# YITAYMLI Smart LED Bathroom Vanity Mirror Instruction Manual

Model: 2519549815619

## 1. PRODUCT OVERVIEW

---

The YITAYMLI Smart LED Bathroom Vanity Mirror is designed to enhance your bathroom experience with its advanced features. This wall-mounted mirror integrates LED illumination, anti-fog technology, and a digital display for time and temperature. It offers customizable lighting with three color options and stepless dimming, all controlled via touch sensors.

Key features include:

- **LED Illuminated High-Definition Anti-Fog Mirror:** Ensures a clear, fog-free reflection.
- **Three-Color Light Adjustment:** Warm white, neutral white, and cool white options with stepless dimming.
- **Shatterproof and Wall-Mounted Design:** Constructed from 5MM high-definition copper-free silver mirror material for durability and safety.
- **Time and Temperature Display:** Integrated digital display for convenience.
- **Stylish Square Design:** Modern aesthetic to complement various bathroom decors.

## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Ensure the power supply is disconnected before any installation or maintenance. All electrical connections should be performed by a qualified electrician in accordance with local codes.
- **Mirror Handling:** Handle the mirror with care. Although it features an explosion-proof design, improper handling can still cause damage.
- **Mounting:** Ensure the wall surface is strong enough to support the mirror's weight. Use appropriate mounting hardware for your wall type.
- **Cleaning:** Do not use abrasive cleaners or sharp objects on the mirror surface. Refer to the 'Maintenance' section for proper cleaning methods.
- **Children:** Keep children away from the mirror during installation and ensure they do not tamper with the electrical components.

# Explosion-proof method to protect the safety of your family

-Safety mirror will not splash even if it breaks-

No explosion-proof mirror will break

## 5. INSTALLATION

This mirror is designed for wall-mounted installation. Please follow these steps carefully. It is recommended to have two people for installation due to the mirror's size and weight.

### 5.1 Tools Required (Not Included)

- Drill
- Drill bit (6-8MM, suitable for your wall type)
- Measuring tape
- Pencil
- Level
- Screwdriver

### 5.2 Installation Steps

1. **Prepare the Mirror and Tools:** Unpack the mirror and ensure all components are present. Gather all

necessary installation tools.

2. **Mark Drilling Locations:** Hold the mirror against the wall at the desired height and position. Use a pencil to mark the locations for the mounting holes. Ensure the marks are level.
3. **Drill Holes:** Using a drill and a 6-8MM drill bit, carefully drill holes at the marked locations. The depth of the holes should accommodate the expansion screws.
4. **Insert Expansion Screws and Hooks:** Insert the expansion plugs into the drilled holes. Then, screw the mounting hooks into the expansion plugs until they are secure.
5. **Hang the Mirror:** Carefully lift the mirror and align the mounting brackets on the back of the mirror with the installed hooks. Gently lower the mirror onto the hooks, ensuring it is securely seated and level.
6. **Electrical Connection:** Connect the mirror's power cable to a suitable 12V power source. It is recommended to have this step performed by a qualified electrician to ensure proper and safe wiring.

## 6. OPERATION

---

The YITAYMLI Smart LED Bathroom Vanity Mirror features intuitive touch controls located on the mirror surface.

### 6.1 Power On/Off and Lighting Control

- **Power Button:** Locate the power icon on the mirror surface. Touch this icon to turn the LED lights on or off.
- **Color Temperature Adjustment:** After turning on the lights, touch the light bulb icon to cycle through the three color temperatures: warm white, neutral white, and cool white.
- **Stepless Dimming:** To adjust brightness, press and hold the light bulb icon. The brightness will gradually increase or decrease. Release your finger when the desired brightness is reached.

