BabyBond Y06

BabyBond Baby Bassinet Bedside Crib

Model: Y06

3-in-1 Baby Bassinet Bedside Sleeper with Mattress and Soft, Breathable Sheet

Introduction

Thank you for choosing the BabyBond 3-in-1 Baby Bassinet Bedside Crib. This versatile product is designed to provide a safe, comfortable, and convenient sleeping solution for your newborn. It seamlessly converts between a standalone bassinet, a bedside sleeper, and an inclined anti-reflux crib, adapting to your family's needs.

This manual contains important information regarding the assembly, operation, maintenance, and safety of your bassinet. Please read it thoroughly before use and retain it for future reference.

Safety Information

Your child's safety is paramount. Always follow these guidelines:

- **Suffocation Hazard:** Infants can suffocate in gaps between an extra mattress and the side of the bassinet/crib, or on soft bedding. Use ONLY the mattress provided by the manufacturer. NEVER add a pillow, comforter, or another mattress for padding.
- **Fall Hazard:** To prevent falls, do not use this product when the infant begins to push up on hands and knees, or has reached 20 lbs (9 kg), or is 5 months old, whichever comes first.
- **Strangulation Hazard:** Strings can cause strangulation. DO NOT place items with a string around a child's neck, such as hood strings or pacifier cords. DO NOT suspend strings over a bassinet/crib or attach strings to toys.
- Ensure all assembly fasteners are securely tightened before use. Periodically check fasteners for tightness.
- Never leave your child unattended in the bassinet.
- Keep the bassinet away from windows, cords, and heat sources.
- Always engage the wheel locks when the bassinet is stationary.

The BabyBond bassinet is built with a sturdy, extra-wide base for enhanced stability, ensuring a flat, secure sleeping surface. It features full mesh sides to promote airflow and reduce the risk of suffocation, while allowing parents to easily keep an eye on their baby.

Components List

Please ensure all parts are present before beginning assembly. If any parts are missing or damaged, do not assemble and contact customer support.

- Bassinet Frame (Legs, Support Bars)
- Bassinet Basket with Mesh Sides
- Mattress
- Breathable Sheet
- Storage Rack
- Wheels (4)
- Assembly Hardware (Screws, Allen Wrench, etc.)
- Instruction Manual

Setup and Assembly

Assembly is designed to be straightforward. Follow these steps carefully:

1. Unpack all components and lay them out on a clean, flat surface.
2. Assemble the main frame structure according to the diagrams provided in the separate assembly guide. Ensure all connections are secure.
3. Attach the wheels to the bottom of the frame legs. Ensure they click into place and can rotate freely.
4. Install the bassinet basket onto the assembled frame, ensuring it is securely latched.
5. Place the supportive mattress into the bassinet basket.
6. Cover the mattress with the provided soft, breathable sheet.
7. Attach the spacious storage rack to the lower part of the frame.

Operating Instructions

3-in-1 Functionality

The BabyBond bassinet offers three primary modes of use:

- **Standalone Bassinet:** Use as a traditional bassinet in any room. Ensure wheels are locked when stationary.
- **Bedside Sleeper:** Lower one side of the bassinet and adjust its height to align with your adult bed for easy nighttime access and co-sleeping.
- **Inclined Anti-Reflux Crib:** Adjust the incline to a 3-7° angle to help prevent reflux and keep your baby comfortable.

Image: Visual representation of the bassinet's three modes: bedside crib, standalone baby bassinet, and inclined anti-reflux crib.

Height Adjustment

The bassinet features 6 adjustable height settings to fit most adult beds, ranging from 29.5 inches to 34.5 inches. To adjust the height, locate the adjustment mechanisms on each side of the frame, press the release buttons, and slide the bassinet up or down to the desired level. Ensure both sides are adjusted to the same height and securely locked before placing your baby inside.

Incline Feature

To activate the incline feature, locate the incline adjustment mechanism (usually a lever or button) on the bassinet frame. Adjust it to the desired 3-7° angle. This feature is beneficial for babies experiencing reflux or congestion, providing a slightly elevated sleeping position.

Image: The bassinet set at a 3-7 degree incline, illustrating how this feature helps reduce baby reflux and promotes comfortable sleep.

Mobility and Storage

The bassinet is equipped with wheels for easy movement between rooms. Engage the wheel locks when the bassinet is in its desired position to ensure stability. The spacious storage rack underneath provides convenient access to baby essentials like diapers, wipes, and blankets.

Maintenance and Care

Proper care will extend the life of your bassinet:

- **Fabric Cover:** The removable fabric cover is machine-washable for hassle-free cleaning. Follow the care label instructions.
- **Frame:** Wipe the metal frame with a damp cloth and mild soap. Dry thoroughly.
- **Mattress:** The mattress features a waterproof layer to keep it dry. For cleaning, hand wash only as per product specifications.
- Regularly check all parts for wear and tear, loose fasteners, or damage. Discontinue use if any part is broken or missing.

Troubleshooting

If you encounter any issues, please refer to the following common solutions:

Problem	Possible Cause	Solution
Bassinet feels unstable or wobbly.	Loose fasteners or uneven surface.	Ensure all screws and connections are tightened. Place on a flat, level surface.
Wheels not locking or moving freely.	Debris in wheels or lock mechanism not fully engaged/disengaged.	Clean wheels. Ensure lock levers are fully pushed down (locked) or up (unlocked).
Height adjustment is difficult.	Release buttons not fully pressed or mechanism is stiff.	Press release buttons firmly on both sides. Apply gentle, even pressure when adjusting.
Side panel not dropping down smoothly.	Obstruction or mechanism not fully released.	Check for fabric or other obstructions. Ensure release buttons/levers are fully activated.

If the problem persists, please contact BabyBond customer support.

Specifications

- **Brand:** BabyBond
- **Model Number:** Y06
- **Color:** Wood Grain Legs + Beige Bed
- **Product Dimensions:** 36.5"L x 21.5"W x 34.5"H
