Hetoy Licensed Land Rover Kids Electric Car Model YU2088 User Manual

Model: YU2088

1. Introduction

Thank you for purchasing the Hetoy Licensed Land Rover Kids Electric Car Model YU2088. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new ride-on toy. Please read this manual thoroughly before use and retain it for future reference.

This product is designed for children aged 3 to 8 years, with a maximum user weight of 61 lbs (28 kg) and a maximum user height of 43 inches (109 cm). Adult supervision is required at all times during assembly and operation.

2. Safety Information

Your child's safety is paramount. This product is certified with ASTM and CPSIA standards. Adhere to the following safety guidelines:

- **Adult Supervision:** Always supervise children when they are operating the vehicle.
- **Age and Weight Limits:** Suitable for children 3-8 years old. Do not exceed the maximum weight capacity of 61 lbs (28 kg) or height of 43 inches (109 cm).
- **Seating and Safety Belts:** Ensure the child is properly seated and the safety belt is securely fastened before operation.
- **Operating Environment:** Use on flat, dry surfaces. Avoid slopes, uneven terrain, public roads, swimming pools, or other hazardous areas.
- **Charging:** Only an adult should handle battery charging. Use the provided charger.
- **Emergency Stop:** Parents can use the remote control to stop the vehicle in emergencies.
- **Doors:** Ensure doors are closed and locked during operation to prevent accidental opening.

SAFETY FEATURES

SPACIOUS SEATING SPACE
With 3-point safety harness

DAZZLING LED HEADLIGHTS
Increase visibility at night

OPENABLE DOORS W/LOCK
Improve safety while driving

3. Setup and Initial Charging

3.1 ASSEMBLY

The vehicle requires adult assembly. Follow the detailed instructions provided in the separate assembly guide included with your product. Ensure all components are securely fastened before proceeding.

3.2 INITIAL BATTERY CHARGING

Before first use, fully charge the vehicle's 12V 4.5Ah battery for approximately 8-12 hours. Do not overcharge. Subsequent charges typically take 8-12 hours for a full charge. Refer to the charging port location in the assembly guide.

3.3 REMOTE CONTROL PAIRING

The 2.4G remote control requires pairing with the vehicle. Consult the remote control section of the assembly guide for specific pairing instructions. Once paired, the remote control can override manual driving for enhanced safety.

4. Operating Instructions

4.1 VEHICLE CONTROLS

LET MUSIC ACCOMPANY YOUR CHILD'S EVERY RIDE AND PLAY!

Image 4.1: Dashboard controls for the ride-on car.

- **Power Switch:** Turns the vehicle on or off.
- **Light Switch:** Activates or deactivates the LED headlights.
- **Gear Button:** Selects forward or reverse driving.
- **Speed Selector:** Choose between high and low speeds (1.86-3.12 MPH).
- **Steering Wheel:** Used for manual steering. Features a horn and starting sounds for a realistic experience.

4.2 DRIVING MODES

- **Manual Mode:** The child operates the steering wheel and foot pedal to drive the car.
- **Parent Remote Control Mode:** An adult can use the 2.4G remote control to steer, move forward/backward, and stop the vehicle. This mode has priority over manual operation for safety.

