## INTRODUCTION

Thank you for choosing the HUANUO Electric Standing Desk Frame. This manual provides detailed instructions for the assembly, operation, and maintenance of your new height-adjustable desk frame. Please read this manual thoroughly before installation and use to ensure proper function and safety.

## SETUP AND ASSEMBLY

Before beginning assembly, ensure all parts are present and undamaged. It is recommended to assemble the desk frame on a soft, clean surface to prevent scratches.

- Unpack Components:** Carefully remove all parts from the packaging. Refer to the parts list in your package for verification.
- Assemble Legs and Feet:** Attach the desk feet to the bottom of the lifting columns using the provided screws. Ensure they are securely fastened.
- Connect Crossbars:** Attach the crossbars between the two lifting columns. Adjust the length of the crossbars to match your desired desktop size.
- Install Motor and Control Box:** Secure the motor and control box to the designated locations on the frame. Connect all necessary cables according to the wiring diagram provided in your package.
- Attach Control Panel:** Mount the control panel to the underside of your desktop in an easily accessible location.
- Mount Desktop:** Carefully place your desktop onto the assembled frame. Secure the desktop to the frame using appropriate screws (desktop not included).
- Cable Management:** Organize all cables using the included cable ties or management solutions to prevent tangling and damage.

Hauteurs  
Prédéfinies

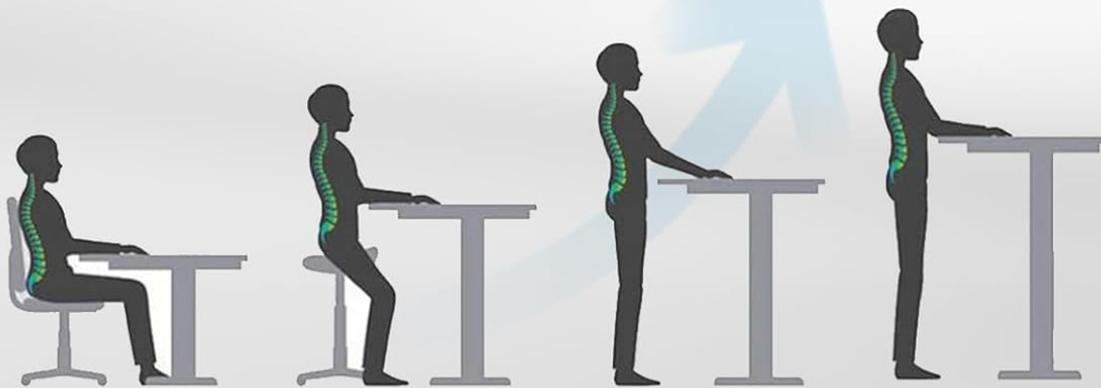

Image: The desk's control panel, showing the digital height display, up/down adjustment buttons, and four programmable memory preset buttons (1, 2, 3, 4).

## Adjusting Height:

- Press the **Up** (^) button to raise the desk.
- Press the **Down** (v) button to lower the desk.
- Release the button at your desired height. The current height will be displayed on the digital screen.

## Setting Memory Presets:

1. Adjust the desk to your desired height using the Up/Down buttons.
2. Press one of the memory preset buttons (**1, 2, 3, or 4**) until you hear a beep or see the display flash, indicating the height has been saved.

3. To recall a saved height, simply press the corresponding memory preset button. The desk will automatically move to the stored position.

## MAINTENANCE

Regular maintenance ensures the longevity and smooth operation of your HUANUO Electric Standing Desk Frame.

- **Cleaning:** Wipe the desk frame with a soft, damp cloth. Avoid abrasive cleaners or solvents that may damage the finish.
- **Cable Management:** Periodically check and reorganize cables to prevent pinching or damage.
- **Fastener Check:** Every few months, check all screws and bolts to ensure they are tight. Retighten if necessary.

- **Weight Limit:** Do not exceed the maximum weight capacity of 100 kg (220 lbs) to prevent damage to the motor and frame.

## TROUBLESHOOTING

If you encounter any issues with your desk frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected, overload, or motor error.	Check power connection. Reduce weight on desk. Perform a reset (refer to specific reset instructions in your package).
Uneven movement or shaking.	Loose fasteners, uneven floor, or unbalanced load.	Ensure all screws are tightened. Adjust foot pads for stability. Distribute weight evenly on the desktop.
Error code on display.	Specific system error.	Consult the detailed error code list in your package or contact customer support. Often, a power cycle (unplug for 30 seconds, then plug back in) can resolve minor errors.

## SPECIFICATIONS

Below are the technical specifications for the HUANUO Electric Standing Desk Frame (Model: BSQTECH-DEHNESD0728).

Feature	Detail
Brand	HUANUO
Model Number	BSQTECH-DEHNESD0728
Color	White
Product Dimensions	6.69"D x 42.52"W x 15.94"H (Frame only)
Adjustable Height Range	70 cm to 118 cm (27.5" to 46.5")
Maximum Weight Capacity	100 Kilograms (220 lbs)
Item Weight	21 Kilograms (46.2 lbs)
Assembly Required	Yes
Included Components	Headphone Hook
Motor Type	Brushless (low noise, high durability)
Noise Level	≤55 dB
UPC	810158829909
