ACCESSING CODE 3

To watch 'Code 3', ensure you have an active Amazon Prime membership or have purchased/rented the title. Follow these steps:

1. Open the Prime Video application on your device (Smart TV, streaming stick, tablet, smartphone) or visit the Prime Video website in a web browser.
2. Log in with your Amazon account credentials.
3. Use the search bar to find "Code 3" or navigate to your 'Watchlist' if you have previously added it.
4. Select the 'Code 3' title from the search results.
5. Choose the 'Watch Now' or 'Play' option to begin streaming.

VIEWING CONTROLS

During playback, various controls are available to enhance your viewing experience:

- **Play/Pause:** Click or tap the play/pause icon to start or temporarily stop the video.
- **Fast Forward/Rewind:** Use the progress bar to skip forward or backward, or use dedicated buttons if available on your device.
- **Volume Control:** Adjust the audio level using the volume slider or buttons.
- **Audio Languages:** Select the audio icon (often a speech bubble or gear) to choose between available audio tracks, such as English or English [Audio Description].
- **Subtitles/Closed Captions:** Select the subtitle icon (often 'CC' or a speech bubble) to enable or disable subtitles and choose from available languages, such as English [CC].
- **Full Screen:** Toggle full-screen mode for an immersive viewing experience.

VIEWING TIPS

For an optimal viewing experience of 'Code 3':

- Ensure a stable internet connection to prevent buffering.
- Close other bandwidth-intensive applications or devices on your network.
- Adjust your device's display settings for optimal brightness and contrast.
- Consider using headphones for a more focused audio experience, especially with audio descriptions.

TROUBLESHOOTING COMMON ISSUES

If you encounter problems while watching 'Code 3', consider the following:

- **Buffering/Poor Quality:** Check your internet connection speed. Try restarting your router or modem. Reduce the streaming quality setting if available.
- **No Audio:** Verify your device's volume is up and not muted. Check the audio language settings within the Prime Video player.
- **No Picture:** Ensure your device's display is working correctly. Try restarting the Prime Video app or your device.
- **App Crashing:** Update the Prime Video app to the latest version. Clear the app's cache or reinstall it.