4.3 MULTIMEDIA FUNCTIONS

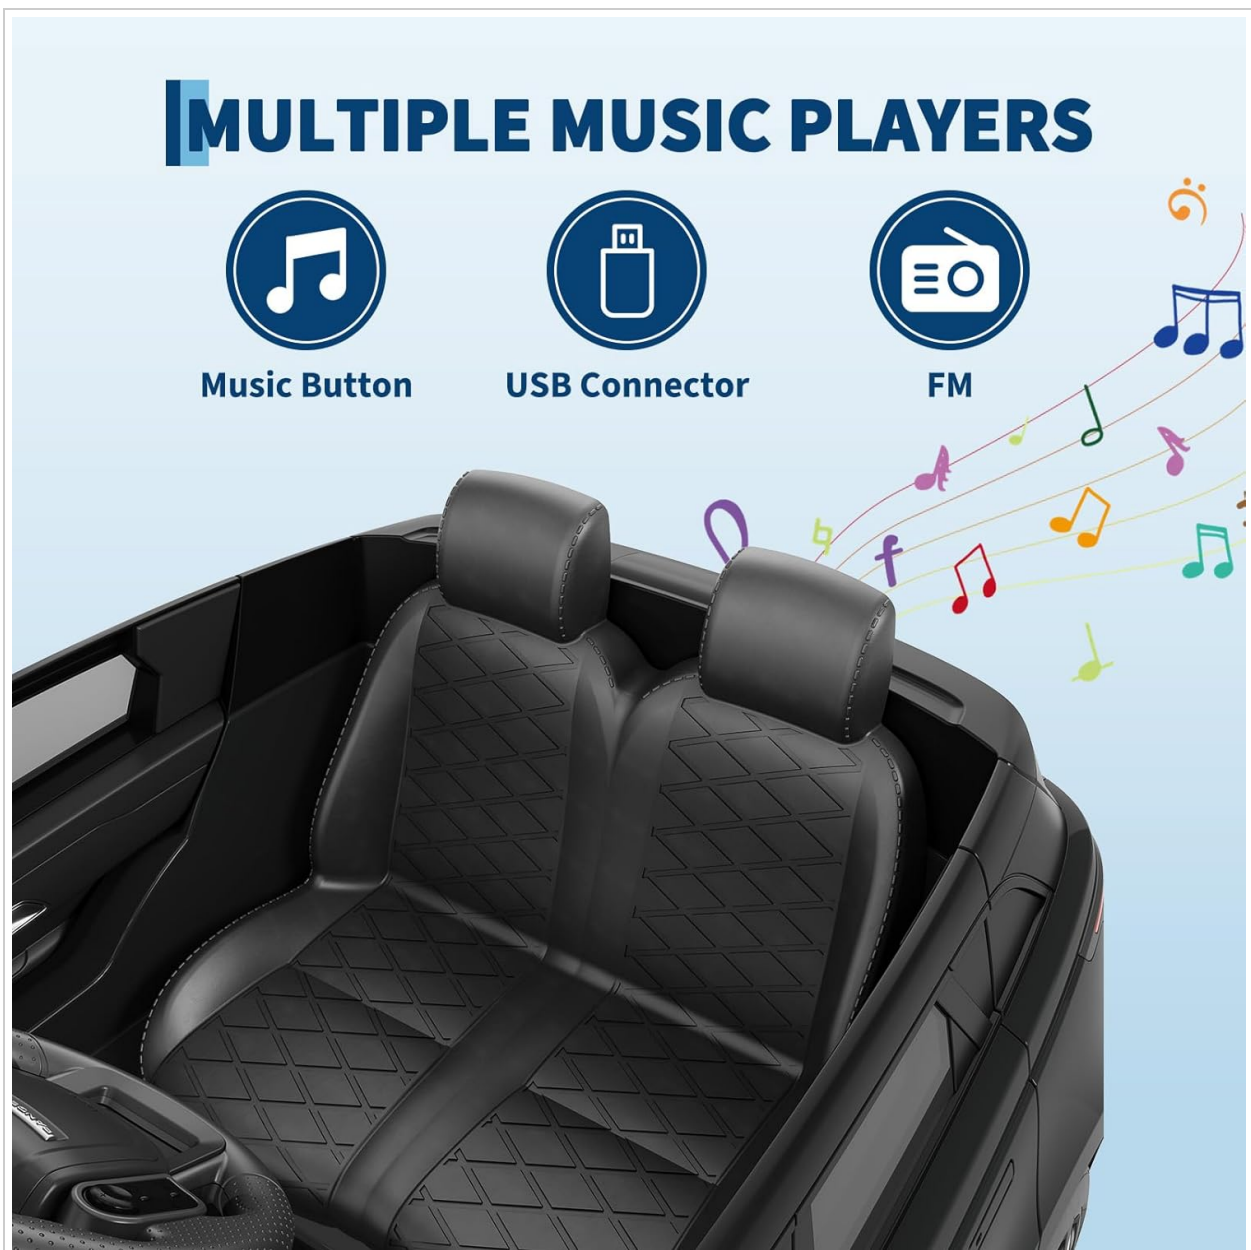

Image 4.2: Multimedia options available on the vehicle.

- **Music Button:** Plays pre-loaded music.
- **USB Connector:** Insert a USB drive to play MP3 audio files.

- **Bluetooth:** Connect a Bluetooth-enabled device to stream audio.
- **FM Radio:** Tune into FM radio stations.

4.4 SPECIAL FEATURES

- **Rocking Function:** Activates a gentle rocking motion when the vehicle is stationary.
- **Portable Handle:** Located at the rear, this handle allows adults to easily pull the car when it is not in use or out of power.
- **Four-Wheel Shock Absorbers:** Provides a smoother ride on various surfaces.

Image 4.3: The vehicle is suitable for various ground types.

5. Maintenance

5.1 BATTERY CARE AND CHARGING

- Always charge the battery after each use.
- If the vehicle is not used for an extended period, charge the battery at least once a month to prolong its lifespan.

- Do not allow the battery to completely drain before recharging.
- Only use the charger supplied with the product.

5.2 CLEANING

Wipe the vehicle with a soft, damp cloth. Do not use abrasive cleaners or solvents, as they may damage the plastic and electronic components. Avoid spraying water directly onto the vehicle.

5.3 STORAGE

Store the vehicle in a dry, cool place away from direct sunlight and moisture. Protect it from extreme temperatures.

6. Troubleshooting

If you encounter issues with your Hetoy Kids Electric Car, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vehicle does not move or has low power.	Low battery charge. Loose battery connection.	Charge the battery fully. Check battery terminals for secure connection.
Remote control is unresponsive.	Remote not paired. Remote batteries are low or dead. Interference.	Re-pair the remote control (refer to assembly guide). Replace remote batteries. Ensure no strong signal interference.
Lights, horn, or radio not working.	Loose wiring connection. Blown fuse.	Check all visible wiring connections. If problem persists, contact customer support.
Vehicle makes unusual noises.	Loose parts. Debris in wheels/motor.	Inspect for loose screws or components and tighten. Clear any obstructions from wheels or motor area.
