## YABER T2 PLUS

# YABER T2 Plus Portable Projector User Manual

Model: T2 PLUS

## INTRODUCTION

---

This manual provides detailed instructions for the safe and efficient operation of your YABER T2 Plus Portable Projector. Please read this manual thoroughly before using the device and retain it for future reference.

## SETUP

---

### 1. Unpacking and Initial Inspection

- Carefully remove all components from the packaging.
- Verify that all items listed in the packing list are present and undamaged.
- Report any missing or damaged items to customer support immediately.

### 2. Charging the Projector

The YABER T2 Plus features an integrated high-capacity rechargeable battery, providing up to 2.5 hours of video playback or 18 hours of audio. For optimal performance, fully charge the projector before first use.

- Connect the power adapter to the projector's power input.
- Plug the power adapter into a suitable electrical outlet (240 Volt).
- The charging indicator will illuminate. Charging is complete when the indicator changes color or turns off (refer to LED indicator section for details).

### 3. Placement and Positioning

Position the projector on a stable, flat surface. The integrated handle can also serve as a stand, allowing for a 15-degree tilt.

- Ensure the projection surface is clean and smooth for best image quality.
- Maintain a projection distance that allows for the desired screen size. The T2 Plus can achieve a 100-inch screen from a short distance of 0.50m.
- Avoid placing the projector in direct sunlight or near heat sources.

## OPERATING INSTRUCTIONS

---

### 1. Powering On/Off

- To power on: Press and hold the power button until the indicator light illuminates.
- To power off: Press and hold the power button until the projector shuts down.

### 2. Initial Configuration

Upon first power-on, the projector may guide you through an initial setup process for language, network, and other basic settings.

### 3. Image Adjustment

The T2 Plus features intelligent screen adaptation technology for automatic adjustments, ensuring a clear and properly aligned image.

- **Auto Focus:** The projector automatically adjusts for a clear image.
- **Auto Keystone Correction:** Corrects distorted images caused by angled projection.
- **Intelligent Screen Alignment:** Automatically aligns the image to the screen boundaries.
- **Intelligent Obstacle Avoidance:** Detects and adjusts the projection to avoid obstacles on the wall.
- **Aspect Ratios:** Supports 4:3 and 16:9 aspect ratios.

- **Zoom:** Features 50% zoom capability.

## 4. Connecting Devices

The projector offers versatile connectivity options:

- **HDMI:** Connect external devices like laptops, gaming consoles, or TV dongles.
- **USB:** Access documents and media files directly from a USB drive. Supports WPS files.
- **Ethernet:** For wired network connection.
- **Wi-Fi 6:** Connect to wireless networks for streaming and online content.
- **Bluetooth:**
  - **Two-way Bluetooth:** Connect to mobile devices to use the projector as a 16W Hi-Fi stereo speaker.

- Pair with external Bluetooth speakers for enhanced audio output.
- **YABER App:** Utilize the YABER app with NFC for quick connections and to use your phone as a remote control.

## 5. Audio Output

The T2 Plus features integrated 8W\*2 JBL speakers with Dolby Audio support, delivering rich sound details, clear highs, and powerful bass.

## MAINTENANCE

---

### 1. Cleaning the Lens

- Use a soft, lint-free cloth specifically designed for optical lenses.

- Gently wipe the lens in a circular motion.
- Avoid using abrasive cleaners or excessive pressure.

## 2. Cleaning the Exterior

- Wipe the projector's exterior with a soft, dry cloth.
- For stubborn marks, slightly dampen the cloth with water.
- Do not use harsh chemicals or solvents.

## 3. Storage

- Store the projector in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, ensure the battery is partially charged (around 50%) to prolong its lifespan.
