

Denon AVR-X1800H

Denon AVR-X1800H 8K 7.2ch Stereo AV Receiver User Manual

Model: AVR-X1800H

INTRODUCTION

This user manual provides detailed instructions for the safe and efficient operation of your Denon AVR-X1800H 8K 7.2ch Stereo AV Receiver. Please read this manual thoroughly before using the product and retain it for future reference.

IMPORTANT SAFETY INSTRUCTIONS

- Ensure proper ventilation to prevent overheating.
- Do not expose the unit to rain or moisture.
- Do not open the casing; refer all servicing to qualified personnel.
- Disconnect power during electrical storms or when unused for long periods.
- Place the unit on a stable, level surface.

PACKAGE CONTENTS

Verify that all items are present in the package:

- Denon AVR-X1800H AV Receiver
- Remote Control
- Setup Microphone (Audyssey)
- FM/AM Antennas
- Power Cord
- Quick Start Guide
- Amber Protection HDTV Screen Cleaner Kit (if bundled)

Image: Denon AVR-X1800H receiver, remote control, and Audyssey setup microphone.

SETUP GUIDE

1. Connecting Your Speakers

The AVR-X1800H supports a 7.2 channel configuration, including Dolby Atmos and DTS:X. Connect your speakers to the corresponding terminals on the rear panel. Ensure correct polarity (+ to + and - to -).

Image: Rear panel connections of the Denon AVR-X1800H, highlighting speaker terminals and various input/output ports.

For a 7.2 channel setup, connect front left, front right, center, surround left, surround right, surround back left, and surround back right speakers, along with up to two subwoofers.

Extended Protection Features & Benefits

- Mechanical & Electrical Failures
- Power Surge Protection
- Nationwide Network of Service Providers
- 24/7/365 Customer Support, and more.

When does the plan begin?

All plans begin from date of purchase and are inclusive of the manufacturer's limited coverage. Benefits such as Power Surge Protection and Mechanical & Electrical Failures (if purchased) begin on Day 1.

What items are eligible for extended protection?

Electronics with at least a 90 day manufacturer limited coverage in the United States.

Covered Products

- Televisions
- Laptops
- Tablets
- Home Theater
- Headphones
- And More

Image: Visual representation of a 7.2 channel speaker arrangement for optimal surround sound with the AVR-X1800H.

2. Connecting Video Sources (HDMI)

Connect your video sources (e.g., Blu-ray player, game console, streaming device) to the HDMI IN ports on the receiver. Connect the HDMI OUT (ARC/eARC) port to your TV's HDMI input.

- The AVR-X1800H features 3 dedicated 8K HDMI inputs and 1 8K HDMI output, supporting 8K/60Hz and 4K/120Hz pass-through.
- Ensure your HDMI cables are rated for 8K or Ultra High Speed if using 8K/4K120Hz sources.

Advanced 8K HDMI

Enjoy pristine 8K picture quality on your 8K TV or projector.

Image: Detailed view of the HDMI section on the AVR-X1800H, showing multiple inputs and the 8K output with ARC/eARC support.

3. Network Connection

Connect the receiver to your home network via Ethernet cable or Wi-Fi for HEOS functionality, firmware updates, and internet radio.

- **Wired:** Connect an Ethernet cable from your router to the LAN port on the receiver.
- **Wireless:** Follow the on-screen setup assistant to connect to your Wi-Fi network.

4. Initial Setup Assistant and Audyssey Calibration

After connecting all components and powering on the receiver, the Denon Setup Assistant will guide you through the initial configuration steps on your TV screen. This includes speaker detection, network setup, and Audyssey MultEQ XT calibration.

- Use the supplied setup microphone to perform Audyssey calibration. This process measures your room's acoustics and optimizes speaker levels, distances, and equalization for the best sound experience.
- Place the microphone at various listening positions as prompted by the on-screen guide.

OPERATING INSTRUCTIONS

1. Basic Operation

- **Power On/Off:** Press the POWER button on the front panel or remote control.
- **Input Selection:** Use the SOURCE SELECT knob/buttons on the front panel or the INPUT buttons on the remote to choose your desired audio/video source.
- **Volume Control:** Adjust the MASTER VOLUME knob on the front panel or the VOLUME +/- buttons on the remote.

2. Audio Modes and Surround Sound

The AVR-X1800H supports various audio formats and surround sound modes:

- **Dolby Atmos / DTS:X:** Provides immersive, object-based 3D audio.
- **Dolby Surround / DTS Neural:X:** Upmixes traditional stereo or surround content to utilize all connected speakers, including height channels.
- **Dolby Atmos Height Virtualization:** Creates virtual height effects without physical height speakers.
- Select desired sound modes using the "MOVIE", "MUSIC", or "GAME" buttons on the remote, or cycle through modes via the "MODE" button.

3. HEOS Built-in for Streaming and Multi-Room Audio

HEOS Built-in allows you to stream music from various online services, network storage, or USB devices. It also enables multi-room audio by sharing music with other HEOS-enabled speakers.

