

## Oudbo Molartte OBW3255

# Oudbo Molartte Folding Pivot Bathtub Shower Door

Model: OBW3255

## 1. INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your Oudbo Molartte Folding Pivot Bathtub Shower Door. Please read all instructions carefully before beginning installation and retain this manual for future reference. This product is designed to provide a functional and space-saving shower enclosure for your bathtub.

## 2. SAFETY INFORMATION

---

- Always wear appropriate safety gear, including safety glasses and gloves, during installation.
- Ensure the installation surface (wall) is structurally sound and capable of supporting the weight of the shower door.
- Handle tempered glass with care. Avoid impacts to the edges, as this can cause the glass to shatter.
- Do not overtighten screws, as this may damage components or glass.
- Keep children and pets away from the installation area.
- If you are unsure about any step, consult a qualified professional.

## 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, contact customer support.

- Folding Pivot Bathtub Shower Door panels (Tempered Glass)
- Linkage Hinge Fixtures
- Wall profiles and seals
- Mounting hardware (screws, anchors, gaskets)
- Installation kit

## 4. SETUP AND INSTALLATION

---

The Oudbo Molartte Folding Pivot Bathtub Shower Door is designed for quick installation. It features a reversible design, allowing it to be installed for left or right-hand opening based on your bathroom layout.

### 4.1 Tools Required (Not Included)

- Drill
- Level
- Measuring tape
- Pencil
- Screwdriver
- Caulking gun and silicone sealant

### 4.2 Installation Steps

1. **Prepare the Area:** Ensure the bathtub edge and adjacent wall are clean, dry, and level.
2. **Determine Orientation:** Decide whether the door will open to the left or right. The design is reversible.
3. **Mount Wall Profile:** Position the wall profile against the wall, ensuring it is plumb. Mark drill holes. Drill holes and insert anchors. Secure the wall profile with screws.
4. **Attach Door Panels:** Carefully attach the shower door panels to the wall profile using the linkage hinge fixtures. The linkage hinges are designed for smooth operation.
5. **Adjust for Plumb Walls:** The door can be adjusted up to 3/8 inch to compensate for walls that are not perfectly plumb. Make necessary adjustments to ensure a tight seal.
6. **Seal Edges:** Apply a waterproof silicone sealant along the exterior base and vertical edges of the shower door where it meets the bathtub and wall to prevent leaks. Allow sealant to cure completely before use.

For a visual guide, refer to the official installation video provided by Oudbo Molartte.