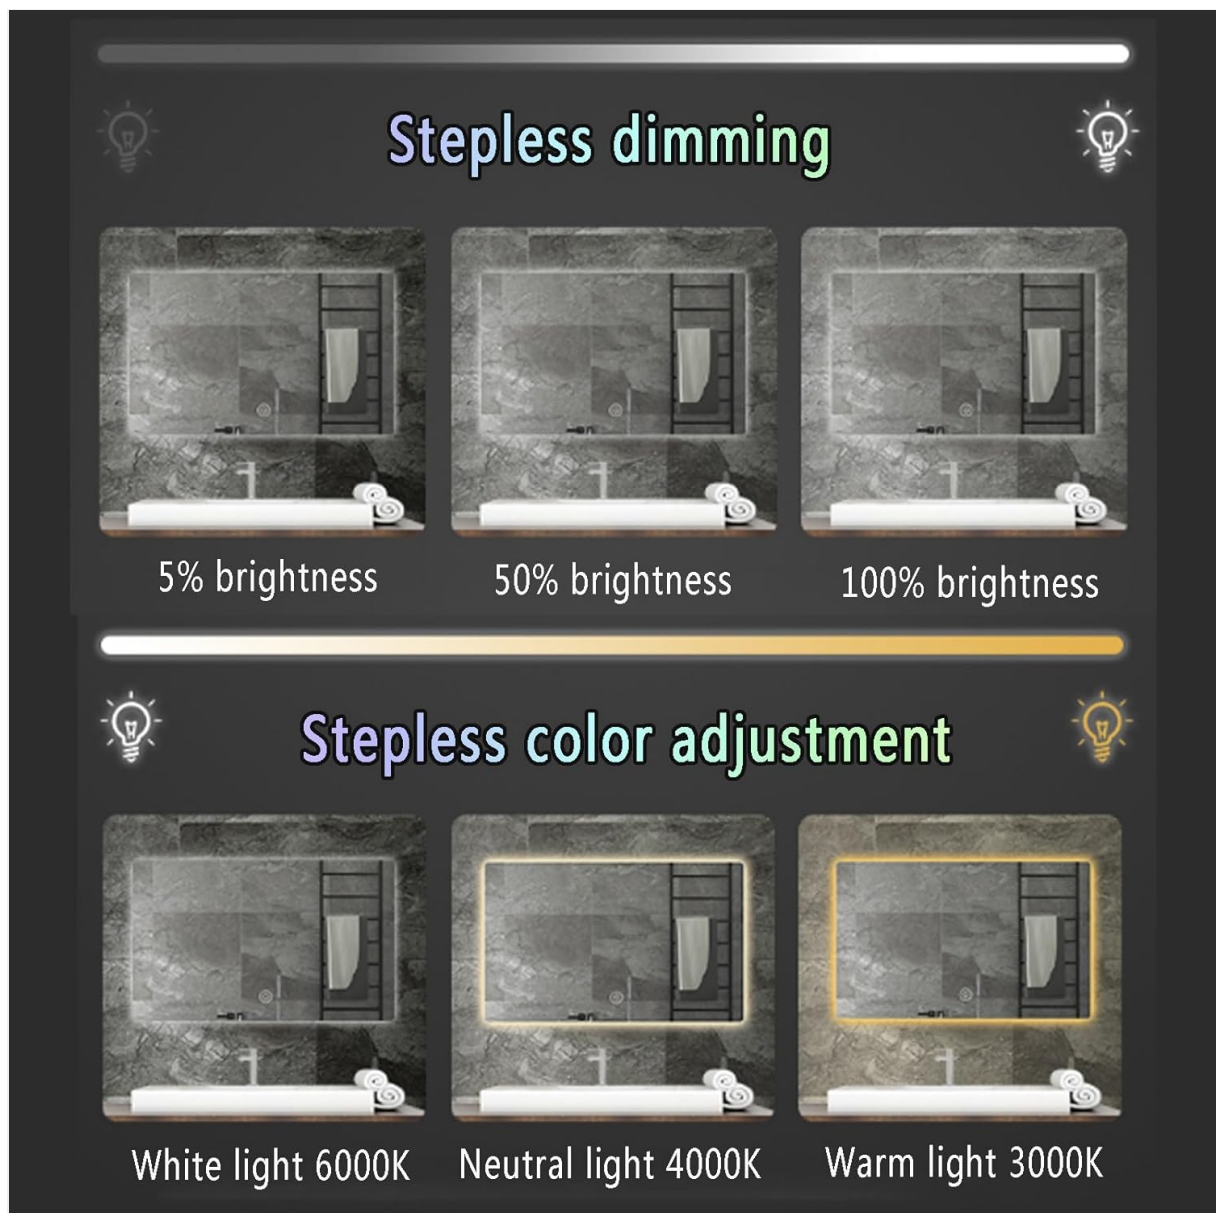

Image 6.1: Visual guide for stepless dimming and color temperature adjustment.

## 6.2 Anti-Fog Function

- **Activate Anti-Fog:** Locate the anti-fog icon (often resembling steam or a fan) on the mirror surface. Touch this icon to activate the anti-fog heating element.
- **Deactivate Anti-Fog:** Touch the anti-fog icon again to turn off the function.
- The anti-fog feature provides constant temperature heating to prevent condensation, ensuring a clear reflection.