AVR-X1800H

HEOS® Built-in

With HEOS Built-in, easily access streaming music and share with HEOS-enabled speakers in other rooms.

Image: The Denon AVR-X1800H demonstrating HEOS Built-in functionality, controlled via a smartphone application.

- Download the free HEOS app to your smartphone or tablet.
- Use the app to browse music, create playlists, and control playback across your HEOS ecosystem.

4. Bluetooth and Wi-Fi Connectivity

The receiver supports Bluetooth for direct audio streaming from mobile devices and Wi-Fi for network features.

- **Bluetooth Pairing:** Select "Bluetooth" as the input source and pair your device from its Bluetooth settings.
- **Wi-Fi:** Configured during the initial setup assistant for internet access and HEOS.

MAINTENANCE

1. Cleaning the Unit

To maintain the appearance and performance of your receiver:

- Wipe the exterior surfaces with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or chemical sprays.
- Ensure the unit is unplugged before cleaning.

For cleaning connected display screens, the bundled Amber Protection HDTV Screen Cleaner Kit can be used. This non-ammonia and alcohol-free solution is designed to clean without dripping, streaking, or leaving residue, effectively removing dust, dirt, and fingerprints.

Image: Amber Protection Screen Cleaner Kit, including a spray bottle and microfiber cloth, suitable for cleaning display screens.

2. Firmware Updates

Denon periodically releases firmware updates to improve performance and add new features. Ensure your receiver is connected to the internet to receive these updates. You can check for updates via the receiver's setup menu.

TROUBLESHOOTING

If you encounter issues, refer to the following common solutions before contacting support:

- **No Power:** Check the power cord connection and wall outlet. Ensure the power button is pressed.
- **No Sound:**
 - Verify speaker connections and polarity.
 - Check input source selection.
 - Ensure volume is not muted or set too low.
 - Confirm correct audio output settings on your source device.
- **No Video:**
 - Check HDMI cable connections between source, receiver, and TV.
 - Verify correct HDMI input on both receiver and TV.
 - Ensure HDMI cables are not damaged and are rated for your video resolution.
- **Network Connection Issues:**
 - Restart your router and the receiver.
 - Check Ethernet cable connection or Wi-Fi password.
 - Ensure the receiver is within Wi-Fi range.
- **Remote Control Not Working:**
 - Replace batteries.
 - Ensure no obstructions between remote and receiver's IR sensor.

SPECIFICATIONS

Feature	Detail
Model	AVR-X1800H
Surround Sound Channels	7.2
HDMI Inputs	6 (3x 8K/60Hz, 4K/120Hz compatible)

WARRANTY AND SUPPORT

Manufacturer's Warranty

The Denon AVR-X1800H comes with a manufacturer's warranty. Please refer to the warranty card included in your package for specific terms and conditions, including the duration of coverage.

Extended Protection Plan

This product bundle includes a 3-Year Amber Protection Plan in addition to the manufacturer's warranty. This extended plan covers mechanical and electrical failures and provides power surge protection. Benefits of the Amber Protection Plan, such as power surge protection and coverage for mechanical and electrical failures, begin on Day 1 of purchase. This plan is intended for residential use only.

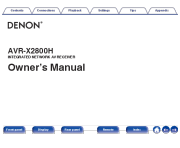

For details regarding the Amber Protection Plan, including claims procedures and full terms, please refer to the documentation provided with your purchase or contact the plan provider directly.

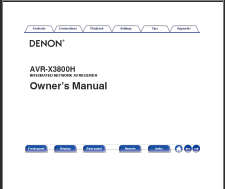

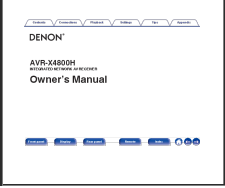

Customer Support

For technical assistance, product inquiries, or warranty claims, please contact Denon customer support or visit the official Denon website for up-to-date contact information and resources.

Over a century of innovation

YOUR BENEFITS

Over 100 watts per channel on all channels deliver up to 100W per channel through power to standard systems in a full-size room.

Discrete amplifiers for each channel with Class-D technology and 200Watt x 10 channels to deliver the best sound.

HEOS Built-in functionality allows you to stream music wirelessly from your smartphone, tablet, or laptop. And with HEOS Built-in, you can wirelessly stream music and share with every HEOS-enabled speaker around your home.

Bi-amped and bi-wired: Connect your speakers to the AVR-X1800H in two ways: bi-amped or bi-wired. Bi-amping allows you to connect your speakers to the AVR-X1800H in two ways: bi-amped or bi-wired.

Intelligent upscaling and frequency response correction technology: The AVR-X1800H uses intelligent upscaling and frequency response correction technology to enhance the sound of your music.

Over a century of innovation: Denon has been creating the world's best audio equipment for over a century. The AVR-X1800H is the result of over a century of innovation and audio performance.
