OPPO ETEA1

OPPO Enco Air4 Pro Wireless Earbuds User Manual

Model: ETEA1

1. INTRODUCTION

The OPPO Enco Air4 Pro are advanced wireless earbuds designed to deliver a superior audio experience with powerful active noise cancellation and extended battery life. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal use of your device.

3. PRODUCT OVERVIEW AND KEY FEATURES

The OPPO Enco Air4 Pro integrates several advanced technologies for an enhanced audio experience:

- **Ultra-Wide Frequency Active Noise Cancellation:** Up to 49dB noise reduction, effectively canceling up to 99.6% of background noise across a wide frequency range.
- **Triple Microphone System:** Ensures clear call quality by identifying your voice and blocking ambient noise.
- **Extended Playtime:** Up to 44 hours of total playback with the charging case.
- **IP55 Water and Dust Resistance:** Provides protection against sweat and light splashes, suitable for workouts and outdoor use.
- **Google Fast Pair:** Enables quick and seamless pairing with compatible Android devices.
- **Bluetooth 5.4:** For stable and efficient wireless connectivity.
- **LHDC 5.0:** High-resolution audio codec for superior sound quality.

Image 3.1: Infographic detailing key features of the OPPO Enco Air4 Pro. This visual summary highlights features such as the 12.4mm transducer, IP55 water and dust protection, Google Fast Pair, triple microphone for clear calls, ultra-wide frequency active noise cancellation, Bluetooth 5.4, LHDC 5.0 high-resolution audio, and up to 44 hours of playback.

4. SETUP

4.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the USB charging cable to the charging port on the case and a power source. The indicator light on the case will show charging status.

4.2 Pairing with a Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. Activate Bluetooth on your smartphone or device.
3. For Android devices, if Google Fast Pair is enabled, a pop-up notification will appear for quick pairing. Follow the on-screen instructions.
4. For other devices or manual pairing, search for "OPPO Enco Air4 Pro" in your device's Bluetooth settings and select it to connect.
5. Once paired, the earbuds will automatically connect to the last paired device when taken out of the case.

4.3 Fitting the Earbuds

Select the appropriate eartip size for a secure and comfortable fit. A good seal is crucial for optimal sound quality and noise cancellation performance.

Image 4.1: Front view of the OPPO Enco Air4 Pro earbuds. This image highlights the ergonomic design and the eartips, which are essential for a proper fit and seal in the ear canal.

5. OPERATING INSTRUCTIONS

5.1 Touch Controls

The earbuds feature touch controls for various functions. Specific gestures can be customized via the HeyMelody app (if available for your region/device).

- **Single Tap:** Play/Pause music, Answer/End call.
- **Double Tap:** Next track, Decline call.
- **Triple Tap:** Previous track (may vary by customization).
- **Press and Hold:** Switch between Noise Cancellation modes (ANC On, Transparency, ANC Off), Activate voice assistant.

5.2 Music Playback

Once connected, audio from your device will play through the earbuds. Use the touch controls to manage playback.

5.3 Call Management

When a call comes in, use the touch controls to answer or decline. The triple microphone system ensures clear communication.

6. ACTIVE NOISE CANCELLATION (ANC)

The OPPO Enco Air4 Pro features an advanced active noise cancellation system:

- **Noise Reduction:** Up to 49dB, effectively reducing a wide range of environmental sounds.
- **Intelligent Scene Noise Cancelling:** Automatically adjusts noise cancellation levels based on your environment. Manual modes include:
 - **Max (49dB):** Ideal for noisy environments like subways, airplanes, and train stations.
 - **Moderate (25dB):** Suitable for streets, shopping malls, and other moderately noisy areas.
 - **Slight (15dB):** For quieter settings such as home or office.
- **Dual Wind Noise Control:** An algorithm suppresses wind noise up to 20km/h, ensuring clear calls even in windy conditions.

7. TRANSPARENCY MODE

Transparency Mode allows you to hear your surroundings without removing the earbuds. This is useful for conversations or when you need to be aware of your environment.

To activate Transparency Mode, use the press and hold gesture on the earbud (refer to touch controls section for specific actions).

8. BATTERY AND CHARGING

- **Total Playtime:** Up to 44 hours with the charging case.
- **Quick Charge:** A 10-minute charge provides up to 4 hours of playtime.
- **Charging the Case:** Use the provided USB-C cable to connect the charging case to a power source. The indicator light will show charging status.
- **Charging the Earbuds:** Place the earbuds into the charging case. They will charge automatically.

9. WATER AND DUST RESISTANCE

The OPPO Enco Air4 Pro earbuds are rated IP55 for water and dust resistance. This means they are protected against limited dust ingress and low-pressure water jets from any direction. They are suitable for exercise and light rain but should not be submerged in water.

Note: The charging case is not IP55 rated. Avoid exposing the charging case to water or excessive dust.

10. MAINTENANCE

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with water and mild soap if necessary, ensuring they are completely

dry before reattaching.

- Avoid using abrasive materials or harsh chemicals for cleaning.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

11. TROUBLESHOOTING

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, open the lid, and try re-pairing. Check your device's Bluetooth settings.
No sound from one earbud	Check battery level of both earbuds. Try placing both earbuds back in the case and taking them out again. Re-pair if necessary.
Poor sound quality	Ensure eartips provide a good seal. Clean any debris from the earbud nozzles. Move closer to your connected device to avoid interference.
Charging issues	Verify the charging cable and power adapter are working. Ensure charging contacts on earbuds and case are clean.
Active Noise Cancellation not effective	Ensure a proper fit with the correct eartip size. Check that ANC is enabled and set to the appropriate mode.

12. SPECIFICATIONS

Feature	Detail
Model Name	Enco Air4 Pro
Model Number	ETEA1
Connectivity Technology	Wireless (Bluetooth 5.4)
Noise Control	Active Noise Cancellation (up to 49dB)
Microphone System	Triple Microphone System
Playtime (with case)	Up to 44 hours
Water Resistance Level	IP55 (Earbuds only)
Control Method	Touch Control
Item Weight (each earbud)	4.5 Grams
Audio Driver Type	Dynamic Driver
Compatible Devices	Smartphones, Tablets, Laptops, Desktop computers, Audio interfaces, Mixers, Voice recorders, Portable music players

13. WARRANTY AND SUPPORT

The OPPO Enco Air4 Pro comes with a **1-year warranty** from the date of purchase. This warranty covers manufacturing defects and issues under normal use conditions.

For warranty claims, technical support, or service inquiries, please contact your authorized OPPO distributor or visit the official OPPO support website. Keep your proof of purchase for warranty validation.

Note: The warranty may be voided by unauthorized repairs, misuse, or accidental damage.