# New experience of smart home

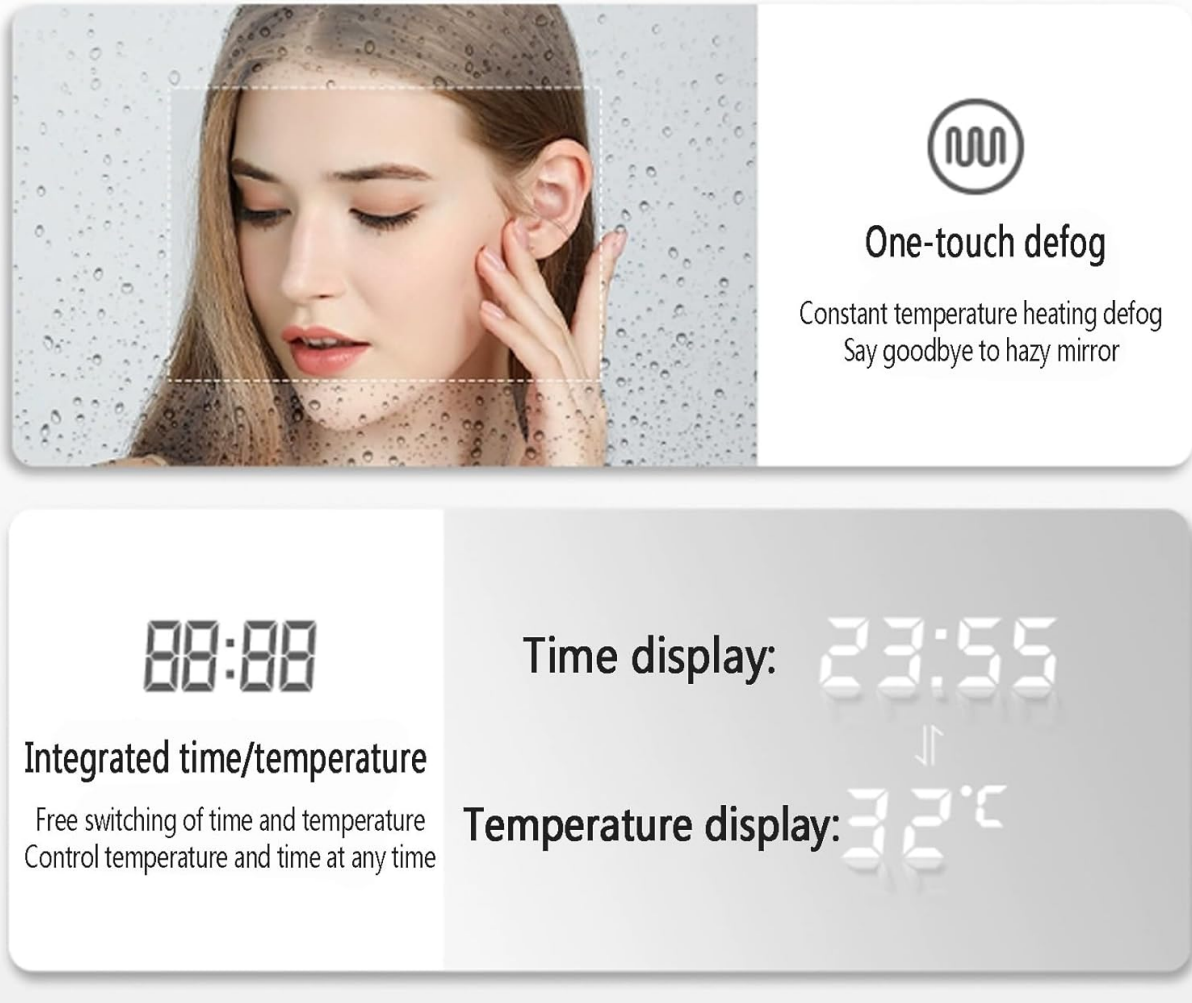

Image 6.2: Illustration of the one-touch defog function and integrated time/temperature display.

## 6.3 Time and Temperature Display

- The mirror features an integrated digital display that shows the current time and temperature.
- The display automatically updates. There is typically no manual setting required for time and temperature, as it syncs automatically or uses internal sensors.

## 7. MAINTENANCE

---

Proper maintenance will ensure the longevity and optimal performance of your YITAYMLI Smart LED Bathroom Vanity Mirror.

### 7.1 Cleaning the Mirror Surface

- For general cleaning, wipe the mirror surface with a soft, damp cloth.
- For difficult stains, use a small amount of alcohol or a 30% cleaning diluent. Apply to a soft cloth and gently wipe the affected area.
- Avoid using abrasive cleaners, scouring pads, or sharp objects, as these can scratch or damage the mirror surface and coatings.
- After cleaning, dry the mirror with a clean, lint-free cloth to prevent water spots.

## 7.2 General Care

- Ensure adequate ventilation in the room, especially after showers, to minimize moisture buildup around the mirror.
- Do not spray cleaning solutions directly onto the mirror, as liquids may seep into the electrical components.
- Regularly check the mounting hardware to ensure the mirror remains securely attached to the wall.

## 8. TROUBLESHOOTING

---

If you encounter any issues with your mirror, please refer to the following troubleshooting guide before contacting customer service.

Problem	Possible Cause	Solution