# REVERSIBLE DESIGN

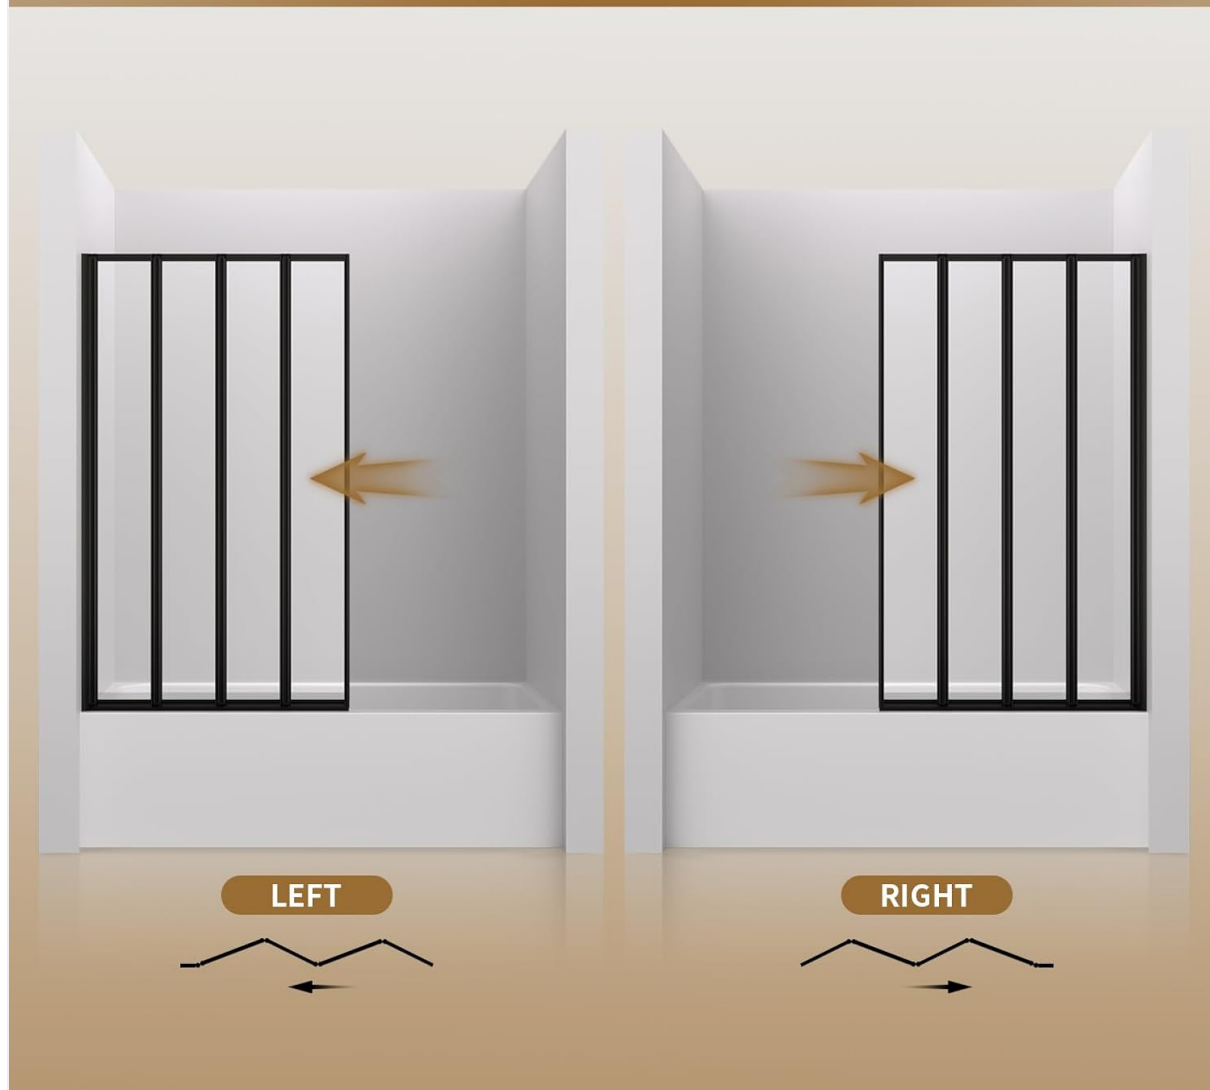

Figure 1: Reversible Design - The shower door can be installed to open from either the left or right side to suit your bathroom layout.

# PRODUCT INFORMATION

Figure 2: Product Dimensions - Detailed measurements of the shower door panels and overall size.

## 5. OPERATING INSTRUCTIONS

The Oudbo Molartte Folding Pivot Bathtub Shower Door features a 180° foldability, allowing it to be moved completely out of the way against the wall when not in use. This design maximizes space and provides easy access to the bathtub.

- **Opening the Door:** Gently push the outermost panel towards the wall. The linkage hinge fixtures will allow the panels to fold smoothly.
- **Closing the Door:** Pull the outermost panel away from the wall until all panels are extended to form the shower enclosure. Ensure the door is fully closed before showering to prevent water leakage.
- **Space-Saving Feature:** When fully folded, the door rests compactly against the wall, providing ample space for activities such as bathing children or pets, or for easier access to the tub.

# FULLY FOLDING DESIGN

Figure 3: Fully Folding Design - The door folds completely against the wall, providing full access to the bathtub for various activities.

Figure 4: Linkage Hinge Guide Assembly - The specialized hinges ensure easy and quiet operation when folding the door.

## 6. MAINTENANCE

---

Regular cleaning and maintenance will ensure the longevity and appearance of your shower door.

- **Glass Cleaning:** Clean glass panels regularly with a soft cloth and a non-abrasive glass cleaner. Avoid harsh chemicals or abrasive pads that can scratch the glass or damage protective coatings.
- **Frame Cleaning:** Wipe down the metal frame with a soft, damp cloth. For stubborn spots, use a mild, non-abrasive cleaner. Do not use abrasive cleaners, steel wool, or harsh chemicals on the frame finish.
- **Hinge Maintenance:** Periodically check the linkage hinges for smooth operation. If they become stiff, a small amount of silicone-based lubricant can be applied, ensuring it does not come into contact with the glass.
- **Seal Inspection:** Regularly inspect the silicone seals around the door for any signs of wear or mold. Reapply sealant if necessary to prevent leaks.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your shower door, refer to the following common solutions:

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Water leaks from the bottom or sides of the door.	Improper sealing; door not fully closed; wall not plumb.	Check silicone sealant and reapply if needed. Ensure the door is fully closed. Adjust door alignment if walls are not plumb (up to 3/8 inch).
Door panels are stiff or difficult to fold.	Accumulation of dirt/debris in hinges; lack of lubrication.	Clean hinges thoroughly. Apply a silicone-based lubricant to the moving parts of the linkage hinges.
Door does not align properly.	Wall profile not plumb; installation error.	Verify the wall profile is plumb. Adjust the door's alignment as per Section 4.2, step 5. If issues persist, professional re-installation may be required.

## 8. SPECIFICATIONS

---

- **Model:** OBW3255
- **Dimensions:** 31 1/2 inches (W) x 55 inches (H)
- **Material:** Tempered Safety Glass, Metal Frame
- **Color:** Black
- **Weight:** Approximately 32 pounds
- **Adjustability:** Up to 3/8 inch for out-of-plumb walls
- **Folding Angle:** 180°

## 9. WARRANTY AND SUPPORT

---

Oudbo Molartte products are manufactured to high-quality standards. For warranty information, technical support, or to order replacement parts, please contact Oudbo Molartte customer service through the retailer where the product was purchased or visit the official Oudbo Molartte website. Please have your model number (OBW3255) and purchase date available when contacting support.
