DICTAC DSTL

DICTAC Modern 6-Drawer Dresser with LED Lights and Charging Station User Manual

Model: DSTL

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your new DICTAC Modern 6-Drawer Dresser. Please read this guide thoroughly before assembly and use to ensure proper function and safety. Keep this manual for future reference.

Safety Information

- Always assemble the dresser on a soft, clean surface to prevent scratches.
- Ensure all parts are securely fastened before use.
- Do not overload drawers. Distribute weight evenly.
- For stability, attach the dresser to a wall using the provided anti-tip kit. This prevents accidental tipping, especially in households with children.
- Keep small parts and packaging materials away from children.
- Do not stand or climb on the dresser.
- Only use the charging station for compatible devices and avoid overloading electrical outlets.

Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Dresser Panels (Top, Bottom, Sides, Back)
- Drawer Panels (Front, Back, Sides, Bottom)
- Drawer Slides
- Assembly Hardware (Screws, Dowels, Cam Locks, etc.)
- LED Light Strip with Controller

- Integrated Charging Station Unit
- Power Cord
- Anti-Tip Kit
- Instruction Manual

Setup and Assembly

Follow these steps carefully to assemble your DICTAC 6-Drawer Dresser. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Refer to the parts list in your included manual to identify each piece.
2. **Assemble the Main Frame:** Attach the side panels to the bottom panel using the provided hardware (e.g., cam locks and dowels). Ensure they are securely tightened.
3. **Install Drawer Slides:** Secure the drawer slides to the inner sides of the dresser frame using the designated screws. Pay attention to the orientation of the slides (left/right, front/back).
4. **Assemble Drawers:** For each drawer, attach the side panels to the front and back panels. Slide the drawer bottom into the grooves. Secure the drawer slides to the sides of the assembled drawers.
5. **Install Back Panel:** Attach the back panel to the main frame using small nails or screws. Ensure the frame is square before securing.
6. **Attach Top Panel and Sliding Mechanism:** Secure the main top panel to the dresser frame. Install the sliding mechanism for the hidden compartment as per the detailed instructions in your manual.
7. **Integrate Charging Station:** Place the charging station unit into its designated slot within the sliding top compartment. Connect the power cord.
8. **Apply LED Light Strip:** Adhere the LED light strip to the designated area on the dresser, typically under the top panel. Connect it to the power source and controller.
9. **Insert Drawers:** Carefully slide each assembled drawer into its respective slot on the dresser frame.
10. **Install Anti-Tip Kit:** Secure the anti-tip bracket to the back of the dresser and to a wall stud using the provided hardware. This step is crucial for safety.

Operating Instructions

LED Lighting System

Your dresser is equipped with a multi-functional RGB LED light strip. It can be controlled via a smartphone app or a manual controller.

- **App Control:** Download the recommended app (refer to your included LED manual for QR code or app name). Connect your smartphone to the LED strip via Bluetooth. The app allows you to:
  - Select from over 60,000 colors.
  - Choose various lighting modes (e.g., static, flashing, fading).
  - Adjust brightness levels.
  - Set timing functions for automatic on/off.
  - Activate music mode to sync lights with audio.

- **Manual Control:** Use the inline controller on the power cord to cycle through basic colors, adjust brightness, and change modes.

Figure 2: Overview of LED light strip features, including app and key control, custom styles, color options, music mode, and timing function.

Integrated Charging Station

The dresser features a built-in charging station located within the sliding top compartment.

- **Power Connection:** Ensure the dresser's main power cord is plugged into a functional wall outlet.
- **AC Outlets:** Two (2) standard 120V/12A AC outlets are available for powering devices such as lamps, laptops, or other electronics.
- **USB Ports:** Two (2) 5V/2A USB ports are provided for charging smartphones, tablets, and other USB-powered devices.
- **Usage:** Simply open the sliding top to access the charging station. Plug in your devices as needed. Close the top when not in use to keep the area tidy.

Figure 3: The dresser's sliding top compartment opened to show the integrated charging station with AC outlets and USB ports.

Drawer Operation

The dresser features six deep drawers with a no-handle design for a sleek, modern look.

- **Opening Drawers:** To open a drawer, gently pull from the top edge of the drawer front. The smooth guides ensure quiet and effortless operation.
- **Closing Drawers:** Push the drawer firmly until it is fully closed and flush with the dresser front.
- **Storage:** The six large, deep drawers provide ample space for organizing clothing, blankets, accessories, and other items.

Figure 4: Detail of the no-handle drawer design, illustrating how to easily pull out the drawer.

Maintenance

- **Cleaning:** Wipe the dresser surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used. Avoid abrasive cleaners or harsh chemicals.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Hardware:** Occasionally check all assembly hardware to ensure screws and fasteners remain tight. Retighten if necessary.
- **LED Strip:** Keep the LED strip free from dust. If it becomes dirty, gently wipe with a dry, soft cloth.

Troubleshooting

Problem	Possible Cause	Solution
LED lights not turning on.	Power cord not plugged in; loose connection; faulty LED strip/controller.	Ensure power cord is securely plugged into a working outlet. Check all connections to the LED strip and controller. If issues persist, contact customer support.
Charging station not working.	Dresser power cord not plugged in; device not properly connected; faulty charging station.	Verify the dresser's main power cord is plugged in. Ensure devices are correctly plugged into AC outlets or USB ports. Test with different devices. Contact support if problem continues.
Drawers are stiff or difficult to open/close.	Drawer slides misaligned; debris in slides; overloaded drawer.	Remove the drawer and inspect the slides for any obstructions or misalignment. Clean the slides. Ensure drawers are not overloaded.
Dresser feels unstable.	Hardware loose; anti-tip kit not installed or improperly installed.	Check and tighten all assembly hardware. Ensure the anti-tip kit is securely fastened to both the dresser and a wall stud.

Specifications

Feature	Detail
Brand	DICTAC
Model	DSTL
Material	Engineered Wood
Color	White
Dimensions (D x W x H)	39.9 cm x 119.9 cm x 85.1 cm (15.7" x 47.2" x 33.5")
