Plastic Connectors	8 pcs
C	2-Way Plastic Connectors	6 pcs
D	Hanging Rod Hooks	4 pcs

3. SETUP AND ASSEMBLY

The VTRIN Portable Wardrobe Closet is designed for easy assembly without additional tools. Follow these steps carefully:

- 1. Lay out Components:** Unpack all components and lay them out on a clean, flat surface. Refer to Figure 1 to identify each part.
- 2. Assemble Base Frames:** Connect the metal tubes (Item 1) with the appropriate plastic connectors (A, B, C) to form the base frames for the shelves. Ensure all connections are secure. Use the mallet (Item 4) to gently tap connections if needed.
- 3. Install Fabric Shelves:** Slide the fabric shelves (Item 2) onto the assembled frames. Ensure they are taut and properly seated.
- 4. Build Upright Structure:** Continue connecting metal tubes and connectors to build the vertical structure of the closet, layer by layer.
- 5. Install Hanging Rods:** Attach the hanging rod hooks (Item D) to the designated connectors at the top section of the closet. Insert the remaining metal tubes (Item 1) into these hooks to create the hanging rods.
- 6. Apply Outer Cover:** Carefully drape the outer fabric cover (Item 3) over the assembled frame. Ensure it fits snugly.
- 7. Secure Cover:** The cover features a zipper for easy access and hook-and-loop fasteners to roll up the front panel. Secure these as desired.

3.1 Assembly Video

For a visual guide, please watch the official assembly video below:

4. OPERATING INSTRUCTIONS

Your VTRIN Portable Wardrobe Closet is designed for versatile storage. Here's how to maximize its use:

- **Hanging Clothes:** Utilize the two hanging rods for garments that require hanging, such as shirts, dresses, and coats. The rods provide a maximum hanging height of 47.2 inches.
- **Storage Shelves:** The four storage shelves are ideal for folded items like sweaters, jeans, bags, and hats.
- **Side Pockets:** The six side pockets offer additional storage for smaller items such as socks, gloves, accessories, belts, ties, and towels.
- **Dustproof Cover:** Keep the zippered cover closed to protect your clothes from dust and maintain cleanliness. The front panel can be rolled up and secured with hook-and-loop fasteners.

for easy access.

5. MAINTENANCE

To ensure the longevity and appearance of your VTRIN Portable Wardrobe Closet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal tubes and non-woven fabric surfaces with a dry cloth. For minor spills on the waterproof fabric, gently wipe with a damp cloth and allow to air dry.
- **Load Management:** Avoid overloading shelves and hanging rods beyond their capacity to prevent structural damage.
- **Relocation:** When moving the closet, empty it first to prevent strain on the frame and connectors.

6. TROUBLESHOOTING

If you encounter any issues with your portable wardrobe, refer to the following common problems and solutions:

6.1 Stability Issues

If the closet feels unstable:

- Ensure all metal tubes are fully inserted into their respective plastic connectors. Use the provided mallet to gently tap them into place.
- Verify that the closet is placed on a flat, even surface. Uneven flooring can affect stability.
- Check that the weight distribution of items inside the closet is balanced. Avoid placing heavy items disproportionately on one side.

6.2 Difficulty with Hanging Rods

If the hanging rods do not fit or seem incorrect:

- Ensure you are using the correct length metal tubes for the hanging rods.
- Confirm that the hanging rod hooks (Item D) are installed in the correct orientation and position on the frame.

6.3 Cover Not Fitting Properly

If the fabric cover is difficult to put on or does not fit:

- Double-check that the frame is assembled according to the instructions and dimensions. Any deviation in the frame size will affect the cover fit.
- Ensure the cover is oriented correctly (front, back, top, bottom) before attempting to pull it over the frame.

7. SPECIFICATIONS

Table 2: Product Specifications

Feature	Detail
Model Number	Portable Closet-07
Dimensions (L x W x H)	34.5 x 17.5 x 68.5 inches
