CARE AND MAINTENANCE

Proper care will extend the life of your VINGLI Tall Beach Chairs:

- **Cleaning:** Wipe down the fabric and frame with a damp cloth and mild soap. Rinse thoroughly and allow to air dry completely before folding and storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, fold the chairs and store them in a dry, protected area away from direct sunlight and extreme temperatures. This helps prevent fading and material degradation.
- **Inspection:** Periodically inspect the frame, fabric, and all moving parts for any signs of wear, damage, or loose components. Tighten any loose screws if necessary.
- **Saltwater Exposure:** If used near saltwater, rinse the chairs with fresh water after each use to prevent corrosion of the aluminum frame.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Chair is difficult to unfold/fold:**
Ensure no fabric is caught in the frame. Apply gentle, even pressure. Sometimes, new chairs may be stiff and require a few uses to loosen up. Check for any obstructions in the joints.
- **Chair feels unstable:**
Verify that all legs are fully extended and locked into place. Ensure the chair is on a flat, level surface. Do not use on uneven terrain.
- **Backrest does not lock into position:**
Ensure the armrests are lifted sufficiently to allow the backrest to move freely, then release them firmly into the desired notch. Check for any debris obstructing the locking mechanism.