LED lights do not turn on.	No power supply; loose connection; faulty touch sensor.	Check if the mirror is properly connected to power. Ensure the power outlet is functional. Verify all electrical connections are secure. If the issue persists, contact customer support.
Anti-fog function is not working.	Anti-fog function not activated; electrical issue.	Ensure the anti-fog icon has been touched to activate the function. Check power supply. If the issue persists, contact customer support.
Lights are flickering or dim.	Unstable power supply; dimming setting too low.	Ensure the power supply is stable. Adjust the brightness using the stepless dimming feature.
Time/Temperature display is incorrect or not showing.	Power interruption; internal sensor issue.	Ensure continuous power supply. If the display remains incorrect, contact customer support.

## 9. WARRANTY AND SUPPORT

---

YITAYMLI stands behind the quality of its products. This mirror comes with a standard manufacturer's warranty against defects in materials and workmanship under normal use.

- **Warranty Period:** Please refer to your purchase documentation or contact customer service for specific warranty duration.
- **Warranty Claims:** To make a warranty claim, please retain your proof of purchase and contact YITAYMLI customer support.
- **Exclusions:** The warranty does not cover damage caused by improper installation, misuse, accidents, unauthorized repairs, or normal wear and tear.

### 9.1 Customer Support

For any questions, technical assistance, or warranty inquiries, please contact YITAYMLI customer support through the retailer where you purchased the product or visit the official YITAYMLI website for contact information.
