# Trixie Airline Pet Carrier Model 28907 Instruction Manual

This manual provides essential information for the safe and proper use of your Trixie Airline Pet Carrier. Please read thoroughly before use.

## 1. PRODUCT OVERVIEW

The Trixie Airline Pet Carrier is designed for comfortable and secure transport of small dogs, especially for air travel. It features durable construction, multiple access points, and a comfortable interior for your pet.

### Key Features:

- Airline approved for most airlines (users must check specific airline regulations).
- Padded, waterproof, removable base with lambskin-look polyester lining.
- Multiple openings (side, front, top) for easy pet access.
- Removable, continuously adjustable shoulder strap.
- Integrated short leash for pet safety.
- Dimensions: 55 cm (length) x 23 cm (width) x 40 cm (height).
- Maximum weight capacity: 7 kg.

## 2. SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove the carrier from its packaging.
2. **Insert Base:** Place the padded, waterproof base into the bottom of the carrier. Ensure it lies flat and securely. The lambskin-look side should face upwards for your pet's comfort.
3. **Attach Shoulder Strap (Optional):** Locate the D-rings on the sides of the carrier. Attach the adjustable shoulder strap to these rings using the metal clips. Adjust the strap length for comfortable carrying.

### 3. OPERATING INSTRUCTIONS

#### 3.1 Placing Your Pet Inside

The carrier can be opened from the side, front, or top. Choose the opening most comfortable for your pet.

1. Unzip the desired opening.
2. Gently guide your pet into the carrier.
3. Attach the integrated short leash to your pet's collar or harness for added security, preventing them from jumping out unexpectedly.
4. Zip the opening securely.

#### 3.2 Carrying the Carrier

Use the top handle for short distances or the adjustable shoulder strap for longer periods. Ensure your pet is comfortable and the carrier is balanced.

#### 3.3 Air Travel Considerations

This carrier is designed to be accepted as hand luggage by most airlines. However, **always verify specific size and weight requirements with your airline before travel**, as regulations can vary. The carrier's dimensions are 55 cm (length) x 23 cm (width) x 40 cm (height) and it supports pets up to 7 kg.

## 4. MAINTENANCE

### 4.1 Cleaning

- **Cleaning the Carrier:** The carrier's exterior can be wiped clean with a damp cloth and mild detergent. Do not machine wash the entire carrier.
- **Cleaning the Base:** The padded base is removable and waterproof. It can be hand-washed or spot-cleaned. Allow to air dry completely before reinserting.

### 4.2 Storage

When not in use, the carrier can be folded or stored in a dry place away from direct sunlight.

## 5. TROUBLESHOOTING

### 5.1 Pet Refuses to Enter Carrier

Allow your pet to explore the carrier at their own pace. Place familiar toys or blankets inside. Use positive reinforcement and treats to encourage entry. Never force your pet into the carrier.

### 5.2 Carrier Does Not Fit Under Airline Seat

Airline regulations vary. Always confirm the exact dimensions allowed by your specific airline prior to travel. If the carrier does not fit, it may not be approved for cabin travel.
